HAT PINS ARE USED BY STRIKING WOMEN

FIERCE RIOTING IN NEW YORK STRIKE

Patrolman Beaten and Wound-
ed Teamster Hauled From
Wagon Before Arrests Made

New York, Jan. 18.—Rioting of a
fierce character in which hundreds of
women engaged and wielded hat pins
with dangerous purpose and remark-
able effectiveness, broke out here to-
day in connection with the strike of
the garment and shirt waist employ-
ees. From results and disastrous con-
sequences from the hat pins, the riot
is regarded as the worst that has oc-
curred in the city of New York in re-
cent strike, and certainly the worst of
any of the several disturbances that
have taken place since the garment
workers went on strike less than two
weeks ago.

Beaten and bruised, with blood pour-
ing from wounds made by the vengeful
use of the hat pins upon him by the
maddened women, a patrolman was
rescued from further injury by his
comrades of the New York force from
within the press of struggling women
who were battling among themselves,
the strikers on the one side and those
employed for purposes of breaking up
the strike on the other. The constable
met with trouble immediately he at-
tempted to rescue a strike breaker from
the hands of the strikers, who had
secured possession of the woman as
she was leaving one of the factories
where a lock-out had been declared.

Many arrests were effected in the
course of the riots, but not without a
disturbance that had all the appear-
ance of a pitched battle, and in which
umbrellas played a vigorous part in
addition to the work of the hatpins.
Women used their fists and their feet,
losing control of themselves and wad-
ing into the fray in the manner adopted
by men on similar occasions. Police
efforts to quell the riot, although
eventually successful, were for a long
time unavailing, and one constable had
to be rescued from the fighting women
who had secured him.

Twelve patrolmen were required to
rescue the man, and several more were
sent to reinforce another who ar-
rested a striker. Women swarmed
round the patrolman, mauling and
stabbing at him viciously in the fight
to rescue the "sister" from the hands
of the enemy. Things looked unhappy
for the man until his plight was seen
by others who summoned aid with their
whistles. Patrolmen came on the run
to aid in getting the arrested woman
behind bars.

In another part of the city another
riot occurred from the same cause but
among a different faction, when a truck
driver delivering mattresses, was sud-
denly seized by a body of strikers.
These surrounded the truck, captured
the driver, and pulled the driver from
his seat. With him on the ground they
administered him a beating. They be-
lieved he was delivering mattresses to
strike breakers who were housed in
one of the factories trying to continue
operations in face of the lock-out.

Riots of small proportions occurred
throughout the affected districts dur-
ing the day. There were fights con-
tinually. Many wounds were given
and taken, with patrolmen wading into
the mobs, scattering women and being
surrounded by them. Many arrests
have been made, most of them at con-
siderable difficulty and some danger,
as the women are fighting mad.

MANITOBA LIBERAL EXPOSES AFFIDAVIT

LIKENS JUSTICE TO CHARLES FIRST'S TIME

Affidavit Submitted Shows De-
liberate Attempt at Fraud
by Turcott

MACDONALD ELECTION MATTER IS VENTILATED

Amendments to Be Made to
Public Utilities Act Giv-
ing Wider Powers

Winnipeg, Jan. 17.—Thomas Johnson,
Liberal member for Winnipeg West,
in a speech of over an hour in the
legislature this afternoon, made a re-
ply to that delivered by the premier in
connection with the charges which
had been brought against the govern-
ment as a result of the bye-election in
Macdonald.

He maintained that the premier had
made a very poor defence, and went
on to deplore the present administra-
tion of justice in the province, and
compared to-day with the time of
Charles the First. He submitted one
affidavit to the effect that the man
Turcott, whose affidavit was read by
the premier, charging the Liberal party
with hiring him to go out and debauch
the electorate, had tried to get another
man to make an affidavit to the effect
that he had been hired by the Liberals
to do the same work as Turcott.

In consideration of this Mr. Johnson
stated that Turcott had told this party
that he would get two hundred dollars
and a position with the government.
Outside of the speech by the member
for West Winnipeg the session was
devoid of interest, one government and
one opposition member taking part in
the debate on the speech from the
throne.

Important amendments are to be
made to the public utilities act, giving
the commissioner much wider powers
than he enjoys at present.

SERIAL AUTHORS ON STRIKE AT NEW YORK

New York, Jan. 18.—Although the
late of the "stolen orphan" and "Leah,
the heiress" and other heroes and
heroines are left up in the air by the
strike of the Yiddish newspaper
writers, the four Jewish daily papers
came out to-day as usual. The authors
of the thrilling serials remain deter-
mined not to divulge further develop-
ments in their melodramatic plots un-
til the Yiddish writers' union is recog-
nized and wages increased. Forty men
are participating in the novel strike.

PICTURE THEATRE STATISTICS ISSUED

Toronto, Jan. 18.—Approximately \$1-
150,000 was spent by Toronto amuse-
ment seekers last year at the motion
picture theatres. These statistics were
contained in a report on moving pic-
tures prepared by a special committee
of the Toronto boys' work council.
There are 1925 motion picture theatres
in Canada. There are 248 in Ontario;
there are 36 in Toronto. The average
attendance per day in Canada is 610,
000. The average attendance per day in
Toronto is 38,500. The attendance for
the year in Canada is approximately
184,500,000. The attendance for the year
in Toronto is in round figures 11,500,000.

"DEACON" WHITE OF WALL STREET DEAD

New York, Jan. 18.—Stephen Van-
culen White, Wall street broker, fam-
ilarly known as "Deacon" White,
former friend of Henry Ward Beecher,
and for many years treasurer of his-
toric Plymouth church of Brooklyn,
died to-day. He was a picturesque
and noted figure in the financial dis-
trict, where he won and lost several
fortunes through attempts to run
"scamers" in stocks.

"Deacon" White was born in Chat-
ham county, N. C., in 1831, but had
lived in Brooklyn since the Civil War.
A complication of maladies caused his
death.

LARGE FRAUDS CHARGED.

Budapest, Jan. 18.—Ignex Pailloh, one
of the most extensive railroad and
bridge contractors of Hungary, was
arrested here to-day charged with em-
bezzling \$1,600,000 and issuing forged
shares. Pailloh is director of railroad
companies and financial institutions
both in Hungary and other countries.
One London company is said to have
been victimized to the extent of
\$200,000.

OUR MEN OF AFFAIRS

THOMAS R. CUSACK

BLIZZARD AND SNOW PLAY HAVOC WITH COMFORT OF PORTLAND'S MANY CITIZENS

Columbia River is Closed for
All Navigation Because
of Ice

WIRES DOWN SOUTH AND OVER CASCADES

Body of Well Known Hunter
Who Perished in Snow
Found at Lebanon

Portland, Ore., Jan. 18.—Portland
was last night in the throes of its
worst snowstorm, which reached a
blizzard phase several times during the
day. Snow a foot deep lies on the
high points surrounding the city and
in the city itself it is from four to
five inches and still falling.

Ice has closed the upper Columbia
river to navigation, from Memorial
Island to Lyle, a distance of four miles,
and as a consequence the steamer

Dalles City, which laid over here yester-
day and was to have proceeded to-
day, will remain in port until Monday,
by which time it is hoped conditions
will have been improved. Telegraph
wires south to California and to the
east across the Cascades are down.
John Fox, aged 38, a well known
hunter near Lebanon, Ore., was found
dead Wednesday, after having been
missing several days. His trail, when
found, was followed through the snow,
around the mountains and back within
two miles of his home, where his body
was found in a stream of water. His
gun was found in the stream, about a
mile above where he was found. This
is the only death from the storm thus
far recorded.

While trains from the east arrived
rather late Thursday over the three
northern transcontinental lines, the
delay was caused chiefly by conditions
in the Rocky mountains, and all three
roads had their lines through the Cas-
cades in good shape.
Weather conditions in the Cascade
mountains are reported as favorable.
The Northern Pacific, Great Northern
and the Milwaukee systems are pre-
paring to move delayed freight, and all
three companies have cleared the side-
tracks in the hills preparatory to re-
suming their regular freight service,
both ways.

TROUSSEAU FOR MISS GOULD TO COST \$1,000

Finlay Shepard's Bride to
Wear Ivory White With Satin
and Rose Point Lace

New York, Jan. 18.—Although she is
one of the richest women in America,
Helen Miller Gould will confine the ex-
pense of her wedding trousseau to
within \$1,000. The latter figure was
that set by Madeline Force, now the
widow of Col. J. J. Astor, when she
was married, and it was a shock to
Fifth avenue modistes. Many wealthy
brides have spent ten or twenty times
as much.
When Miss Gould marries Finlay J.
Shepard at Tarrytown next Wednes-
day she will be gown in ivory white
with satin and rose point lace trimmed
with a court train and a rose point
veil. Miss Gould's favorite colors are
purple and grey, and most of her
trousseau is made up of these colors.

FASHIONABLE POKER PLAYERS SURPRISED

More Women Than Men Ar-
rested in New York Raid
Last Night

New York, Jan. 18.—Fifteen women
and seven men in evening dress were
caught at a poker game for high stakes
in a police raid upon a fashionable up-
town apartment early to-day. Two
detectives, whose identities were un-
known to the party, had been carelessly
invited to participate in the game,
and they gave a signal for the police to
break in by waving a handkerchief
from one of the windows.
Some of the women fainting when
placed under arrest, and pleaded:
"Don't let our husbands know."
The furnishings of the place were
very elaborate. Detectives say one of
the women told of having lost \$10,000
at the game.

AMERICAN MEAT TRUST RUMORED ACTIVE IN ENGLAND

Smithfield Market Manager's
Denial Supported by State-
ment From Armour & Co.

London, Jan. 18.—That the gigantic
arm of the United States meat trust
has reached across to London, and is
now in control of the Smithfield Meat
Market, is the rumor current here. The
chairman of the market committee,
however, denies that it has been cap-
tured, and asserts that it is impossible
for the American trust to obtain a
hold on the English markets.

Armour & Co. also declare that the
trust has made no attempt to control
British prices, because no firm or
trust could possibly take control in
England, but there is nevertheless a
feeling throughout England that the
influence of an American trust is be-
ing felt, and questions were asked
in the Commons last night concern-
ing the rumors.

In replying Mr. Asquith said the
government understood that an Amer-
ican trust had purchased twenty mil-
lion acres of land in South America
for grazing, but the government did
not think that the purchase would
have had effect upon the meat supply
of Britain.

BILL NOW ADOPTED BY BRITISH MEDICOS

London, Jan. 18.—The British Med-
ical Association to-day decided, 135 to
115, to release British doctors from
pledges not to serve under the Na-
tional Insurance Act, which provides
for a monetary allowance and medical
attendance to working people during
sickness.

The opposition of the doctors to the
scheme was based on the amount to
be paid them for their services, which
they declared was too small.

BARNS BURNED AT BLAIR.

Galt, Ont., Jan. 18.—Fire last night
destroyed one of the big modern barns
belonging to Miss Katherine L. Wilks
at Blair, near here. In the barn were
75 horses, some of the most valuable
of the famous Wilks strain. Fortunate-
ly the fire was discovered in time and
the horses were rescued. The loss,
which will be heavy, is covered by in-
surance.

EUROPE'S ATTITUDE DISPLEAS NAZIM

POWERS UNRELIABLE IS HIS CONVICTION

Will Refuse to Yield Adrianople
and Adjoining Territory
to Allies

AMBASSADORS HALT PENDING THE REPLY

Turkish Ministers Confering
Upon the Conditions Now
Suggested

London, Jan. 18.—The Ottoman gov-
ernment's reply to the note of the Eu-
ropean powers, which was presented to
the Porte by the ambassadors at Con-
stantinople yesterday, will be a refusal
to yield the fortress of Adrianople and
the adjoining territory to the Balkan
allies, according to a private dispatch
from the Turkish capital.

The reply, it is understood, will be
conciliatory on the other points in dis-
pute and will intimate Turkey's readi-
ness to resume peace negotiations in
London on this basis.

The delegates in London of the Bal-
kan allied nations say that if this fore-
cast of the Turkish reply is confirmed
by events it means a resumption of the
war.

London, Jan. 18.—Osman Nazim
Pasha, Turkish ambassador to Ger-
many, now here in connection with the
peace negotiations, issued a statement
to-day bitterly arraigning the Euro-
pean powers for their attitude in the
joint note delivered to the Porte.
"Four months ago," he said, "Europe
proclaimed its determination to main-
tain the state of things existing before
the war, whatever the result of the
conflict might be. Now the powers are
making open allusions to the possible
loss to Turkey of Constantinople and
some of the Asiatic provinces. What
reliance can Turkey place on the pow-
ers' promise to exclude all mention of
the security of Turkey when Europe
has just given tangible evidence of how
little her promises are worth?"

"With such evidence of European
sympathy," he added, "nobody could
consider the Porte too exacting if it
asked for an explanation of what the
powers mean by 'moral and material
support,' judged by the efficacy of the
benevolent support so lavishly poured
out in the ambassadorial note."
"The same can be said about the
powers' promise concerning the islands
in the Aegean Sea. Even admitting for
the sake of argument that Turkey is
ready to yield these islands, how can
she 'cede' them to the powers on the
simple promise that their settlement
will exclude all menace to the security
of Turkey when Europe's promises
mean so little?"

The greatest reserve is maintained by
the Turkish plenipotentiaries regarding
the note handed to the Ottoman gov-
ernment. All discussion of the merits
of the document is avoided by them
on the ground that the Porte alone has
all the elements for an exhaustive
judgment. The delegates of the Bal-
kan allies as a whole are relatively sat-
isfied with the situation, but they do
not believe the end of the negotiations
is near, as the Porte is not likely to
give a categorical answer to the notes
of the powers.

The Greeks hope to be able to demon-
strate to the powers that Greece can
occupy the islands, giving such guar-
antees as will secure the execution of
the will of Europe.

The ambassadorial conference has
laid aside consideration of the disposi-
tion of the Turkish islands until the
Ottoman government answers the note
of the powers. The conference consid-
ered to-day the affairs of Albania, a
proposal having been suggested that
Montenegro might cede the mountain
above Cattaro to Austria in return for
Scutari. As the mountain dominates
Cettigne, the capital of Montenegro, it
was suggested that the capital might
be moved to Scutari. Cettigne is hard-
ly more than a village, except for the
residence of the King, an hotel and a
few foreign legations.

Elbasan may be selected as the
capital of Albania in deference to the
wishes of Austria. Elbasan is situat-
ed in the interior, and therefore could
not be subjected to naval attack.

Constantinople, Jan. 17.—The Turk-
ish ministers, having received the note
of the terms of peace from the Euro-
pean powers yesterday, went into ses-
sion to-day to give the conditions con-
tained therein their consideration. No
information of their deliberations has
reached the outside, but last night the
Turkish foreign minister made the an-
nouncement that Turkey had not given
way on the question of Adrianople.

Athens, Jan. 18.—Another sea fight
between the Greek and Turkish fleets
occurred to-day about thirty miles to
the south of the entrance to the Dar-
danelles.

The Greek war vessels attacked the
Turkish squadron and forced the Otto-
man warships to return to the Dardan-
elles straits in disorder.

The Turkish flagship is said to have
suffered considerably.

HENRY JOSLEN TELLS OF FEELING FOR NAVAL UNITY PLAN IN PACIFIC OCEAN

New Zealand, Australia, Canada and British India for Joint Fleet

GUARD AGAINST AN ORIENTAL INVASION

Trade With Dominion Probably Broadened by Tariff Revision Shortly

Ottawa, Jan. 17.—The establishment of a joint Pacific fleet by British India, Australia, New Zealand and Canada to protect mutual interests in the Pacific Ocean is the plan being strongly advocated by Australia and New Zealand, according to the statement of Henry Joslen, of Wellington, N. Z., who is in the capital to-day. The greatest interest has been taken

by New Zealand in Canada's naval contribution to Great Britain, said Mr. Joslen, who is a member of a large wholesale firm. As a general thing Canada's policy is splendid, but a feeling is growing that, as regards a permanent policy, British India, Australia, New Zealand and Canada should unite and establish a fleet in the Pacific Ocean which, in Mr. Joslen's opinion, is the one to be guarded, in view of the "yellow peril."

"We are somewhat more in sympathy with the United States in New Zealand than you are," said Mr. Joslen. "And we would expect its help in case any danger should arise from Oriental invasion."

There was a large and increasing trade between New Zealand and Canada, and it would probably be broadened as the result of tariff revision now before the New Zealand parliament, which is looked to result in a preference to Great Britain and its colonies.

"I, myself, am here to open negotiations with Canadian exporters," he said.

DISCOVER THREE WHO POSSESS TWO HEARTS

Physician Attending Family Makes Discovery Said to Be First on Record

Easton, Pa., Jan. 18.—A case said by physicians to be the first in medical science, was discovered here Wednesday by Dr. James A. Morgenstern, when he was called to the residence of Berton Perkins to attend one of his children, who was suffering with smallpox. The case was unusually severe and the physician made a minute examination. When he placed his hand on the right side of the child's chest he was amazed to find the heart beating there, and a moment later was astonished to find another on the left side. It led him to request Mrs. Perkins to allow an examination of herself and other children, and the physician found that not only one child, but the mother and two other children in the family each had two hearts.

GOVERNMENT TAKES HAND IN OIL SUITS

Many Defendants in Actions Over Thousands of Acres in Western Territory

Washington, D. C., Jan. 18.—A suit which will test the title of hundreds of thousands of acres of oil lands in the west with values running into the millions, will be filed at Los Angeles by the federal government within a few days.

Assistant Attorney-General Knobel instructed United States Attorney Mc Cormick at Los Angeles to-day to begin proceedings against all the claimants to 100 acres of oil lands in Southern California, said to be worth \$5,000 an acre. Other suits will follow, all of them testing the legality of the extensive oil land withdrawal made by President Taft, September 27, 1909.

When questions were raised as to the president's power to make the withdrawal, congress gave him specific authority by the act of June 25, 1910, and President Taft again withdrew the lands July 2, 1910. Between the first and second withdrawals, however, many claims were filed on the lands under the mineral law. The government holds that the first withdrawal as well as the second was legal, and that the title to these valuable tracts is lodged with the United States.

MINIMUM WAGE BILL PROBABLE IN ONTARIO

Toronto, Jan. 18.—That there is to be a minimum wage bill for women introduced into the provincial House in the near future is a matter which has occasioned a buzz of talk among members of that section of the Women's Council which has been collecting data on the subject for nearly a year. On Thursday at the local council, Dr. Helen MacMurchy made the formal announcement, and it is understood that the University of Women's Club, the management of the Central Neighborhood House, and others of the federated organizations particularly interested in the wage question, will redouble their information-getting activities. The opinion of the council appears to be that \$9 is the least sum on which a girl can live.

ANY WOMAN CAN HAVE BEAUTIFUL HAIR

Dandruff Disappears, Falling Hair Ceases, When You Use Parisian Sage.

No preparation has done so much to stop falling hair, eradicate dandruff and make women's hair beautiful as PARISIAN Sage.

It is the only certain destroyer of the dandruff microbe, the cause of most hair troubles.

PARISIAN Sage is most daintily perfumed. It is an ideal preparation not sticky or greasy. It does not contain poisonous sugar of lead or sulphur or any dye.

It is a magnificent dressing for women who desire luxuriant lustrous hair that compels admiration and for men and children nothing can compare with it.

It does away with terrible scalp-itch over night and causes the hair to grow in abundance.

And a large bottle of PARISIAN Sage costs only 50 cents at all drug and toilet goods counters.

D. E. Campbell guarantees it.

EDWARD MYLIUS CASE.

New York, January 18.—Deportation of Edward Mylius, the Belgian journalist convicted of libelling King George V. of England, which was set for January 23, was postponed by United States District Judge Holt, who issued a writ of habeas corpus returnable January 24.

CLEMENCEAU SENDS HIS "EXPLANATION"

DUEL WITH PRESIDENT-ELECT IS PREVENTED

Raymond Poincaré, Lawyer, Orator, Statesman Holds French Rank of "Immortal"

Versailles, Jan. 18.—During the proceedings of the national assembly yesterday, George Clemenceau made a satisfactory explanation to M. Brian and M. Klotz, seconds for the president-elect, who had been sent to him by Premier Poincaré relative to the insult he received from the ex-premier. The incident is therefore considered closed, and the duel will not be fought. Deputy A. de Monzie and Paul Boncour, former minister of labor, also quarrelled in the corridors of the palace of Versailles during the heat of the proceedings, as a result of which M. Monzie sent his seconds to M. Boncour.

Raymond Poincaré, the new president of the French republic, is one of the strongest men who have participated in politics in France within recent years. He is in his 63rd year and has been in politics since his early youth, having been elected deputy in 1887.

President Poincaré has been a minister in many French cabinets, having served as minister of agriculture, minister of public instruction, minister of finance and as premier. He was vice-president of the chamber of deputies for four years. He became premier and minister of foreign affairs on January 14 last year.

The president-elect is a lawyer by profession. He is also a prolific author and is a member of the French Academy, which gives him rank as an "immortal." He made a great personal sacrifice when he became premier, for he gave up an extremely lucrative practice at the bar. His eloquence is a proverb in France, and even his strongest political opponents express confidence in the honesty of his purpose. His father was a prominent public official and one of his brothers also occupies a high position in the government service.

Madame Poincaré was Mlle. Henrietta Benucci, an Italian. She and her husband have occupied for many years an apartment on the Avenue Deschamps Elysee, and they will not have far to go when they leave for the presidential residence, the palace of the Elysee, on February 18 next.

Paris, Jan. 18.—The French cabinet ministers formally resigned to-day as a sequel to yesterday's election of Premier Raymond Poincaré as chief executive. President Fallières requested them to resign their portfolios until their successors had been chosen. The newspapers, even those professing monarchistic and clerical sentiment, comment on Poincaré's election with favor and with unanimity unprecedented in French politics.

NO INAUGURAL BALL.

Washington, Jan. 18.—"There will be no inaugural ball," declared William O. Eustis, chairman of the inaugural committee, to-day, after an informal conference with several members over President-elect Wilson's letter requesting that the committee consider the feasibility of omitting the function. "The wishes of the president-elect will be complied with," said Mr. Eustis.

CHAMBERLAIN'S SICKNESS.

London, Jan. 18.—Joseph Chamberlain came to London from Birmingham Thursday preparatory to a visit to the Riviera. He appears much feebler and unable to move without assistance.

NO WOMEN LAWYERS.

London, Jan. 18.—Women were excluded from practicing law at the British bar by an overwhelming vote of the Bar Association at its annual meeting held to-day. A motion to admit women to membership was favored by some of the younger barristers, but the senior counsel voted in a body against it.

FIND RECEIVER'S CACHE.

Winnipeg, Jan. 18.—Sensational as have been the discoveries of loot stored in several houses, belonging to Gallians in the north, south and west of the city, they pale beside the latest turn-over made by the police, when a house was located in Fort Rouge with private property stored in it to the value of hundreds of dollars.

Some of it has been identified by Mrs. Morton, of Garad street, who lost a valuable amount of jewellery some days ago. The house was looted in broad daylight, for the thieves entered in the afternoon and secured a valuable bag.

STUDYING FORESTRY.

Ottawa, Jan. 18.—Eastern heads of the forestry service are here studying the problems and regulations respecting the forestry reserves. It is Dr. Roche's desire to make the reserves of greater utility to the general public, and it is probable that grazing permits will be issued in certain of them with a view of stimulating the cattle industry. A better system of fire patrols and forest protection is also aimed at. Measures are under consideration to enable the use of reserves as summer resorts.

NOTICE OF FARMING BILL.

Ottawa, Jan. 18.—Hon. Martin Burrell has given notice of a resolution providing \$10,000,000 during the ten years ending March 31, 1924, for the purpose of aiding and advancing the farming industry by instruction in agriculture, including work carried on by veterinary colleges.

SOUTHERN ALBERTA SHARES.

London, Jan. 18.—The Daily News appears skeptical regarding the hopefulness of the board of directors of the Southern Alberta Land Company, as indicated in the annual report, and comments as follows: "In the circumstances shown by this report the present value of the shares appears too high." The shares dropped a further five shillings yesterday.

The Lord-Chancellor is paid \$10,000 a year, double the salary of the other cabinet ministers, and when he is out of office he is paid \$5,000 a year as a salary for his services as a judge on the judicial committee of the Privy Council and in the House of Lords.

88TH REGIMENT, VICTORIA FUSILIERS. 517 Douglas Street. NOTICE

The Orderly Room will be open for attestation of recruits on Tuesday next, the 21st inst., at 8 p. m.

An Officers' meeting will be held after attestation in the Officers' Mess, Ritz Hotel, when a lecture (the first of a series) will be given by the Adjutant. The Commanding Officer expects every Officer to attend this.

W. BEALE, Major, Acting Adjutant.

We Give it Free TO THE WEAK

To the man who wants to regain his youth, who wants to feel like he did when he was budding into manhood, we offer a book which will show him the road to happiness—a book of one hundred pages which is brimful of the things he likes to read, which will give him courage and enlighten him as to the causes and cure of his troubles. It will point out the pitfalls and guide him safely to a future of strength and vitality. It is beautifully illustrated.

It tells what other men have suffered and how they have cured themselves. It is free. We will send it, closely sealed, without marks, if you will mail this coupon. If you are not the man you ought to be, send for it to-day.

ELECTRO-VIGOR Dry Cell Body Battery

Builds up broken-down men, restores youth and vigor and makes men look and feel strong. It will cure every case of Rheumatism, Nervous Debility, Weak Stomach, Kidney and Liver Troubles, Lame Back, Sciatica, Varicose, Loss of Power and every evidence of weakness in men and women. It will not fail; it cannot fail, as it infuses in the weakened parts the force of life and strength.

Free! Free! Free!

This Book To-day

If you can't call, cut out this coupon and mail it to us to-day. We will send you our 100-page book, prepaid, free. Advice and consultation free. Call if you can. Office hours 9 to 6; Wednesday and Saturday 9 to 9; Sunday, 10 to 12.

GOOD TEMPLARS MEET.

Victoria Lodge, No. 84, I. O. G. T. held its weekly session last evening in the new hall, corner of Cook street and Caledonia avenue, with Mrs. A. W. W. in the chair. There was a good attendance. The membership of sisters is steadily increasing, two new members being received last evening. The programme for the evening was a debate on Married versus Single Life. The

debate was very cleverly handled by both sides, and proved instructive and interesting to all present. A hearty vote of thanks being accorded to the principals. Next Friday evening being "Burns' Night," a splendid programme is being arranged by the brothers responsible, and some genuine "Haggis and Tatties" will be in evidence and some old Scotch songs to help the digestion. It being open night all friends interested in the cause are cordially invited to be present.

MOVER AND SECONDER OF REPLY BOTH IN OPTIMISTIC VEIN

William Manson and J. G. C. Wood Made Speeches in the House Yesterday—A Clever Maiden Effort by Member for Alberni—"Timid Javelins" Found No Mark

Members were an hour late in taking their places in the chamber yesterday, and it was 3 o'clock before prayers were said, and the House finally settled down to business. A large number of people in the galleries listened with interest to the first debate of the session, which was commenced by the mover and seconder of the reply to His Honor's address at the opening of the House.

Before the debate commenced the Premier made a sympathetic reference to the death of the late Harry Dallas Helmcken, alluded to his successful parliamentary career, and expressed the desire that there should be placed on the records of the province a motion of condolence with the bereaved family of the late member.

The presentation of petitions took some time; one of these was to grant enabling powers to the city of Victoria, a second to amend the Vancouver city charter, while others petitioned the incorporation of the Okanagan Telephone Company, and providing for the incorporation as cities of Port Moody and Coquitlam.

The moving and seconding of the reply to His Honor's address to William Manson, M. P. for Skeena, and to J. G. C. Wood, member for Alberni, respectively. It was the latter's maiden speech in the House.

Verbal Bouquets.

The member for Skeena, in opening the debate, proceeded to hand out bouquets to the members of the cabinet, each after his kind, for the work done during 1912. The remarks in

WILLIAM MANSON

Member for Skeena, who moved the reply to the speech from the throne.

Places became so effusively complimentary that the Premier and his colleagues positively beamed with ardent self-appreciation; only the minister of education remained unmoved, and proceeded to try out a selection of pen-knives which he had on the desk before him.

In the realm of figures Mr. Manson was infinitely more at home, and long lists of revenues and expenditures tripped from his tongue as water slips from a duck's back. He used them (the figures) as adroitly as a Chinese juggler twirls his plates; he arranged them in rows, in squads and battalions, marched them back and forth and up and down until the atmosphere of the House was positively drenched in figures.

Mild Rebuke.

The member for Skeena at another juncture proceeded to administer a very slight tap at the small but active opposition. Assuming a pedagogic air of gentle rebuke, he slightly turned towards Mr. Parker Williams and the

ITCHY BURNING ECZEMA ON FACE

Very Bad Case. Little Blisters Broke and Formed Scabs. Thought Would Be Disfigured for Life. Used Cuticura Soap and Ointment a Month. Completely Cured.

Cold Brook, St. John, N. B.—"Cuticura Soap and Ointment certainly cured my little girl of a very bad case of eczema. She had eczema on her face for almost two years. First little white blisters covered her face, then these would break and form scabs, and they were very itchy and burning. I used to have great trouble in getting her to sleep at night, she scratched so. I had to do all I could to prevent her, for sometimes she would scratch the scabs off and then it would be very sore and burning. She was certainly a great case. I treated her for it and also used different kinds of blood medicines, and ointment but got no cure. I thought she would be disfigured for life.

"It had lasted about two years when one day I saw an advertisement for Cuticura Soap and Ointment in the paper so I decided to give them a trial. I had not used them for more than a month when she was completely cured. I cannot praise Cuticura Soap and Ointment enough. Of course I continue to use Cuticura Soap as I find it the best soap on the market for children." (Signed) Mrs. John Newman, Dec. 30, 1911.

Cuticura Soap and Ointment are sold by druggists and dealers everywhere. For a liberal free sample of each, with 32-p. book, send post card to Potter Drug & Chem. Corp., Dept. 30D, Boston, U. S. A.

member for Nanaimo, who sat next him and remarked: "There have been times in the past when members of the opposition have criticized the speech from the Throne on the ground that there was nothing in it. It will be difficult for them to find fault with the programme set forth in His Honor's speech at the opening of this House."

He paused for a moment to allow his implied rebuke to take effect, whereat John Place remained absolutely unmoved, and Parker Williams smiled serenely.

Later on the member for Skeena again made a timid javelin at the Socialists. In alluding to the all-conquering march of the Premier as "lord of all power and might" in British Columbia, he demonstrated how as the years had rolled away, so had the forces of the opposition—until, lo, and behold! (Mr. Manson swept out his index finger expressively.) What remained? Last parliament there had been four in the opposition, now there were only two. By this gradual process of elimination, he intimated gently, another year would find no opposition at all; no, not one! (Ministerial applause.)

The Reflection of Prosperity.

The mover showed how the condition of the timber industry reflected provincial prosperity. He contrasted the revenues from the timber activities of ten years ago with those accruing to-day, showing that last year's results totalled six times as much as a decade ago. He thought the receipt of such a large sum was due to the policy adopted of leasing timber lands at a rental of \$140 per year, and providing for the manufacture of the cut within the province.

Mr. Manson sounded a true note that touched an answering chord in the minds of both the ministry and the opposition when he spoke of the flooding tide of prosperity of the province, which was bound to come upon the completion of the Panama Canal. He quoted a recent article in the Seattle Post-Intelligencer to demonstrate how thoroughly the American people appreciated the fact.

After dealing in turn with timber and fishing returns and with several clauses from the public accounts, the member for Skeena went on to compliment the minister for education on the condition and progress of the public schools, which, he averred, were the best in Canada. He alluded to the University and the coming establishment of a new and splendid Normal school, which should be second to none in Canada.

Fell Thick and Fast.

The commissions next came in for a share of the compliments which were falling thick and fast around the House; he applauded the splendid selection of the agriculturists and laborites, and municipal experts; he regarded their appointments as another step in the right direction.

Speaking of agriculture, the thing most needed was more experimental work, both on orchards and farms, and the active co-operation of agricultural experts who would assist the settler.

Getting to his own territory of the earth beneath the soil, (opposition smiles.) But we can say that the business policy of the present government has been of great practical assistance in the development of the province of British Columbia, and I feel that from the contents of the speech delivered by His Honor that the same good policy will be further pursued, and this province will continue to grow and prosper in even greater degree than in the past. (Prolonged applause.)

The Member for Alberni.

Mr. Wood, of Alberni, as seconder of the reply, congratulated the House upon the choice of its Speaker, and referred in a complimentary way to his parliamentary experience, exceptional tact and perennial courtesy. He (Mr. Wood) felt a grave responsibility in following as seconder for Alberni in the House so well known a student of politics as Mr. Brewster, and although the members of the government might not be able to see things in the same light as Mr. Brewster, he was sure that there was no member who would not miss his courteous opposition. (Applause.) There was no one who would not share with him the deepest sympathy for Mr. Brewster in his recent sad domestic bereavement.

Mr. Wood's remarks went on to tell of British Columbia's good reputation in foreign markets, and how the high standard of her credit was but the reflex of her domestic prosperity. He referred, particularly the British investor, was not led away by specious advertisements and promises, but wanted a sound investment for his money. He advanced this argument to show that the money markets abroad look upon the financial policy of British Columbia as safe and business-like.

He referred to the commissions as being of great assistance in bringing together the two great units—capital and labor.

Why Not a Woman?

It appears as if the present government is to have at least one excellent supporter among the ranks of feminism. The member for Alberni, in speaking of the commissions, Mr. Wood ended in a strong vein of

the government could not have seen its way clear to appoint one woman upon this commission. Women are now employed in such numbers in the various fields of business activity that I think it will prove more difficult for a commission composed wholly of men to get at the facts as they affect woman's work than it would have been for a mixed commission.

He pleaded for an easy access to markets by the building of good wagon roads, and touched on the re-occupation of abandoned farms which was taking place in the north of the Island. This settlement of remote districts ought to be encouraged by the construction of good roads and railways. For a few minutes the member for Alberni held a brief for Strathcona Park and described its scenic lakes, its tall timbers, its glorious glaciers, which made it above all one of the finest parks in the world. He compared it with Banff, Yosemite and Yellowstone alone, the great playground areas on the other side of the line, and demonstrated how good roads into Strathcona would be the best investment the province could take part in. Mr. Wood ended in a strong vein of

optimism, and the close of his speech was marked by thunderous applause.

W. H. Hayward, Deputy Speaker. The Premier proposed W. H. Hayward, member for Cowichan, as Deputy Speaker. Seconded by the Provincial Secretary, the motion was carried.

The Premier proposed A. McGowan, member for Vancouver, to be appointed deputy chairman to the chairman of ways and means committee. Motion carried.

Following custom, Parker Williams, as leader of the opposition, moved adjournment.

The House will reassemble on Monday next at 2.

A BIG HAUL.

A statement of the expenses incurred by the government in connection with the purchase of the Songhees reserve and the removal of the band to its present home is included in the public accounts for the year ended March 31, 1912, recently presented to the House. It appears on page C270, under vote No. 138c, and in the list of items are the following:

J. S. H. Matsen, services re Songhees Indian reserve, \$75,000.

H. D. Helmecken, services re Songhees Indian reserve, \$30,000.

Thus the sum of \$105,000 was paid to two persons for inducing the Songhees to sell the reserve. The amount paid to the Indians for the purchase of the land, improvements, interest, removal of dead, etc., was about \$437,750, on which the commission obtained by these two gentlemen amounted to twenty-four per cent. If we take the cost of the whole transaction, which includes, with the above, the purchase price of the new reserve, and payments to merchants and surveyors, the grand total is \$758,550. Even on this basis the commission is about fourteen per cent.

We were all pleased when the vexed question was settled, but was it necessary to pay to two people the immense sum of \$105,000, one alone receiving \$75,000? There is no doubt that the services of Mr. Helmecken, for whose memory we have the highest respect, were desirable, if not necessary, owing to the esteem in which he was held by the band, but Mr. Helmecken received less than half the amount paid to his colleague. Was it not possible for the Premier or the Minister of Lands to have carried on these negotiations in co-operation with Mr. Helmecken?

It is questionable if this transaction has a parallel on the continent with respect to the commission paid on the amount of money involved. Real estate brokers are quite content with five per cent.; big underwriting firms handle municipal and government bonds at a commission under one per cent.; but in this instance the government paid twenty-four per cent. on the actual cost of the old reserve and improvements or fourteen per cent. on the value of the old and new reserves, improvements and accounts paid to private business firms.

Seventy-five thousand dollars to one man! In itself it is a fortune sufficient to bring in a revenue upon which three families could live comfortably. The public accounts volume contains a number of other interesting items, but nothing in the class of this one. Incidentally it suggests the identity of the writer of that mysterious letter to the Premier published in the Times on September 23 last. In that letter the writer stated that he considered he had "earned one hundred thousand dollars," and would "accept that amount to complete the work."

SARAH BERNHARDT.

One of the great women of the world is visiting Victoria, Madame Sarah Bernhardt, absolute ruler of the mimic world for many years, for the first time confronted an audience in this city last night. She is sixty-eight years old; the age at which the great Irving died with the last words of Becket on his lips, and, like Irving, the renowned queen of tragedy will receive the grim destroyer while at work.

What a gallery of stage creations she has given to the world! The masterpieces of Shakespeare, Racine, Moliere, Corneille, Bardou and Rostand have been immortalized by her wonderful art. Nearly forty years ago her marvellous capacity for portraying the whole gamut of human emotions, her magnetic personality and golden voice, established her position as the greatest actress of the day. Matthew Arnold, the great English poet and critic, in comparing her with Rachel, called her extraordinary genius, referred to her "temperament, quick in-

telligence, passion, nervous mobility, grace, smile, voice, charm and poetry." The world of art has long paid her willing tribute; monarchs, statesmen, authors, poets, scientists and stern warriors are numbered among her friends and admirers. In her own loved Paris elaborate fetes have been organized in her honor. All the great capitals of the world have been captivated by the magic of her art, the strength of her personality and the beauty of her voice, which still preserves considerable of its old-time thrilling power.

She is a sculptor and painter of acknowledged skill, an accomplished woman of business, widely informed on politics, letters and general topics of the day, and age does not seem to be able to call a halt to her manifold activities and unwearied energy. Irving and Modjeska have gone; Patti, Mary Anderson and numerous other stage celebrities are in retirement, but Bernhardt still grasps the sceptre, and with no nervous hand. The secret of it all is her own, and she could not tell it if she would.

MR. CHURCHILL'S VIEWS

In May last, shortly before the Canadian Ministers left for London to consult with the Admiralty on the navy question, the Right Hon. Winston Churchill, First Lord, gave an address at the "Shipwrights' dinner." We call the attention of our readers to the following extracts from that speech as it was reported in the London Times:

"If the main development of the past ten years has been the concentration of the British fleet in decisive theatres, it seems to me, and I dare say to you, not unlikely that the main naval development of the next ten years will be the growth of the effective naval forces in the great Dominions overseas. Then we shall be able to make what I think will be found to be the true division of labor between the mother country and her daughter states—that we should maintain a sea supremacy against all comers at the decisive point, and that they should guard and patrol all the rest of the British Empire."

"I am certainly not going to attempt to forecast or to prescribe the exact form which these developments should take. But the march of opinion appears to be proceeding along thoroughly practicable lines."

"This, however, I will venture to say: The Admiralty see no reason why arrangements should not be made to give the Dominions a full measure of control over the movements in peace for any naval forces which, with our help, they may bring into efficient existence. We know that in war our countrymen over the seas will have only one wish, and that will be to encounter the enemy wherever the need and danger is most severe. The important thing is that the gap shall be filled so that while we in the old country guard the decisive theatre, our comrades and brothers across the seas shall keep the flag flying on the oceans of the world."

Clearly in the above Mr. Churchill indicates what he believes should be the line of action, with regard to naval defence, for the dominions to adopt. It should be their duty, he points out, to keep the flag aloft in the overseas. Surely this is sound policy, and yet with that speech before him Mr. Borden arranged for a contribution of thirty-five million dollars and in the Canadian parliament endeavors to justify his opposition to a local navy such as Mr. Churchill recommends, by expressing the opinion that Canada "could not" build up an effective naval organization within twenty-five years, or perhaps within half a century."

BANK OF TORONTO.

The financial statement of the Bank of Toronto published on another page shows that this well-known institution has had a very satisfactory year. The net profits amounted to \$328,707.94. The sum of \$391,950 was realized as a premium on new stock, and the balance at the credit of the profit and loss account on November 30 was \$52,019.99.

A dividend of eleven per cent., representing \$541,228, was authorized; \$20,000 is contributed to the officers' pension fund; \$100,000 was written off bank premises; the premium on new stock was transferred to the rest account, and there was carried forward to next year the sum of \$176,578.24.

A gratifying feature in connection with the bank's progress during the year was the large number of new branches established. There were sixteen of these, eight in Saskatchewan, three in Alberta, three in Ontario, one in Manitoba and one in Quebec.

A Victoria branch of this strong financial institution has been opened in the new Campbell building, on the corner of Fort and Douglas streets, the offices of the bank being on Fort street, next to the corner.

THE CATTLE EMBARGO.

It is unfortunate that two Canadian governments have failed to induce the British authorities to remove the embargo from cattle imported from this country into the United Kingdom. When Hon. Sydney Fisher was Minister of Agriculture he made numerous attempts to have this done; the present minister, Hon. Martin Burrell, has strongly urged that the embargo against our cattle is not justified or

COAL FOR EVERYBODY

Phones 212 and 139.

fair, but he is unable to effect a change.

Mr. Burrell says Canadian cattle are as healthy as those of the Motherland, if not more so. Glanders have been almost wiped out in Canada, but the disease still exists in England. Of other herd diseases there are fewer in this country than in England, and this condition has been brought to the attention of the British government, but without success.

The truth is that the Old Country authorities fear political complications if the door is opened to importations of Canadian cattle. Her own cattle breeders require the continuance of this embargo as a measure of protection, and neither political party cares to face the outcry that would be raised if it were discontinued. All of which goes to show that the Old Country cattle raisers, as well as the farmers, manufacturers, investors and workmen, are placing their own interests first, just as the people of every other country are consulting theirs, and therefore are not disposed to go out of their way even to make concessions to the colonies. In this they show their common sense, but we do think that as far as the embargo against Canadian cattle is concerned they have adopted a fair attitude.

We are glad to be assured by our contemporary that it still adheres to the policy of a Canadian permanent navy. As it had not raised its voice in favor of a fleet unit on the Pacific for many moons, we can be excused for having viewed its course with some apprehension. We hope it will join us in our demand for the adequate protection of our coast at the earliest possible date, the promotion of shipbuilding in our waters and an outspoken protest against the following remark by Mr. Borden in the House of Commons on December 4:

"There have been proposals, to which I shall no more allude, that we should build up a great naval organization in Canada. In my humble opinion nothing of an effective character could be built up in this country within a quarter or perhaps half a century. Even then, it would be but a poor and weak substitute for that splendid organization which the Empire already possesses and which has been evolved and built up by centuries of the most searching experience and of the highest endeavor."

J. H. Burnham, member for West Peterboro, has introduced in the federal parliament a bill having for its object the abolition of titles of honor in Canada. He wants section 12 of the British North American Act, under which, he says, the conferring of titles is recommended by the Governor-General in Council, amended. He fears that titles will lead to class and social distinctions incompatible with the genius of democracy. Mr. Burnham's apprehension is not unfounded. Fortunately, the great proportion of titles conferred upon Canadians are not hereditary. If they were, in a few generations we might have as fine a collection of nabobs as ever threw out a budget. But the striking circumstance in connection with Mr. Burnham's agitation is that the father of it belongs to a party which from time immemorial has cherished a touching regard for titled aristocracy and looks upon democracy as a pestilence.

The Third Week of the 35th January Sale Will Be Marked By Record Values In the Ready-to-Wear Departments

Monday Brings a Sale of Women's Net Waists at \$1.50 But They Are Really Worth Twice as Much

YOU know the value of a waist when you see it—at least there are very few women who will not recognize that this line is a value that was never made to sell at such a small price. For this reason we prefer to refer you to the showing of the garments in our windows and let the goods tell their own story. White, ecru and black are the colors and there are several attractive designs to choose from. All are made over a lining of Japanese silk, have high necks, full length sleeves and beautifully embroidered fronts. Early shoppers on Monday will get the benefit of this exceptional value.

Better Cloth and Tailoring in These Suits and Overcoats Than You Would Expect for the Price

NOW is your time to get the very best quality of clothing that your money will buy. It means that you can have the grade you would like to have without paying more than you would for a much lower grade.

The truth is that many a man would accomplish big things if he only had the clothing to help him to play his part with dignity.

Clothes do not make the man, but they certainly make a man feel more at ease and conscious of his responsibility.

Here's your chance to have better clothes than you usually wear.

REGULAR \$25.00 TO \$32.50 GRADES FOR \$18.75
REGULAR \$18.00 TO \$22.50 GRADES FOR \$11.75
REGULAR \$12.50 TO \$15.00 GRADES FOR \$9.75
REGULAR \$10.00 GRADE FOR \$5.75

SWEEPING REDUCTIONS ON THE FINEST OF THIS SEASON'S OVERCOATS FOR MEN, YOUTHS AND BOYS

Sample Sweaters to be Sold To-day at \$2.50

IN this lot there are dozens of different styles and colorings from which you can make your choice and the only way in which you can get an adequate idea of their worth is by seeing the samples in the windows or to visit the department.

Some are the ordinary coat sweater in plain colors or trimmed with a band of a contrasting color; others are made in the blazer style and come in a variety of fancy stripes. Another attractive style comes with a sailor collar and gives to the garment a very pleasing appearance, and should commend itself to the younger women.

There is not a single garment in the lot that you could buy in the ordinary way at this low figure; the fact is that they are worth from nearly to more than double the price we are asking for them to-day.

Men Who Want Dependable Waterproof Boots Can Buy Them To-day at \$3.45 Instead of \$4.50

SLUSHY WEATHER demands good shoe leather, and the men who are ill provided are the men who know best what an uncomfortable experience it is to be out of doors.

Why not be as comfortable as human skill can make you when the best of shoes are to be had for less than you can usually buy an ordinary grade? Here are some good lines that we recommend because they have proved their worth.

BLUCHER BOOTS, made of a velour calfskin, lined with leather, and fitted with a welted, double sole of solid rubber. They are a last that is suitable for business or street wear, are to be had in all sizes, and in spite of the fact that they are a medium-weight, they will stand a very severe test. Comfort, long service, and the assurance of dry feet are some of the benefits you get for \$3.45

WATERPROOF BOOTS, come in black and tan, have chrome tamper-uppers and viscolized leather soles that are welted and therefore comfortable. These boots are the best that we know of and for the mechanic or the man who has much walking to do in the streets, this style of shoe will give entire satisfaction. All sizes, and the price is only \$3.45

Spencer Specials in Evening Gloves

SOME HEAVY REDUCTIONS FOR TO-DAY

HERE are two very special values that may interest you. Had we purchased them in the ordinary way, we couldn't sell them at a cent below the regular price, but having secured them at a special discount, we offer you the benefit of small prices to make a rapid clearance.

WHITE GLACE KID GLOVES, well finished and a quality that we can recommend come in the 12-button length. Regular value \$2.25. Special sale price \$1.75
SIXTEEN BUTTON WHITE GLACE KID GLOVES, made of white glaze kid and a grade that we sell in the regular way at \$3 are now to be had for only \$2.50

OUTING GLOVES AT BARGAIN PRICES

WOMEN'S KID GLOVES, come in colors navy, green and grey. They are two-clasp length and our regular \$1.00 grade. Special sale price, per pair 50c
ANOTHER FINE LINE of Women's Kid Gloves come in colors tan, brown and black. They are 2-clasp length and our regular \$1.25 grade. Sale price 75c

The Famous "Kayser" Brand of Italian and Venetian Silk Underwear for Women

WOMEN who demand quality combined with beauty will be well pleased with these lines. They represent the highest degree of skill in the manufacture of underwear for women of moderate means, and are not only pleasing to the eye but are so durable and comfortable that they more than repay for the slight extra cost.

VENETIAN VESTS, finished with low necks and arm straps. Have silk drawstrings, are hemstitched round the neck and armhole and are to be had in colors white, pink and blue. All sizes and the prices are \$2.50 and \$2.75

VENETIAN SILK VESTS with low neck, daintily embroidered front, arm straps and come in colors white, pink and blue. All sizes, and the price is only \$3.75

ITALIAN SILK VESTS are three parts heavier than the Venetian vests and are finished with low neck, arm straps, and fancy hemstitched fronts. In white only, and a full range of sizes. Price \$4.00

ITALIAN SILK VESTS—Here is a line of fancy vests that is exceptionally pleasing. They have low necks and come in white only. All sizes and the price is \$5.75

COMBINATIONS—This is another line of the Venetian silk underwear. It has a low neck, arm strap, silk drawstring, hemstitched front and is loose at the knee. All sizes at \$5.75

ITALIAN SILK COMBINATIONS, made in the same style as the above come at \$7.50

In the Children's Department

EVERYTHING that you are likely to want for the comfort of the little folks, or for the convenience of the mother is to be had at a comparatively small price. Quality has been our first consideration when making our purchases and, of course, daintiness is an element that we look for when choosing clothing for the tiny tots.

FEEDERS, made of good linen or of Turkish towelling are to be had in a variety of grades; some plain, others fancy. Prices 10c, 15c, 25c

BUGGY COVERS, made of serge, fancy wool or imitation bearskin and beautifully finished, range in price from \$1.75 each up to \$3.75

DAVID SPENCER, LTD. Harrison Fisher and Gibson
Calendars Reg. \$3 now \$1.50

Sunday Band Concert.—Madam Marie Burnett will be heard at the Sacred Concert to be given by Rowland's Band in the Victoria theatre at 8.45 Sunday evening. Mr. Rowland states his band will give a rendering of the ever popular overture "Poet and Peasant," for which he has had numerous requests. Piccolo solos by H. Searle will also be a feature of Sunday's concert.

Sands & Fulton, Ltd., funeral directors, 1515 Quadra street. Phone 2306.

Once You Eat at the Kaiserhof you will become a regular patron. You cannot help it.

The Red Arrow Store offers you bargains in every department—Clothing, Hats, Furnishings. J. N. Harvey, Ltd., 614 Yates Street.

St. Columba Ladies' Aid.—A sale of home-made cookery will be held on Friday, January 24 in the school-room of St. Columba church, Hulton street from 3 to 6 o'clock.

Dean to Speak.—The Very Rev. Dean Doull will speak to the members of the Y. W. C. A. to-morrow afternoon at the new rooms, 1904 Quadra street. The dean will give his address at 4.15.

Victoria Club Reception.—The executive committee of the Victoria Club, 647 Fort street, has decided to hold a reception on Thursday evening, January 20, at 8 p. m., the guests of honor at which will be the honorary president, Mrs. Paterson; the president, Mrs. W. Roper, and Mrs. W. Grant, Mrs. Sayward and Mrs. Waddington. It is hoped that all members will attend and give a cordial welcome to these ladies.

Ivy Leaf Social Club.—The weekly whist drive of the Ivy Leaf Social Club, which met as usual at the Alexandra Club, was attended by almost the entire membership; a very pleasant evening being spent by the guests. Mrs. Wilson presented the prizes to the following successful players: Mrs. Davey, first lady; Mr. Ferriday, first gentleman; Mrs. Vincent, second lady; Mr. Pratt, second gentleman; Mrs. Tunncliffe, consolation; Mr. Hawkin, consolation.

Poor Fund Contributions.—The fund which is being collected by Miss Caroline Macklem in behalf of the poor of London has received still further contributions during the past week, the sum of \$1.50 having been collected at the Times office; while other amounts contributed are as follows: Mrs. P. P. Brown, \$1.00; collected at Ferry's Drug Store, \$2.50; "Teamster," \$1.00; and "Nempe," \$5.00. Further contributions will still be most welcome. Since her first appeal Miss Macklem has had an appeal from the Salvation Army headquarters in London, where General Bramwell Booth is facing the terrible problem of how to relieve the misery of the poor of that great city as well as to deliver the Gospel message. Miss Macklem's address is 1126 Richardson street, Victoria, where subscriptions will be received as well as at the Times office.

Fifth Regiment Band.—The Fifth Regiment band will give the fourth concert of the 1912-1913 season to-morrow afternoon at 3.15 at the Empress theatre, those who are to assist being: Madam Philo, lyric soprano; Miss Viola Philo, mezzo soprano; and Prof. Philo, violinist. Under the direction of Bandmaster Sidney Rogers the following numbers will be given by the band: Overture, "Oberon"; Weber, Descriptive selection, "A Hunting Scene"; Bucalossi; grand selection, "Un Ballo in Maschera"; Verdi selection, "The Tearing of the Green"; by request, Douglas. In this Musical Cello, bassoonist, will take the leading part; grand fantasia on "Home Sweet Home," showing how it is played in England, Germany, Spain, Russia, Italy, Scotland, Hungary, China, Ireland and America; and Goldman's well-known march, "Spirit of Peace." Other numbers on the programme will be "Il Bacio," which will be sung by Madam Philo; a violin solo entitled "Pagliacci," by Prof. Philo; and a vocal solo, "Sing, Smile, Slumber," by Miss Viola Philo.

You Need It Now.—Warm Underwear. Save money. We are clearing our heavy and medium weights at Sale Prices. J. N. Harvey, Ltd., 614 Yates Street.

A LINE OF CHEER EACH DAY OF THE YEAR
BY JOHN KENDRICK BANGS

THE WRINKLED CHEEK.
A wrinkled cheek I'll not despise,
But rather prize!
'Tis but the Chart of Sorrow sore
Some troubled Soul has travelled o'er,
And calls to me
Not for Contempt, but Sympathy.

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, January 18, 1888.

A Remarkable Reunion.—The meeting at Government House, Toronto, yesterday, was a most interesting one. Forty-five years ago, John A. Macdonald was a promising young lawyer in Kingston. Alexander Campbell was a law student in his office, nearly ready for his final examination. One day a chubby-faced, ruddy youth called at the office and said he wanted to study law. He was taken into the office at once. His name was Oliver Mowat. Never since the office in Kingston was broken up have the three had a private conversation. Yesterday Sir Alexander suggested a reunion and communicated with both Sir John and Mr. Mowat. The three had a talk about old times.

London, England.—Burns, Cunningham-Graham, M. P., and others for the Trafalgar Square riots, have each been sentenced to six weeks' imprisonment, without hard labor.

The marriage of Mr. J. H. Baker and Miss Sarah Marshall took place on Tuesday evening. The Rev. J. E. Starr performed the ceremony.

For the last fiscal year the postal collections at Victoria were nearly \$24,000, and \$8,500 of money orders were issued.

Mr. McNaught Here.—Ex-Reeve McNaught, of North Vancouver, arrived here this morning on business. He is staying at the Empress hotel and will interview Sir Richard McBride on Monday.

Consul Yada Here.—Hon. H. C. Yada, consul-general for Japan at Vancouver, is staying at the Empress hotel, accompanied by Mrs. Yada.

VISITING FIRE CHIEFS.

Heads of Departments at Calgary and Olympia, Wash., Are on Visit to City.

The fire chief had a caller this morning from Olympia, Washington, in Chief E. B. Raymond. The chief of the Washington state capital made friends with Chief Davis, when they were both leading men in the Pacific Coast Fire Chiefs' Association, and the visitor was in the city to-day to observe for himself the great changes which have taken place in the Victoria fire department during the past few years.

He complimented Chief Davis on the manner in which the policy of transferring apparatus from horse to motor-drawn apparatus has been carried out, and on the efficiency of the department. He has not been here since the days of the old Merryweather engines, so that the transformation appears wonderful. He remarked that in his city there are a number of state buildings containing valuable records which required fire protection although the city is not large.

Yesterday Chief Smart, of Calgary, visited Chief Davis. Mr. Smart missed the great Burns' abattoir fire through absence from the city.

NEW BRANCH OF W. C. T. U.

First District Unit is Organized Under the New System.

At the residence of Mrs. Gidley, Craigflower road, yesterday afternoon, a new branch of the W. C. T. U. was formed. This is the first of the district branches of the organization which has been inaugurated in the city under the system suggested to replace the old one which made it necessary for the ladies in distant parts of the city to travel to inconveniently far-off places for meetings. Mrs. Williscroft, president of the local organization, presided as chairwoman at yesterday's meeting, and the election of officers for the new district branch resulted as follows: President, Mrs. McAdam, of Esquimalt; vice-president, Mrs. Thos. Keyworth; recording secretary, Mrs. J. O. Welch; corresponding secretary, Mrs. Miller; treasurer, Mrs. Okall. Mrs. Spofford, provincial vice-president, gave an address during the afternoon, and the hostesses entertained the ladies, of whom about forty were present to tea. It was announced that

Buy Your Piano From a Firm Whose Reputation Begets Confidence

The average purchaser of a Piano is not an expert in piano values. He judges by the appearance of the instrument and by the points which a skillful salesman emphasizes for his benefit. There are two great safeguards which any piano-buyer, no matter how inexperienced, may depend upon; one is, the name and reputation of the instrument itself and the other is the reputation of the firm that sells it.

In purchasing from Western Canada's Largest Music House you can have absolute confidence in the fact that you will receive full measure of value for every cent you expend and that in deciding by the aid of the representations made by the firm's salesmen you are as safe as if you were depending upon long years of personal experience in piano construction.

Fletcher Bros.' is the oldest music house in British Columbia, and the reputation of this firm stands behind every instrument sold from its warehouses. Every new instrument purchased in this store carries with it the firm's personal guarantee which covers a period of ten years. In every instance wherein the instrument is not up to the representations made in its behalf at the time of sale, the purchase money will be refunded gladly.

We are sole agents for a number of the world's leading pianos in all styles and designs, including Grands, Uprights and Player-Pianos. Our line includes such well known makes as

Indian Records

"Count the Indians on the Road"

The Indian Motorcycle

Indian Utility

The Indian is more and more becoming recognized as the motorcycle of practical efficiency, entirely apart from its popularity as a tourist's motorcycle and its prowess on the track. Municipal bodies equip their police squads with it. Gas companies, telephone companies, railroad and rural postal delivery men have come to regard the Indian as the most practical, reliable and economical motorcycle for their respective duties.

Ride a motorcycle. It's the most fascinating of modern vehicles. It makes you independent and self-reliant—gives you the means to go anywhere, any time, at a moment's notice. For regular rides or just running about as the mood suggests, the motorcycle is the vehicle you need.

You Cannot Begin to Realize the Possibilities

Shipping News from Day to Day

POLERIC REACHES HEAD FROM ORIENT

WEIR VESSEL MAY COME
TO VICTORIA TO UNLOAD

Little Known as to Her Orders
—Liner Was Formerly in
Cunard Fleet

After a 17-day passage from Yokohama the Weir liner Poleric passed in at Tatoosh this morning at 10:30 o'clock and arrived off William Head shortly after 3 o'clock this afternoon. Up to the time of going to press it could not be learned whether the steamship would come to Victoria or whether she would proceed direct to Vancouver. The agents here were advised some time ago that the Poleric would call here, but later it was stated that she would not stop at Victoria. The local pilot boat went out, however, to bring the vessel up to the docks should his orders direct him to come here.

The Poleric is of the shelter deck type, four-masted, equipped with electric lights, refrigerating machinery, wireless and other modern appliances, and is one of the finest vessels of her class afloat. Two years ago Andrew Weir & Company purchased the Albatross and she became one of the mous Bank line and was renamed the Poleric to correspond with the Lucerne, Orferie, Kumoric and Boverie, which have before visited Puget Sound, and the Comerie, Drumeric, Ellerie, Inverie, Tymeric, Wymeric, Aymeric, Jeserie, Minerie and Roserie, which are operated in different parts of the world.

Maiden Trip to Pacific.
The Poleric is not only making her first trip to Victoria, but is also on her maiden voyage on the Pacific. On her present trip the Poleric sailed from New York October 5 for Aden, Arabia, arrived there November 2 and sailed from that port for Colombo, Ceylon, on the day of arrival, reaching Colombo November 11, and leaving the next day for Singapore. From Singapore the Poleric left for the Philippines, arriving at Manila November 27 and calling again November 30, bound for Hongkong, China, where she remained from December 4 to December 6. The Poleric arrived at Nagasaki December 10 and at the coasting port of Kuchibotsu December 12. Hogo was next visited and then Yokohama, from where on December 31, she finally departed from Japan for Seattle.

The Poleric is bringing only 2,227 tons for delivery from Coast points and 151 tons for overland shipment. She has a registered tonnage of 7,382 gross tons and a net register of 5,012 tons. On leaving the Sound she will be loaded to capacity, for a tonnage scarcity has existed in months past which has caused cargo for Oriental shipment to accumulate at North Pacific ports.

In 1906 the Poleric, then the Albatross, was launched at Newcastle, N. S. W. She is 461 feet in length, 52 feet in width and 33 feet in depth. She was built by C. S. Swan & Hunter, shipbuilders of Newcastle, her port of registry.

The Weir liner Orferie is following the Poleric across the Pacific, and is expected here within another week.

COMPARES RATES NOW

WITH THOSE OF 1908

Over 83s. for Trip, Which Only
Brought 50s. Less Than
Five Years Ago

Tacoma, Wash., Jan. 18.—In the charter rate paid for four sailing vessels which the Pacific National Lumber Company is to load with lumber for the United Kingdom, the tremendous advance compared with the rate paid for exactly the same business a few years ago is evidenced. The past year has been a remarkably prosperous one for exporters and rates are still stiff.

In 1908 the Pacific National Lumber Company dispatched three cargoes of big timbers to the United Kingdom and the orders to be filled in the next few months are a duplicate of the cargoes sent in 1908. In the fleet which loaded here in 1908 was the British ship Samantha, Captain Andrews, which received for the voyage a rate of 50s. The ship had fair life on the Sound for a year and a half or more and the freight was considered a low one.

The British ship Juteopoli, which is scheduled for loading here in April, will carry a duplicate of the Samantha's cargo, for which she is receiving from 85s. 9d. to 85s. The rate for the United Kingdom, quoted in the current circular of Hind, Rolph & Co., is 85s. 9d. to 85s. To Cork, for orders to discharge at a safe port in the United Kingdom or Continent, between H. and H., according to the circular, the rate is 87s. 6d.

ATLANTIC SHIPPING POOL IS DISSOLVED

Antwerp, Jan. 18.—The Atlantic steamship pool has been practically dissolved, according to the "Neptune," by the Canadian Pacific Railway Company's decision to inaugurate a new service between Trieste and Canada, and the Hamburg-American Line's announcement of a new line of steamers between Hamburg and Boston. A rate war will begin immediately, it is said.

The delegates of all the Atlantic steamship lines are to meet in Berlin January 20.

NEW ALLAN LINERS CREATING INTEREST

ADVANTAGE OF CRUISER
STERN TO BE WATCHED

Alsatian and Calgarian Same
on Atlantic as New Em-
presses on Pacific

Two new liners which will enter the trans Atlantic service are attracting almost as much interest as the big Empresses which will operate out of Victoria to the Orient this year. The two Atlantic vessels are the Alsatian and Calgarian, of the Allan line, and shipbuilders will watch the movements of the liners with interest as, like the C. I. R. boats, they will have cruiser sterns, and the Calgarian and Alsatian will have a similar distinction in respect to the Atlantic. These sterns are said to increase greatly the stability of a passenger vessel.

The Times has just received from Montreal a description of the palatial liners and also a pamphlet dealing with the steady advance of the Allan line. An extract from "The History of North Atlantic Steam Navigation," descriptive of the first Allan liner, built in 1852, is as follows: "They contracted with William Denny, of Dumfries, a celebrated iron shipbuilder, to build and engine the Canadian and Indian. The steamers were about 1,700 tons gross, 1,170 tons net, with engines of three hundred and fifty h. p. and cost about \$250,000 each. Their maximum speed was 11 knots, dimensions 270 x 34. They were handsome ships, designed to carry large cargoes, with saloons below deck and staterooms for about 80 first-class passengers."

Growth of Allan Line.
Under construction in 1852, the Canadian and Indian, of 1,700 tons gross register, 270 feet in length; in 1913 the Alsatian and Calgarian, of 18,000 tons and 600 feet in length. Such in brief has been the development of the Allan line, during a period of 60 years. This company has always played for the Canadian trade, and has kept well ahead of the times by adding larger and more magnificent liners at frequent intervals.

In tonnage, in length, with a beam of 72 feet, with accommodation for 300 first, 500 second and 1,000 third cabin, they will be far the largest liners in the Canadian trade. Driven by the latest type of turbine engines, operating four screws, they are expected to develop a speed of 20 knots; the distribution of power over four shafts reducing vibration to a minimum.

The new Allan liners will have nine decks and several elevators will be used to convey passengers from one deck to another. The Allan line is maintaining its reputation for beauty and grace of design of all interior fittings. A feature of the life-saving equipment will be the electric boat hoists for the efficient handling of the forty lifeboats.

TENTH WIRELESS STATION OPENED

ALERT BAY SENDS ITS
FIRST MESSAGES HERE

Expect Apparatus Will Be
Tuned Up in Few Weeks—
Continuous Chain on Coast

While sitting in last night at Gonzales Hill one of the operators heard the new station at Alert Bay calling, and upon opening communication with the operator there received the first message sent out from the northern station. Alert Bay makes the eleventh contributor to the daily wireless reports received by the Times. This new station also makes the tenth of its kind to be established in British Columbia waters by the Dominion Government.

At noon to-day the operator at Alert Bay sent his first report, which read: "Snowing; wind S. W. light." Until the delicate instrument is tuned up the reports may not be received here regularly. It is expected that within two weeks the operator will have his apparatus in perfect working order.

Sixth Station on Island.
The new Alert Bay station makes the sixth station to be established on Vancouver island and adjacent isles. The cover island and adjacent isles. The Triangle, Pachena, Estevan, Cape Lazo, Alert Bay and Gonzales Hill stations are all of high power, and have wide radii. On the Queen Charlotte Islands are the stations at Dead Tree Point and Ikeda, while on the mainland are Point Grey and Prince Rupert. It is more than likely that another station will be established on the Queen Charlottes. Langara Island looks to be the site on which the government will erect the station.

From Victoria north to Prince Rupert the coasting steamers equipped with wireless will always be in communication with a station. Formerly, after getting beyond the range of Cape Lazo, the vessels did not pick up Triangle until in Queen Charlotte Sound. Now, however, Alert Bay will fill in the gap, and vessels will be able to establish communication with the land at any time.

SENATOR MOVE TO IN BAD STORM OFF COAST

Seattle, Wash., Jan. 18.—The steamship Senator of the Pacific Coast Steamship Company, which sailed from Seattle for San Francisco at 9:30 Wednesday morning at 8 o'clock last night, was hoisted in a southeast gale off Cape Blanco, unable to make any headway in the heavy seas. The steamship George W. Fenwick was also hoisted in the storm. She gave her position as twenty-five miles north of Cape Blanco.

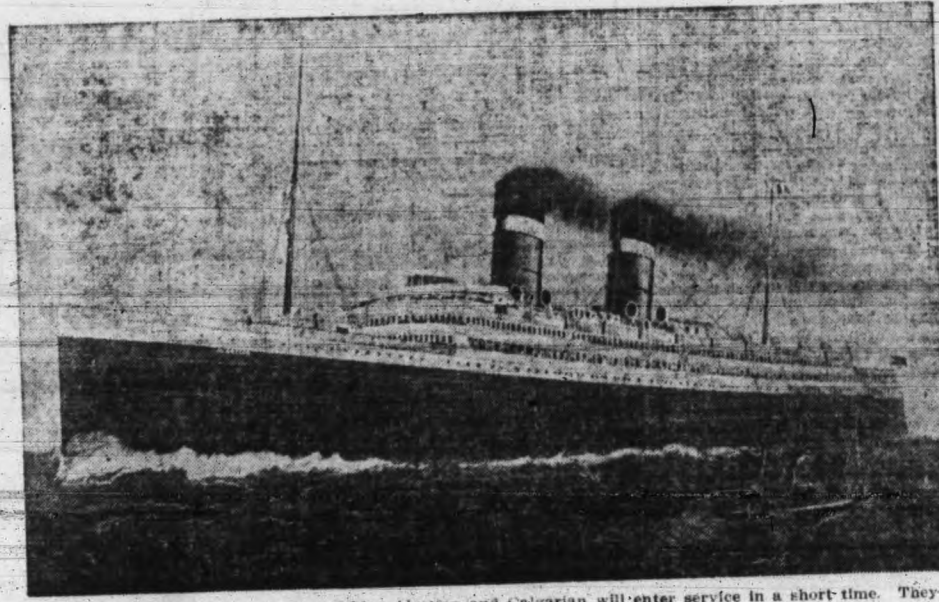

The Standard Oil tanker Atlas and barge No. 93 were also in the gale, reporting their positions at 6 p. m. as off Cape Blanco.

The storm center was off the Oregon coast and was not felt at Cape Flattery up to 8 p. m. The report from Tatoosh Island at that time gave the velocity of the wind at eight miles an hour, barometer, 29.69, temperature 34.

TUG SINKS AT MOORINGS.
Bellingham, Wash., Jan. 18.—The 76-foot tugboat Puritan, owned by Captain W. J. Peacock, of this city, sank at her moorings in the Whatcom Creek waterway on Thursday, only her masts remaining visible above the surface of the water.

The tug, which has been in service on Puget Sound for the past twenty-five years, had taken coal the day previous, and it is supposed had been overloaded, causing her to fill and gradually sink. The crew had barely time to escape when she went down.

WHAT THE NEW ALLAN LINERS LOOK LIKE

The two new trans-Atlantic steamships Alsatian and Calgarian will enter service in a short time. They will be the largest and most palatial in the Canadian service.

GOOD ACREAGE

Nearly fifty acres on a main road, three miles from the City Hall. The land is free from rock, being all clear and cultivated. Property is traversed by the C. N. R. Price on easy terms

PROTECTS INTERESTS OF BRITISH SUBJECTS

Shearwater Reported at Acapulco Awaiting Quelling of Disturbances

Cablegrams from Acapulco announce the arrival there of H. M. S. Shearwater, Commander Walters. She has been dispatched there by the Imperial authorities to watch the interests of the British subjects in Mexico until the threatening revolution has been quelled. There are prospects of another outbreak in the southern republic and the sloop-of-war from the Esquimaux station will probably spend some time at Acapulco.

The Shearwater left here early in December on the annual cruise as far south as Acapulco. The Algerine, which left here some time ahead of the Shearwater for the South Sea Islands, has so far not been reported. Of these cruises to southern waters the two little warships generally have a number of exciting incidents to report upon their return to Esquimaux, owing to the disturbed state of the Central American and South American republics.

As soon as the trouble in the vicinity of Acapulco is settled the Shearwater will commence to work northward on her return trip to Esquimaux. She is expected, unless something unexpected develops, to arrive here about the middle of next month.

The Algerine by this time should be well on her way down to Valparaiso. From the Chilean port she will work out into the Pacific, calling at Easter, Christmas, Pitefien and a number of other small islands which belong to Great Britain. She will not return here until some time in April.

TWO NEW STEAM SCHOONERS READY FOR COAST SERVICE

San Francisco, Cal., Jan. 18.—Two new steam schooners that will ply between here and Tacoma and other Northern ports, have been completed. The William Chatham, built by the Union Iron Works, and launched November 16, has been completed and will be given her trial trip on Sunday. The vessel is owned by the Loop Lumber Company. She has passenger accommodations.

The steam schooner Siskiyou, built on Gray's Harbor and engaged here by the United Engineering Works, will have her trial trip to-day. She is owned by the E. K. Wood Lumber Company, and will steam on her maiden voyage to Tacoma next week.

The Kosmos liner Sisk left Genoa on Sunday for this port. She will be the first steamer in several years to come here direct from Genoa.

The Nippon liner Shidzuka Maru, bound from Victoria for the Orient, was spoken last night by wireless 862 miles from Victoria.

TACOMA MARU FIRST OF FLEET TO REPORT

Osaka Liner 1,550 Miles Off Coast Last Night—Many Ships With Berth Next Week

One of the fleet of steamships which is due in port next week, the Tacoma Maru, Capt. Hamada, of the Osaka line, was spoken by wireless last night. She was 1,550 miles from Victoria at 8 o'clock, and it is not expected that she will come into port until early on Thursday. She is a long way off the coast, and it is impossible to estimate her exact time of arrival as she may encounter heavy storms before making the Straits.

The Tacoma Maru is bringing in about 600 tons of general freight, also has on board some 25 Orientals, who will disembark at this port. The Osaka liner is carrying about 2,600 tons of cargo for Tacoma.

Other Ships Here Next Week.
Next week will see a large fleet of steamships berthed at the outer docks. The Cyclops, of the Blue Funnel line, is due in from Liverpool via the Orient on Tuesday. She will not remain here long, but will return from the Sound later in the week to discharge 3,000 tons of general freight. She is four days late making port.

On Wednesday the Harrison liner Craftman is expected in from Liverpool via the Straits of Magellan. Word received at the local office to-day stated that the steamship would leave San Francisco either to-day or tomorrow. The stevedores hope to get through with her cargo, which amounts to about 1,000 tons, before the Cyclops gets back from the Sound.

The Blue Funnel liner Bellerophon, carrying 12,000 tons of cargo; the R. C. S. Montague with 7,000 tons of cargo and a large list of passengers, and the Canadian-Australian liner Zealandia, with several hundred passengers and 1,500 tons of freight, will clear on Wednesday; the former for Liverpool, the second for Hongkong, and the latter for Sydney.

The Canada Maru, of the Osaka line, is due out on Tuesday morning with 7,000 tons of freight. The Empress of India is expected in from the Orient at the end of the week.

LARGE SHIPYARD MAY BE ESTABLISHED AT HALIFAX

London, Jan. 18.—Interviewed yesterday, the head of the Harkness shipbuilding firm, of Middlesbrough, said his company was still negotiating with the Canadian Government with a view to establishing a shipyard at Halifax capable of building warships, besides passenger and merchant vessels. Nothing definite has yet been settled.

URANIUM FLOATED FROM ROCKS.

Halifax, N. S., Jan. 18.—The steamer Uranium, which grounded on the rocks near here on Sunday, was floated yesterday. Her passengers were taken off shortly after she struck.

HEAD LIGHTS

From Prince Rupert the G. T. P. steamer Prince Rupert, Capt. Johnson, will arrive in port early to-morrow morning. She sails north again on Monday.

The C. P. R. steamer Princess May, Capt. McLeod, was reported reaching Prince Rupert at midnight last night. She is due in here on Tuesday morning.

The British barque Antelope, which is loading lumber at the Puget Sound Lumber Company's mill, was the victim of a rather peculiar accident last night. She slipped down the lumber chute and across the wet deck with such force that it penetrated the vessel's bulwarks. Had the tide been full instead of low the stick would have gone through the barque's hull and she would have had to discharge her cargo in order to make repairs; the damage is estimated at between \$200 and \$250.

The British ship Galgate, 113 days out from Astoria for Cork, passed Denver on January 11. She has on board 35,655 cents of wheat, valued at \$32,000, and 119,885 bushels of barley, valued at \$93,000.

CURED OF DRINK BY SIMPLE REMEDY

A Devoted Wife Helps Her Husband to a Cure Through Samaria Prescription.

Mrs. S., of Trenton, was in despair. A loving father and a careful provider when sober—her husband had gradually fallen into drinking habits, which were ruining his home, health and happiness. Drink had inflamed his stomach and nerves and created that unnatural craving that kills conscience, love, honor and breaks all family ties.

But read my letter:

"I feel it my duty to say a few words about your Tablets. As you are aware, I sent and got a bottle thinking I would try them in secret. My husband had only taken them a week when he told me he was going to Port Arthur all about the tablets. He said he would take them just the same, so I sent and got the second bottle for fear one would not be enough. He writes me saying that he has taken the contents of both bottles, and he feels splendid; does not care for drink; in fact he has not taken any liquor from the first of my giving it to him. I feel I cannot say too much in favor of your wonderful remedy.

"MRS. S., Trenton, Ont."

Samaria Prescription stops the craving for drink. It restores the shaking nerves, improves the appetite and general health, and makes drink distasteful and even nauseous. It is used regularly by Physicians and Hospitals, and is tasteless and odorless, dissolving instantly in tea, coffee or food.

Now if you know of any home on which the curse of drink has fallen tell them of Samaria Prescription. If you have a husband, father, brother or friend on whom the habit is getting its hold, help him yourself. Write to-day.

A FREE TRIAL PACKAGE of Samaria Prescription with booklet giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Send no money. Write to-day.

The Samaria Remedy Co., Dept. 75, 49 Colborne St., Toronto, Canada; also for sale at Hall & Co.'s Drug Store, corner Yates and Douglas Sts., Victoria.

Scan These Closely. Every Quotation is Within the Market

HOUSE REPLIES TO HIS HONOR

ADDRESS DEALS WITH
MANY ACTIVITIES

Formal Motion for Presentation
Was Made Yesterday—
Woods Seconded

The following is the text of the address which is to be presented by the legislature of British Columbia to His Honor Lieutenant-Governor Paterson in reply to his speech at the opening of the present session. The formal motion for presentation was made yesterday by William Manson, M. P. P. (Skeena), and was seconded by J. C. G. Wood, M. P. P. (Alberni). The various clauses of the address read as follows:

"It is highly gratifying to know that during the past year the province was honored by a visit from His Royal Highness the Governor-General, accompanied by Their Royal Highness the Duchess of Connaught and the Princess Patricia. The cordial welcome they received, together with the interest they evinced in the province, must be regarded with much gratification by the people of British Columbia.

"We are pleased to learn that during the year the province has enjoyed an exceptional degree of prosperity, that the influx of immigration and settlers has been unprecedented, and that the financial condition of the province continues so satisfactory and that the surplus and revenue enable the continuance of expenditure necessary for the growing needs of the country.

Success in Fruit.

"It is a great source of satisfaction to learn that the honors which have been won by British Columbia fruit and agricultural products in former years on this continent and in Great Britain have been augmented by the success attained by similar exhibits during 1912. It is interesting to note that the results of the mining industry have greatly surpassed those of any similar period in the history of the province.

"It is gratifying to learn that the extension of railway construction, due to the aid given by the province, has been most marked, that the plans of these various lines are being substantially carried out, and the completion of the works involved may be expected well within the time set by law. We shall give our best consideration to the bill to be laid before us furthering the arrangements in respect to the completion of the Canadian Northern Pacific railway system, as also to the measure to be submitted for our approval with a view to forwarding the efficiency of the auditing branch of the department.

"We shall carefully consider amendments to the 'Land Act,' made necessary by the development of that branch of the public service.

"We are pleased to be informed that by reason of the increased work which has fallen on the Judiciary, we will be asked to provide for legislation authorizing the appointment of an additional member to the Court of Appeal, as well as to the Supreme Court, and also for another Junior County Court Judge for the County of Vancouver.

Taxation Changes.

"It is gratifying to learn that, following the completion of the work of the Royal Commission on Taxation, it is proposed to introduce legislation giving effect to various changes in the Taxation Act.

"It is a pleasure to note that the plans for the Provincial University Buildings at Point Grey have been adopted, and we assure you that our best consideration will be given to the setting aside of an additional grant of

A GRATEFUL COUPLE

Nova Scotia Man and Wife Both
Benefited by GIN PILLS

JUST how much difference GIN PILLS can make in the home life can be guessed from the letter below. Where formerly both husband and wife were in more or less constant misery with backache, they are now delighted to be almost free of the old trouble.

Lyons Brook, N. S.

"You are perfectly free to use my name in any way to benefit GIN PILLS, for they deserve the highest praise. My back has never troubled me since taking GIN PILLS, and my wife feels much better after taking GIN PILLS for her back. She thinks GIN PILLS will make a complete cure.

"JAMES L. NAUSS."

Why shouldn't you or any of your friends who may be suffering with Backache, Rheumatism, Lumbago, Sciatica, Weak or Strained Kidneys, Burning or Scalding Urine, Painful Urination, or frequent colds in the Kidneys and Bladder, get the same relief that so quickly came to the Nauss home when they started to use GIN PILLS?

Remember, you buy GIN PILLS on our standard guarantee that they will cure or your money will be promptly refunded. 50c a box, 6 for \$2.50. Sample free if you write National Drug and Chemical Co. of Canada, Limited, Toronto.

THE VERSATILE MR. ROOSEVELT.

When a versatile man has for a long time practically monopolized the attention of the public by an exhibition of his other claims to many-sidedness of talent are apt to be ignored. For almost a year the people of the United States have heard so much of Roosevelt, the politician, that his appearance recently as president of the American Historical Association, discussing history as literature, while it will be but the resumption of an old-time role, will seem very like a novelty, a new departure. Fortunately we can all be interested in what he will say. It may leave us a new topic for debate, possibly for discussion, but it is not likely to be platitudinous. Whatever else Mr. Roosevelt is, he is not that. He can sound many "points of view," but the note of challenge is never long absent from his performance.

Republicans, Democrats and Progressives admit that Mr. Roosevelt is a busy man, not a mere initiator of activity, and the admission carries with it confession of the truth of the old saying, "A busy man can always find time." Mr. Roosevelt has led the

strenuous life incessantly, and has found a great deal of time for literary work. He is now in his fifty-fifth year and yet he began to be regarded as a writer with something to say way back in the early '80's, when his "Naval War of 1812" was published. Since then he has written biographies, criticisms, nature books, essays, and set histories like "The Winning of the West." For his books the five-foot shelf would be inadequate space. Criticism may insist that Mr. Roosevelt's literary performances are of varied degrees of merit, and that he tends toward the personal rather than the scientific method in his histories, but in all of these he makes a strong appeal to the general reader and he has the satisfaction of knowing that his "Winning of the West," for example, has stimulated an interest in that fascinating story, where a more "scientific" treatment of the subject would have failed.

It is possible to read Mr. Roosevelt without becoming a controversialist, if one selects his reading. There are essays of his, not historical, which are peculiarly attractive to him who seeks respite from the din of the forum. Take that which treats of English lanes and woodways, the outcome of an afternoon's walk with Sir Edward Grey. From the literary point of view Mr. Roosevelt has seldom if ever done a better piece of work and it carries with it the atmosphere of a bright afternoon in a country whose very verdancy has acquired something of civility. Mr. Roosevelt has been a strenuous reader as well as a strenuous writer. He has "found time" to turn from the frank, martial simplicity of Scott's ballad to the latest development of Russian literature. Always busy, he is an unwearied observer of outdoor life, of birds and beasts. Altogether Mr. Roosevelt is a remarkable instance of the literary man in public life. Dutch as is his descent, his capability for going from letters to politics and from politics back to letters is suggestive of France rather than Holland.

Unquestionably the demands upon his time as a publicist have interfered with the writing of more than one book, but for the coming year are announced "Chapters From a Possible Autobiography" that are certain to make interesting reading, and he has long promised himself, as he puts it, the pleasure of writing a history of Texas.

SINGULAR USE FOR BREAD.

Bread is used for many purposes, but the most singular use may be seen in some of the great watch factories. More than forty leaves of fresh bread are required each day in one such factory. It appears that from the earliest times in the history of watchmaking it has been the custom of watchmakers to reduce fresh bread to the form of dough by steaming and kneading. They use this dough for removing oil and chips that naturally adhere in the course of manufacture to pieces as small as the parts of a watch. The oil is absorbed by the dough and the chips stick to it, and there is no other known substance which can be used as a wiper without leaving some small portion attached to the thing wiped.

Three generations have proved the value of Dr. Morse's Indian Root Pills, and their sale is steadily increasing all over the world.

Clean Within.

Dr. Morse's Indian Root Pills
Purify the Blood and Prolong Life.

Vigorous health of 70
due to Dr. Morse's
Indian Root Pills.

If as much intelligent care were given to keeping the body clean and pure within as well as without, we would see more healthy, vigorous old men and women. The daily bath does its part by keeping the pores of the skin open so that they throw off much of the body's impurities, but it is even more important that the bowels and kidneys should be kept regular and active.

If the bowels fail, as they often do late in life, to move regularly at least once a day, the waste matter from the food accumulates, decays, poisons the system and upsets the stomach.

If the kidneys are sluggish the impurities which they should filter from the blood remain and cause rheumatism. Dr. Morse's Indian Root Pills regulate the bowels, stimulate the kidneys and open up the pores of the skin. The result is a body clean within—pure, red blood—good digestion—and a hale and hearty old age.

Three generations have proved the value of Dr. Morse's Indian Root Pills, and their sale is steadily increasing all over the world.

25c at all dealers or from W. H. Comstock Co., Ltd., Brockville, Ont.

land in furtherance of the establishment of this important institution.

"We are pleased to learn that the work of the Municipal Commission has been completed, and we hope that the result of the investigation may be presented to us during the present session.

"We are also glad to be informed that an inquiry into the conditions of labor throughout the province is now in progress, and that the information gathered will be placed before the House as soon as available, and also that the commission on agriculture is pursuing its investigations in order to ascertain the best methods of encouraging that industry and of securing increased settlement of the agricultural lands of the province.

Commissions.

"We note with pleasure that the report of a special commission to investigate general conditions in the dairy industry has been completed, and will be duly presented to us.

"We are pleased to know that, owing to complaints with reference to the Doukhobor settlements in the province, an inquiry has been held under the authority of a royal commission, and that the evidence and findings will be placed in our hands.

"The information that, as a result of the representations made to the federal authorities, an investigation will shortly be authorized to inquire into the financial relations between the Dominion and the province affords us much pleasure.

"It is a source of satisfaction to learn that the Dominion government has concurred in the appointment of a commission for the purpose of adjusting the questions concerning Indian reserve lands that have arisen between the Dominion and the province.

Songhees Reserve.

"We are pleased to learn that the development of Strathcona Park is progressing satisfactorily, and that, mindful of the great value of conserving the magnificent scenic beauties of the province as a source of attraction to the outside world, as well as for the benefit of our own people, your government is considering the setting aside of areas at Mount Robson, as well as aiding in the improvement of a park at Kalen Island.

"It is gratifying to learn that an earnest endeavor has been made to arrange for the most efficient utilization of the former Songhees reserve, and that an agreement has been reached whereby a portion of the land is set aside for railway terminals, while the remainder will be dealt with in the best interests of the public.

"We have no doubt as to the increasing importance of the Agent-General's office in London and the necessity for more commodious quarters there, and are pleased to learn that steps are being taken towards securing a building in keeping with the needs of the province, and that negotiations to this end are now in progress.

Effect of Panama Canal.

"As, owing to the approach of the time when the Panama canal will be completed, it is desirable that the interests of British Columbia should not be overlooked, we shall be glad to sup-

port any efforts that may be made by the federal government towards securing adequate recognition of all rights to which Canadian shipping may be entitled.

"We note with pleasure that, with a view of bringing about an early settlement of various departmental matters pending between the province and the Dominion, the first minister and the Attorney-General visited Ottawa some weeks ago, and that they were enabled, as a result of their conferences with the Dominion government, to effect the adjustment of many long-outstanding questions.

"We also note that the public accounts for the fiscal year will be laid before us early in the session, and that the estimates of expenditure will also be submitted for our consideration. These will receive our careful attention.

The Pope has decided to build a new palace to house the cardinals when they are called on to elect his successor. When he was himself elected he was greatly struck by the bad accommodation provided for the cardinals, and decided to make better provision for them on the first opportunity. The new palace is to be built on the site of the old Italian mint, which has been acquired by the Pope.

Sixteen thousand Europeans and 65 Maoris have been given old-age pensions in New Zealand in the last year. About 35,000 old-age pensions have been granted in all.

EXTRACT FROM
"BRITISH MEDICAL JOURNAL"
March 23, 1907.

"A Most Valuable Food"

At a time when the preparation of artificial foodstuffs is receiving more attention than ever before, and when new forms of easily assimilable fat to take the place of cod liver oil are being frequently brought to the notice of the medical profession, it is desirable that some of the older forms of administering natural fats should not be lost sight of. Among natural fats, butter easily takes first place for nutritive value, and when combined with a suitable soluble carbohydrate, a most valuable food is produced.

The BUTTER SCOTCH which Messrs. Allard & Bowyer (Duke's Road, Euston Road, W. C.) have prepared for fifty years, is such an article, which has the great advantage of being palatable, so palatable, in fact, that children are more likely to need restraining from excess than are persuading to take it. This BUTTER SCOTCH is stated to contain 11.7 per cent. of fat and 70.3 per cent. of sugar, and the results of an analysis which we have made recently of a specimen substantially confirm these figures. Further chemical examination of the fat extracted showed it to be genuine butter fat. This confection can therefore be recommended, not only as a pleasant sweetmeat, but also as a very useful addition to the diet in suitable cases. In all the Principal Confectionery Stores in Victoria.

VICTORIA TAKES LEAD IN COAST HOCKEY LEAGUE

DEFEATING VANCOUVER LAST NIGHT 4 TO 3

Senators Display the Greatest Form of the Year and Deserve Honors—Record Crowd Witnesses Downfall of Terminals—Small Scores Winning Goal

Outplaying Vancouver at all stages of the game and breasting the tapu with a one goal margin over the Terminal City Millionaires, Victoria's entry in the P. C. H. A. sweepstakes went into the lead in the Coast League race by virtue of their win over the Maroon and White septette. Nearly five thousand spectators witnessed the match, the crowd being the largest that ever witnessed a game in the Capital, or for that matter any indoor sporting event. The final score, 4 to 3, does not correctly represent the play, Victoria having a greater shade over the Vancouver seven than the scoring summary shows. Victoria was never headed and should have won by three or four goals. It was a wonderful exhibition of hockey all the way, play being exceptionally clean, the speed and force of Victoria's attack being the winning factor of the "stairway" win.

Victoria's Great Chance. Conditions could not have been fairer for the big match than those under which last night's contest was staged. The ice was like glass, while the players had rested long for the struggle. The league leadership went to the winner, and not only that, but the honor of heading the teams over the first half of the schedule also fell to the club that emerged victorious. It was a case of do or die with the Senators, and they simply toyed with the Millionaires for three-quarters of the contest. Vancouver was decidedly lucky in the score, and the manner in which Victoria assumed the lead tells of the determined play of the locals. Never has Victoria's hockey aggression shown such spirit as was shown at all times in last night's hockey feature, and the one best bet of the season is that the red, white and blue seven will be right up with the leaders when the final dash for the championship arrives.

Biggest Crowd of Season. It was a wildly enthusiastic crowd that greeted the victory of the Capital City seven, and the joyous scenes of the previous victories were again enacted. Victorians are proud of their hockey team and doubly proud of its ability to defeat the highly touted Vancouver septette. The fact that the Capital possesses an athletic team that can compete with, yes defeat, the stalwarts sporting the silks of the Vancouver and Westminster clubs has afforded the local fans untold pleasures, and they are willing to show their appreciation of Victoria's hockey experts by packing the Arena in every game. No other rink in the world can show four packed houses in a row, and at the rate that the Victoria team is now travelling, Lester Patrick will have to increase the seating capacity of the local Arena, if he is to accommodate all who wish to witness the games.

Victoria Started Well. Though the hockey was of the highest order all through the game, Lester Patrick's individual rush for the first goal and his sensational playing at all stages, featured the fastest contest of the season. Cyclone Taylor skated as he did not nearly approach the Victoria leader, though Taylor was easily the pick of the Terminal City team. Manager Patrick opened the scoring with an end-to-end rush for a goal, unassisted, Small boosting Victoria's chances when he took a pass from Rowe, the latter being behind the nets and scored. Lester Patrick and Tommy Dunderdale made it three to nothing when they skated down the ice abreast, the Victoria centre fooling Parr completely. The Senators, up to this time, were literally toying with the Vancouver team, and were apparently masters of the situation. Then came the "break" that almost cost Vancouver the game. Taylor went through and passed to Harris for the first goal, the latter scoring the second, Vancouver tally on a rebound of Taylor's shot that Lindsay failed to clear properly.

Last Session a Thriller. It was the final period that produced the excitement, Vancouver tying the score on a lucky shot by Kendall through a perfect forest of legs and sticks. Victoria's attack had commenced to slacken, but the local fans did not have time to worry. Walter Small coming through in the pinch and placing the game on ice. That one goal margin looked as big as a house, and despite the terrific rushes of the Vancouver defence, proved the trump card. Frank Patrick brought all his strategy in to play in the final five minutes, everybody but Parr, the goal tend, taking a hand at trying to even up the score. The officials called the puck and the Senators wound up with six men, Tommy Dunderdale getting

a kick with a skate five seconds before the call of time.

Forward Line Delivered.

A greater portion of the credit for the win must be given to the Victoria forward line. For the first time this season the Senatorial attack displayed the "pep" that had been expected of it, and the result shows what the league leaders are capable of when they are travelling at top speed. The forwards—back-checked like demons, and were skating all through the piece. Vancouver never started a rush that a Victoria forward did not help break up. Add condition and ability to stick the route to this and you have the ingredients of a perfect hockey machine. Victoria won because every man on the team played at top form. The forwards bore right in on top of Parr, all five goals being scored from a couple of feet outside the net. Indeed, the score would have been much higher had not the Vancouver goal tender played phenomenal hockey. The Senators appear to have struck their stride, the reorganized forward line having a lot to do with its effectiveness.

A Team of Stars.

Bert Lindsay brought down the house with a number of his clever steps, while Goldie Progers and Lester Patrick rushed time and again, the latter doing a wonderful amount of puck carrying. His poke-check also broke up a number of threatening rallies. Walter Small and Bobby Rowe were the pick of the line, this pair being head and shoulders over the Vancouver wing men. Tommy Dunderdale, as usual, broke into the summary, while he missed a brace of shots in the first session that should have counted. Skinner Poulin was the peppiest individual of the lot, showing an utter fearlessness in body checking the heavier Vancouver team. This team right now look to have an even chance for the title, and what is more, carry off the world's hockey honors if they go East after the Stanley Cup.

Millionaires Outclassed.

Vancouver did not show nearly the same form as upon the occasion of that memorable fourteen-minute overtime

game three weeks ago. The Millionaires were bewildered by the burst of speed which Victoria let out in the opening period, and never recovered. The team lacked the aggressiveness of their last exhibition on Victoria ice, while different cogs in the Terminal City hockey machine were not working as they should have. The forwards seemed utterly unable to do anything with the Victoria defence, while Frank Patrick and St. Grifflis were too closely watched to be very effective. Cyclone Taylor was the hardest worker on the line with Fred Harris a close second. The latter notched a brace of goals, while Taylor's skating relieved the Vancouver net time and time again.

Very Few Penalties.

"Cleanest and best game of the year" was the general verdict at the close of the game, Messrs. Gardner and Oatman having very little to do, but nine penalties being issued.

The Teams.

Victoria	Position	Vancouver
Lindsay	Goal	Parr
L. Patrick	Point	F. Patrick
Progers	Center	Taylor
Poulin	Center	Kendall
Dunderdale	Center	Harris
Rowe	Right Wing	MacDonald
Small	Left Wing	New Westminister
Referee	Jimmie Gardner	New Westminister
Judge of play	Ed. Oatman	New Westminister
Timers	G. T. Taylor	New Westminister
Penalty timers	W. R. Wilkerson	New Westminister
Goal umpires	Bill Bryan and Harley Gould	New Westminister

Summary.
1. Victoria, Lester Patrick, 4 to 0.
2. Victoria, Small, 13 to 3.
Second Period.
3. Victoria, Dunderdale, 5 to 4.
4. Vancouver, Harris, 10 to 2.
5. Vancouver, Harris, 45 to 30.
Third Period.
6. Vancouver, Kendall, 7 to 1.
7. Victoria, Small, 22 to 30.

Penalties.
Harris, 3; Dunderdale, 3; F. Patrick, 3; Taylor, 3; Small, 3; totals, Vancouver, 9 mins.; Victoria, 6 mins.

Goal Assists.

Rowe, L. Patrick, Taylor and Harris.

DOES TAYLOR GET AN ASSIST?

Though Silent Jack Ulrich did not figure in the game, it was a Vancouver player, Cyclone Taylor, who made the fourth and winning Victoria goal possible. Kendall had just tied the score by holding the disc through a mass of legs. From the faceoff the puck travelled behind the Vancouver nets. Taylor made a wild, despairing swipe at the rubber and sent it out to Walter Small, the latter showing it past Parr from a few feet out. The Victoria crowd had hardly realized that the

score was tied when Small batted in the goal that gave Victoria the match and the honors that accompanied this victory. Small's score was the signal for a terrific outburst of cheering which grew in volume until the shrill blast of the timer's whistle, announcing the finish, was almost drowned in the perfect bedlam of noise which was let loose as the game ended. Even the small knot of Vancouver rooters was forced to acknowledge defeat at the hands of a better team on the night's play.

GUNBOAT LOSES KEEL.

San Francisco, Cal., Jan. 18.—Gunboat Smith, the California heavy-weight, was knocked out in one round by Judge Graham in the superior court. His wife, Eleanor, won a divorce from him without contest.

"I'll never take a chance again with a pugilist, lightweight or heavyweight," said Mrs. Smith as she received her decree.

ANOTHER FOR RUSSIA.

New York, Jan. 18.—Another of the most noted race-horses is to be shipped to Europe. Billie Burke, 2:03 1/4, the

fastest trotting stallion in training last year, and next to The Harvester, 2:01 and Croesus, 2:06 1/4, the fastest stallion in the world, will be shipped to St. Petersburg. It is reported that the horse will go into the stable of George Bekhmeteff, Russian ambassador to the United States. It is said that the owner, John Howard Ford, of this city, demanded \$50,000 for the stallion.

Jack Warhop of the Yankees has taken on weight until he weighs 171 pounds, and he says it will mean added strength and speed in his pitching this year. His former pitching weight was about 145.

COAST BOXING STARS TO WEAR

J. B. A. A. COLORS

As a boxing impresario you have to hand it to Billy Davies. The J. B. A. A. instructor is now rounding up the

greatest stable of amateur boxers ever gathered together on the Pacific Coast. His latest effort, which it is said will be successful, is to bring Clarence Rothus, the cleverest lightweight ever seen in Victoria, to the Capital. Rothus, who is now in Seattle, has a brother, siding here and the latter states that the ring hero of the Rothus family will also come to this city to take up his residence.

A Splendid Boxer.

Rothus is the mid-mannered youth who earned brackets by giving Scotty McKay the first trouncing he ever received on the coast, and his clean-cut appearance in the ring and his action, made a great hit the first time out. Rothus is a sure comer in the amateur ranks and should carve his name in the pro. Hall of Fame when he decided to enter the moneyed ranks. It will be interesting to have both McKay and Rothus on the same card, but as club mates, and it is doubtful if a better point scoring duo could be gathered together. The James Bay promoter deserves credit for his efforts to popularize boxing in the Capital.

Grand Card Looked For.

For the coming boxing tourney at the Victoria theatre on January 30, Instruct. Davies states that he will feature Gunner Rose, with the McKay boys, Johnny Kelly and possibly Myers, also representing the Bays. The complete card will be announced later.

If no hitch occurs in the transfers, the next few weeks may see the James Bay squad increased by four—Bob Myers, a Spokane lightweight; Johnny

NEW POLO TROPHY FOR PACIFIC COAST

All Clubs West of the Rockies Eligible—Handicap Rating Announced

New York, Jan. 18.—In the handicap rating in the American Polo Association announced yesterday, the Big Four, which won and defended the international trophy, is not disturbed. These men are Lawrence Waterbury, J. M. Waterbury, Harry Payne Whitney and Devereaux Milburn. With Foxhall H. Keene, they are the only nine point men in America.

A spreading interest in polo is indicated by the application of five new clubs for membership. There have seldom been more than two clubs admitted in any previous year, and many years have passed without any gains. The Black River Polo Club, of Montreal; the Hawaiian Club, of Honolulu; the clubs in Boise, Idaho, Los Angeles and Portland, Ore., were admitted.

A new sectional trophy has been awarded to be called the Pacific Coast Circuit Cup, for which all clubs west of the Rockies will be eligible competitors.

WILL COME BACK

HARRY MECK

The wrecking crew of the Victoria Bees will again be with that club this year, according to Mike Lynch, who has just returned to Tacoma from Victoria, where he went to confer with Leonard A. Wattelle, president of the Bees, and T. P. O'Connell, one of the club owners.

"There has been a lot of talk about Meek not being with the team this year," said Mike, "but I want to see him stay, and I am sure that he will be with us when the season opens, April 15." Mike said Meek was too valuable a man to let go. He led the league in batting last season and should prove a big asset to the Bees this coming season.

Dates for the annual St. Louis spring series have been announced. The series will consist of seven games, opening March 29 and ending April 6.

RIGHT-SIDE drive—centre control in a motor car is the same as the film on an everyday camera, the pedal on a sewing machine, the free wheel on a bicycle. The feature that lifts the machine out of the plane of experimentation to the realm of permanent investment.

Reo 1913 is made with two and five passenger bodies, equipped with Gray and Davis Electric Lamps, Dynamo and Self Starter. \$1750 each, f.o.b. St. Catharines.

PLAY FOR ALLAN CUP

Ottawa, Jan. 18.—A suggestion has been made in local amateur hockey circles that an inter-league series be inaugurated between the O. H. A. and Interprovincial, the champion team of each organization hooking up in a home-and-home series at the close of the season, the winner to go after the Allan Cup. It is intimated the idea would be passed upon favorably by the cup trustees and insure one good series at least. As both the O. H. A. and Interprovincial have eyes on a challenge for the trophy this season, it means one or the other will very likely be disappointed in dates.

Would Be Great Series.

The attractiveness of an inter-league series to decide on one challenger from the East would create more interest than the cup games themselves. Another feature in favor of a league saw-off is the fact that under the deed of gift the challenging team is allowed only bare expenses, and a trip to the West, where the cup is now located, depletes the exchequer of the travelling aggregation to such an extent it is difficult recuperating. With an inter-league series, however, say between St. Michael's, should they win the O. H. A. title, and New Edinburghs, who look likely Interprovincial champions, there would be enough surplus acquired at the gate to make the trip more than worth while. It would also mean the inauguration of a rivalry in hockey between Toronto and Ottawa and Montreal that would be on a par with football.

CHANGE OF DATES.

National Golf Meet Postponed Until the Fall.

Boston, Mass., Jan. 18.—A change in the date of the national open golf championship from June 4 to some time in September in order that several British and French players may participate will be agreeable to the officials of the Brookline Country Club, where the event will be held. Such a postponement would bring this country Edward Ray, present British champion; Harry Vardon, George Duncan and possibly several French professionals who play in the British championship late in June.

SOME CLASS HERE.

When driving in runs is considered, teams composed of the timeliest hitters in the big leagues might put up a pretty game against each other. They would take the field as follows:

American	National
Gandhi	First base ... Konechey
Lajoie	Second base ... Doyle
Barry	Shortstop ... Wagner
Baker	Third base ... Zimmerman
Lewis	Left field ... Magee
Speaker	Centre field ... Wilson
Crawford	Right field ... Murray
Stanage	Catcher ... Meyers
Hall	Pitcher ... Alexander

These American Leaguers batted 758 runs last season, while the representatives of the National League brought 702 tallies across. Baker, of Philadelphia, drove in 122 runs, and Zimmerman, of the Cubs, 98. These men were the leaders of their leagues.

The O. H. A. executive will allow the teams of the Association to play in Detroit.

ARENA Fancy Dress Carnival

Wednesday, Jan. 22, 8 p. m.

Only skaters in costume allowed on ice until 9:30, after which hour any one may skate.
Tickets now on sale at "Arena" or Fit-Rite Parlors, Government street.
ADMISSION (spectators and skaters) 50¢

REMARKED ON THE SIDE

Lightweights In Elimination Contest.

Sammy Good and Ernie Barrieau are to meet in a four-round bout in the Terminal City next week, the loser of which is to relinquish all claims for a bout with Joe Bayley for the Canadian title. Both Good and Barrieau have met a number of times in the amateur tournaments, but this will be the first meeting of the pair since they joined the paid ranks. Good states that he is fully fifty per cent. better than when he was defeated by Barrieau in their last amateur bout, and is anxious to bet a little coin on his ability to win from the aforesaid Ernest. The failure of Tom Moore to keep his date with Good led to the remarking that the boys have been passing regarding the respective ability of each other, and Manager Condon will certainly accommodate the winner for a bout with Champion Bayley.

Down With "Lil Arthir."

It is great to read one of the American papers which has for its object the complete "blacklisting" of Jack Johnson. It suggests that the "white champion foolishness" be ignored, and Luther McCarty recognized as the world's heavyweight champion. This is how it reads: "Luther McCarty, native of Sidney, O., is the heavyweight champion, without reservation. He is not merely 'white' champion, but the real champion of the world. He has beaten Jim Flynn, Carl Morris and Al. Falzer, decisively, and Falzer had knocked out England's champion, Bombardier Wells. It is puerile and senseless to refer to McCarty as the 'white champion.' The former title-holder, Jack Johnson, is not a factor in pugilism. He is merely a Chicago nuisance. The public is disgusted with Johnson. He will never be permitted to fight. By his own actions he removed himself from consideration, even as a pugilist."

That Lacrosse Commission.

Con. Jones left for the Panama Canal and George Kennedy went to Chicago after being in conference with representatives of the two Toronto lacrosse clubs in regard to a lacrosse commission to govern the players in the two big professional lacrosse leagues. The only hitch to the arrangements in regard to a lacrosse commission was in reference to the N. L. U., and the fact that the Tecumseh representatives refused to have anything to do with it unless they secured several of their old players back from the coast. The "Big Four" representatives absolutely refused to consider the N. L. U. in any shape or form, and it is likely that the coast magnates will join hands with the "Big Four" and use the same arrangement in regard to players as is done in baseball. This will do away with contract jumping, and the different teams will be able to secure players and keep them.

Murphy Will Stay at Home.

The Tecumsehs will have the pick of any two players that have gone to the coast from that club, while George Kennedy will likely secure "Newsy" Lalonde to manage the Irish-Canadians. James Murphy has refused to go to the coast to place a team in Victoria, as he realizes that it will be hard to gather a team under a commission, as he would be forced to take players from the N. L. U., which does not amount to anything.

Con. Jones is quite confident that he can secure enough talent in the C. L. A. and N. L. U. to build up a team without encroaching on the "Big Four" preserve, and also expects to have the pick of the Mann Cup holders with him next year.

Under the new arrangement the only players that will be free agents are the men who played in the N. L. U. last year, who are not on the reserve lists of any club in the "Big Four." It is likely that some of the players who gobbled everything in sight last year will be forced to take less for their services this summer or sit idly by and watch some other artists perform.

Senators' Chances For the Championship.

After witnessing Victoria's clean-cut win over the Terminals last night, there is not a hockey fan in the Capital who will not give the locals every honor due for their magnificent victory. Vancouver was outplayed in all departments of the game, and the locals for the first time showed their real worth. The local forward line came to life in a manner that tickled the fans, and with the team playing as it did last night, there is no reason in the world why the Senators should not be the team to make the trip east next spring. Certainly the Millionaires did not look the class last night, and Vancouver is liable to run into a number of defeats at home, if Victoria keeps up such a pace. Lester Patrick's proteges have a particularly hard schedule from this out, playing two games on the road before they return to the Willows on January 31. They have an even break at Vancouver next Tuesday, and against New Westminister, on the banks of the Fraser, have the same chance. The Royals will miss Ran. MacDonald's speed not a little, while the champions are not travelling at the same clip as the Senators. From goal out, Victoria looks fifty per cent. better team than last season, while New Westminister does not look any stronger, though Vancouver certainly has a bunch of all-stars.

HOW CANADIANS LEARNED TO SKATE

The Canadian athlete owes his lacrosse to the Indian, but has always been indebted to the Dutch for his skating. It was the Dutch who taught us how to skate. Hockey is supposed to be the lineal descendant of the "hurler" game as played in Ireland. Before Canada occupied the large place it does on the map of the world, and the game is now accepted as peculiarly Canadian, but it is the Dutch from whom we learned to skate, according to a writer in the Toronto Mail and Empire. "The name of the inventor," he says, "is lost in obscurity with the name of the inventor of the first skate," but we know that as far as modern times are concerned, the first manufacturer of skates was a Dutchman, and the first skater was a Dutchman.

"Passing over the days when every skater was the author of his own skates, we find that in the middle of the seventeenth century the Dutch had cornered most of the trade and were admitted to be the best manufacturers of skates in the known world. The Holland model was copied on all hands, and the Canadians who skated then were dependent upon the Dutch for their styles. Then, as now, the blade of the skate was composed of iron or steel. It was attached to the foot by means of a wooden platform. A skater simply stood upon his skate and had it lashed upon his foot. It was some time subsequently that the strap was invented, and for many years thereafter the skates were a curved blade of steel, with a wooden top, which was attached to the skater by means of straps. A peculiarity of the early Dutch skates was the curve in front. It may have been deemed modest to end the blade in a point, more probably it was considered dangerous. In any event the skate ended in a whirl of steel, the skater being of opinion that the curve prevented him from stubbing his toe or tripping on the ice.

"This curve skate with wooden fittings was the standard for many years, and it was due to an American that the next improvement was added. This was the shape of a socket in the heel of the boot, which most of us can still remember. The curve had disappeared from the toe of the skate by this time, but the upper part was of wood. There were holes, too, through which the straps passed to attach the skate to the boot. Inserted at right angles to the boot the skate entered easily. But when the toe was strapped on it was impossible for the heel to slip. This was hailed as a great invention, for the trouble with the skate slipping from the boot was abolished, and the skater could be reasonably sure that his skates and his boots would not part company in the course of the exercise. For many years the wooden skate with the socket in the heel was the admired of all skaters.

"In England, before the introduction of the acme skate that would clamp itself upon any boot the fashion of having special skating boots had arisen. On the fens, where skating and especially figure skating, was very popular, and had indeed attracted the attention of the champions of Europe the habit of having special boots for skating had arisen. In this country the idea was to use the ordinary boot. Wearing, as a rule, boots with thick soles, it was found that the skates attached themselves easily. In England, however, thinner soles were the style and under the clamp the soles crumpled up. Therefore, the English acquired the habit of using special skating boots. The latest example, and harks back to the time when there was no such invention as the skating strap. The modern skate is attached to the boot by means of screws. The skate is screwed into the boot, and the boot and skate are attached to the foot at the same time. We have discovered, too, the advantage of the straight blade, and the ancient curve has been abandoned. In Europe the demand for speed has not been so insistent, and there the curved blade remains to give the European an advantage in fancy skating, while to this continent of the straight blade they have yielded the palm for speed."

SPORTING NEWS (CONTINUED)

SEATTLE WILL OPEN SEASON WITH SMALLEST SQUAD IN NORTHWESTERN

Thirty-Two Sound City Ball Tossers Will Report Early in March—Tacoma Laughs at Youthful Hold-outs—Bobby Coltrin Asks for Boost in Pay

Seattle, Jan. 18.—President Dugdale and Manager Tealey Raymond were comparing notes yesterday, and discovered that they will open the training season with about thirty-two players. This will be the smallest squad in the league, reports from other cities indicating a list of forty or over. "Big Bill" James writes Raymond that he is feeling well, and anxious for the time to report to Boston. Raymond says that when the Boston fans see Bill walk out to the middle of the diamond they will adopt him without a dissenting voice.

Tacoma Hold-outs. Pitcher Bert Fitchner has signed with the Portland Colts. He was a member of the Portland Coast League club part of last season, but was recently switched to the Northwestern League. Should he have control with his terrific speed, it is predicted that he will be a valuable addition to Nick Williams' pitching staff.

Report has it that Pitcher Concanon and Infielder McMullin are backward in signing with Tacoma, because

Joe McGinnity will not divide the sale or draft prices with the players. While McGinnity has not seen these players perform, he is too old in the game to be worried. For two youngsters to place themselves in the "hold-out" class on account of what might happen, is absurd, and the new owner of the Tigers will probably have a quiet laugh over it.

Coltrin Wants Raise. Bobby Coltrin, shortstop on Nick Williams' team, asks for an increase in salary for 1913 and gives as his reason the following: "I know that I didn't play wonderful ball last season—in fact, some of the time it was far from perfect, but I have a 'hunch' that I am going to have a great year in 1913, and think you ought to give me more money on the strength of that."

President McGinnity has heard all sorts of reasons offered in order to get a raise, but admits that this is an entirely new one, and on the strength of it will add at least 20 or 30 cents to each pay cheque slipped the little fellow.

DUNDERDALE LEADS COAST LEAGUE

Victoria Rover Scores Eighth Goal of Season—Vancouver Has Best Scoring Team

Not only has Victoria the honor of heading the Coast hockey teams in the race for the P. C. H. A. championship, but the Senators also possess the leading goal-getter in Tommy Dunderdale, the flaxen-haired rover of the Capital City septette. Dunderdale, when he notched the third goal of Victoria's total last night, went into the lead over St. Griffin's, the Vancouver cover-point, who, up to last night, was a tie with

the speedy Victoria forward. Dunderdale looks good to lead the league for the remainder of the season, as Griffin will scarcely maintain his present gait, while the other forwards do not appear to be in Dunderdale's class as goal-getters.

Close Scores Here. Walter Small also boosted his average by bulging the net on two occasions, while Lester Patrick scored his second goal of the night. Vancouver has a big lead in team scoring, while Victoria's defence work is about the best in the league. Remarkably close scores have featured the local games, but five goals separating the winning and losing teams in four matches, a record that will probably stand in senior hockey.

SCORES WINNING GOAL

WALTER SMALL.

Walter "Poke" Small, Victoria left wing who notched two of the goals that gave Victoria the lead in the P. C. H. A. Small is the greatest exponent

of the "poke check" on the coast. Indeed if not in the world. He is playing brilliant hockey this year and is proving a more valuable man on the line than on the defence.

BRITISH FOOTBALL.

London, Jan. 18.—League football games played this afternoon resulted as follows:
First Division.
Bradford City 4, Bolton Wanderers 1; Chelsea 1, Newcastle United 0; Derby County 5, Tottenham Hotspur 0; Everton 4, Manchester United 1; Manchester City 4, Liverpool 2; Sheffield Wednesday 3, Notts County 1; Sunderland 1, Oldham Athletic 1; West Bromwich Albion 2, Aston Villa 0; Woolwich Arsenal 1, Sheffield United 2.

football games, played this afternoon, resulted as follows:
Aberdeen 4, Airdrieonians 1; Hibernian 1, Celtic 0; Clyde 0, Rangers 0; Queen's Park-Dundee abandoned; Morton 1, Falkirk 3; Kilmaronock 1, Hamilton Academical 1; Raith Rovers 3, Heart of Midlothian 3; Motherwell 0, Third Lanark 0; Patrick Thistle 3, St. Mirren 1.

In addition to Eddie Lowrey, the Ottawa Hockey Club is after the services of Angus Duffer, the New Edinburgh wing, who has been showing up so well in the Interprovincial. According to the club management they are hot on the trail of "Chicken" now.

WHEN OTTAWA THREW AWAY A HOCKEY CHAMPIONSHIP

It's funny how individual players come to the Pacific slope and make good in the seven-men game, while in the east they were considered lemons at that style of hockey.

Kenny Mallen is an instance. He is putting up a fine brand of hockey just now for New Westminster. While he was with Ottawa and Quebec he was not rated very highly on account of his disposition to wander around the ice. Mallen was really never given a fair chance in Ottawa. In fact it was public property he was in bad with some of the other players, and for that reason his opportunities were considerably curtailed.

There was one time Mallen was prepared to put up the game of his life, but he was denied the chance, with the result Ottawa lost the championship and Mallen in the bargain. That was in the winter of 1910. Ottawa

went down to play Wanderers after winning seven straight games. Bruce Stuart had his collarbone cracked, a few days previously in the game with Renfrew, and Mallen was billed to play the position. Kenny was on edge for that game and had his mind made up to come across as he never did before. But the Ottawa management believed a man with a rep. would fill the bill better and wired for Walter Small, who had jumped the Cobalt club to join the team. He reached Montreal two hours before the game after travelling twenty-four hours.

There was a great row in the Ottawa dressing room when it was learned Small was to play. The upshot was the team went on the ice nursing a groinch a mile in circumference and were beaten 7 to 5. That settled Mallen. He went to Quebec the next season and played two years down east before coming to the coast.

SENATORS TO OPEN ROYAL ARENA

New Westminster Rink Nearly Ready—Manager Gardner Looks for Champions to Stop Victoria's Rush to Coast Title

"Wait until we get your league leaders on our ice, you'll soon see them drop a few pegs," was the boasting remark of Jimmie Gardner, the New Westminster manager, after last night's game. Jimmie is not at all disheartened by the loss of four straight games and states that the champions will yet have a great deal to say as to the final resting place of the Paterson Cup this winter. Gardner expects to win all of his home fixtures and to win enough games on the road to retain the "silverware". He hopes Victoria out as the real contender for the championship, though he recognizes Vancouver as an all-star team. The Senators, however, have shown in-and-out flashes that do not carry the confidence in their ability to win that marks the steady play of the Senators.

League Leaders Honored. Manager Gardner states that the rink management at New Westminster have located the short circuit that stopped work at the Royal City rink, and with the interior work completed, there is absolutely no chance of a further postponement being ordered. Victoria, therefore, will have the honor of inaugurating hockey in New Westminster on January 24. The postponed games will be played on dates to be set at the next meeting of the coast officials in Vancouver Tuesday night.

WILL FIGHT AL PALZER

JACK JOHNSON

New York, Jan. 17.—Jack Johnson agreed to fight Al Palzer in Paris for the world's championship on the night of June 25, the eve of the Grand Prix races. Tom O'Rourke, Palzer's manager, announced the receipt of a telegram from Johnson in Chicago, accepting the terms offered by R. Lippe in Paris, arranging the match. The terms give the winner 60 per cent of the gate receipts with a guarantee of \$20,000. Johnson's telegram follows: "Terms satisfactory. We will make arrangements when I see you in regard to pictures and transportation. Wire Lippe O. K. Thanks."

SUPPORT VANCOUVER.

A report says that the Seattle bowlers will back up Vancouver bowlers in their stand against the high-handed methods of the Western Bowling Congress, even if it comes to a complete break with that organization.

P. C. H. A. STANDING.

	W.	L.	F.	A.
Victoria	4	1	21	19
Vancouver	3	2	20	19
New Westminster	0	4	13	25

Next match—Victoria at Vancouver, January 21.

CLARENCE ROTHUS BEAT LARRY GAY

Seattle Carried Off Inter-Club Honors at Portland Last Night

Portland, Ore., Jan. 18.—Seattle carried away every event in one of the best inter-club meets ever held in Portland, staged last night at the Multnomah club, when the winered M. representatives clashed with the Seattle Athletic Club mitt and mat men. Seattle's representatives arrived in Portland yesterday, under the care of Superintendent Ingles, and all the boys went to the club for a little workout to limber their muscles after their train trip.

The feature bout of the evening on the boxing card was between Tad Derbyshire, who will meet Bob McAlister of the Olympic Club at San Francisco on January 28, and Coshaw of the Seattle Club. Coshaw led all the way and at no time was he in danger. He showed great control and won an easy decision.

Rothus Wins. The inter-club wrestling matches furnished a great deal of excitement. George McCarthy, the P. N. A. champion middleweight grappler, made good out of his class when he met Siegel of Seattle, making a good showing, though Siegel's weight was too great. Bangumweight Wrestler Clibborn made his first public appearance in his go with Oliver Runney of the Seattle Club, the latter winning. Clarence Rothus, S. A. C., defeated Larry Gay in boxing.

Pending the sale of the Philadelphia National League Club, which was asked by Manager Doolin on a number of players may be 5:30 up. Among those Doolin planned to rid the team of were Shultz, Davis, Angus Nelson, Nicholson, Ritter and Davis.

CANADIAN TOURNEY MAY COME TO COAST

Milton Oppenheimer Back From Meeting of Amateur Union in Toronto

Vancouver, Jan. 18.—British Columbia has an excellent prospect of securing the Canadian amateur boxing championship tournament this season, according to Milton Oppenheimer, secretary of the British Columbia Amateur Athletic Union, who returned yesterday morning from an extended visit to the east. While away he attended the annual meeting of the A. A. U. of C. at Toronto, organized a national association to govern amateur lacrosse and hobnobbed with the eastern sport leaders. He will prepare a report of his trip this week and a meeting of the Vancouver branch of the B. C. A. A. U. will be called for early next week.

At the meeting of the Canadian Union the annual Canadian track and field championships, which will be held in August, were allotted to British Columbia this year, and the delegates seemed very favorable disposed for the holding of the boxing championships in this province. These are due to come off about April.

R. V. Y. C. TO HANDLE RACE

A meeting of the Victoria Yacht Club will be held next Tuesday night, at which a formal request of the citizens committee to handle the carnival aquatic programme will be received.

The plans to hold the international regatta, which was allotted to Victoria at a meeting of the Northwest Yacht Racing organization a couple of years ago, during carnival week, the dates for which are from August 1 to 6.

The principal event in the regatta will be the race for the Northwest international championship, of which the Alexandra trophy is emblematic, between boats from Seattle and Vancouver yacht clubs. It is hardly likely that Victoria will be represented in this race.

The Alexandra trophy is at present held by the trustees in Vancouver.

LEAGUE LEADERS.

Dunderdale (Vic.), 5 games, 8 goals; Griffin (Van.), 5 games, 6 goals; J. McDonald (Van.), 5 games, 6 goals; Harris (Van.), 5 games, 6 goals; Kendall (Van.), 5 games, 4 goals; Taylor (Van.), 5 games, 4 goals; John (West.), 4 games, 4 goals; McDonald (West.), 4 games, 4 goals; Rowe (Vic.), 3 games, 4 goals; Small (Vic.), 5 games, 4 goals; F. Patrick (Van.), 5 games, 3 goals; Gardner (West.), 4 games, 2 goals; Mallen (West.), 4 games, 2 goals; Ulrich (Vic.), 2 games, 2 goals; L. Patrick (Vic.), 2 games, 2 goals; Poulin (Vic.), 5 games, 1 goal; Johnson (West.), 4 games, 1 goal.

RICH CROSS-COUNTRY EVENT.

Ottawa, Jan. 18.—Ottawa is to have the biggest steeplechase in America, according to directors of the Connaught Park Jockey Club. It will probably be known as the Duke of Connaught Steeplechase, and will carry a trophy, either in the form of a cup, or plate, with it. It will also have a handsome purse with it, and it is expected that extra money will be added in order to make it the richest cross-country event on the continent.

DERBY POSTPONED.

Nome, Alaska, Jan. 18.—The Solomon Derby, one of the popular dog races of the year in the north, has been postponed until January 25. The race was to have been held to-day, but on account of the heavy snows the drivers determined to wait. The race will be over a sixty-mile trail, from Nome to Solomon. A purse of \$200 has been raised in Solomon for the winner of the event.

FASHION says "larger ties for winter wear." The "REGINA" is a new model from London.

As you see, it has ample space to show the larger ties.

"WATROUS" is the same style but slightly higher.

RACES AT CARNIVAL

Geo. Gowler repeated his previous victories in the Wilkerson Cup skating race at the Arena last night, defeating a field of five in easy fashion. A brace of new contenders for the second prize appeared in the Bloomfield brothers, who finished second and third. Art Menard was going strong when he fell three laps from the top, being beaten by a nose for show money.

Carnival Races. For Wednesday's big carnival race, Gowler will be handicapped a lap, and with the advent of the Bloomfield boys, it is a cinch that he will have to step his limit to win. Lester Patrick is trying to arrange a pro. race and unless some of the local stars are hurt in Tuesday night's game at Vancouver, the team will send at least four entries into the event. In connection with the carnival, Manager Patrick has arranged to have three of Victoria's prominent ladies to judge the costumes and handsome prizes will be awarded the winners.

Big Night Assured. It is hoped that the skaters will follow out the directions for the Grand March, to be issued on Monday, so as to avoid confusion. The burlesque hockey match will be put on immediately following the Grand March and the presentation of prizes will follow the winding up of this contest. Special music will be rendered by Handmaster Rowland and a carnival night of the real brand is looked for.

WORLD'S RACQUET TITLE.

Philadelphia, Pa., Jan. 18.—Jack Souter, the veteran professional of the racquet club of this city, and Charles Williams, of England, are arranging a match for the title of world's racquet champion and \$2,500 a side. Articles of agreement are on the way to-day to Williams, according to which the first match will be played here in March, and the second in London in May.

SPORT NOTES

Ottawa are making another attempt to sign up Eddie Gerard, the New Edinburgh crack player.

Franchette, who is out with the Tecumsehs, is wanted by the Canadians George Kennedy likes the name of the ex-Alert player.

Ottawa papers are roasting their professional team for losing to the Tecumsehs. It was an awful blow.

By the winter's fire think—this over: One-third of all the cars on the highway are Ford cars. Could this remarkable condition be possible—did not the Ford indisputably excel in economy and real worth? Think it over—by the winter's fire

GREENWOOD'S POULTRY SCORES.

Won High Scoring Prize.—Judge Lampman Also Had Success.

At the Nanaimo poultry show which closed on Thursday victorious fanciers were well represented among the winners. Probably the chief winner was E. Greenwood, with his Black Minorcas, which won the clock presented by Mr. J. H. Hawthornthwaite for the 5 highest scoring birds in their class. With Partridge Wyandottes W. O. Carter won 2nd and 3rd cock, 1st and 2nd hen, 2nd cockerel, 2nd pullet and 1st and 2nd pen.

Judge Lampman won with Blue Australorps 1st hen, 1st and 2nd pullet, S. C. Rhode Island Red, 1st hen, 1st pullet, Silver Wyandottes, 1st cock and 1st hen, and Old English Game Bantams, 1st cock, 1st cockerel, 1st hen and 2nd pullet.

Besides his winnings, with Minorcas Greenwood won 3rd Barred Rock cock and 2nd in both S. C. and R. C. Rhode Island Red cockerel.

Next week the big provincial show is on in Victoria at the Exhibition grounds.

One of the minor industries of London that is not dying is that of the pavement artist. His numbers, if anything, are on the increase, and it is reckoned among the fraternity that there are now about 50 of them pursuing this calling in the metropolis. With about 500 pavement artists in London, each earning on an average 15s., something like £1,500 is given very week by pedestrians in the metropolis.

Pockets hidden in the hat brim are the latest feminine fancy.

"DIVINE SARAH" AS LUCRECE BORGIA

BETRAYS ALL HER OLD GENIUS AND CHARM

World's Greatest Actress is Heard at the Victoria Theatre—Given Warm Reception

The people of Victoria last evening had an opportunity of paying tribute of admiration to the genius of the greatest actress of the age, possibly of any age, the "Divine Sarah Bernhardt."

The ovation she received in this last outpost of the West, though but an incident among the hundreds of similar triumphs which she from time to time has enjoyed since first her genius flamed upon the frequenters of the Comedie Francaise, was not one whit less tumultuous than in the city which first made her its idol, nor than in those other eastern capitals where her name is something to conjure with.

It would seem that the great actress has discovered the fountain of perennial youth. Her eyes, her smile, her voice, her spirit—particularly her spirit—are still in their April-tide; she is still the woman of infinite variety of mood, or unfailing charm, possessing that great knowledge of humanity in all its myriad phases which have placed her at the very top of the ladder of fame.

It would need a quill dropped from an angel's wing whereby to describe the power, witchery, sweetness, and passion—that wonderful voice of gold—of a timbre, of a grandeur, of a magic that stirs all hearts! In almost every country in the world, to all races, creeds and peoples it has given it wonderful message, so that to-day kings, potentates, plenipotentiaries and prime ministers are but private persons compared with her. She reigns as queen over a million hearts—a queen who may be deserted but can never be de-throned.

Last evening that glorious, vibrant voice swept through the theatre until the very walls seemed to rock amid the musical tumult of sound, passionate declamatory, soft and winning, humorous and tender. And yet in all that magnificent torrent of words that Victor Hugo has placed in the mouth of his Lucrece-Borgia, there was not one syllable in her perfect elocution that was not as clear as a crystal drop.

Wonderful Gestures.
It was not necessary, even if it were possible to do so, to describe her gestures, the incomparable grace of every movement, the hands eloquent of every passing emotion. Madame Sarah is the greatest exponent of the art of gesture that ever lived. She can express more in a movement than most actresses can accomplish in the course of a four-act play.

Tallegen, one of the best-known actors on the French stage, was superb in the role of Alphonse d'Esta, in which he found ample scope for his declamatory ability. M. Terrestri was also convincing in the other important part of the Capitaine Genaro.

A lovely bouquet of white roses was presented to the Divine Sarah by the members of the Alliance Francaise, who occupied one of the boxes. Over the box was folded a huge tri-color embellished with golden fleurs-de-lys. As a compliment to the great actress, the stirring melody of the Marseillaise was played just before the rise of the curtain.

The remainder of the vaudeville programme was amusing and entertaining.

BROKE LEG ON ICY WALK.
W. Gower Slipped on Pavement—Was Removed to Jubilee Hospital.

Slipping on the icy walk at the corner of Cook street and Pandora street early this morning, W. Gower, one of the janitors at the post-office building, fell and broke his leg just above the ankle. He was taken to Dr. Bapty's office in the police ambulance and thence to the Royal Jubilee hospital after the bone had been set.

Imported German Beer, the finest on the market, 10c per glass, at the Kaiserhof.

"VOTES FOR WOMEN" FINDS ADVOCATES

Local Suffragettes Campaign at Election—Nearly a Thousand Sign Petitions

A new and interesting element was introduced into the proceedings at the polling booths on Cornorant street on Thursday when the local "Votes for Women" organization distributed literature at the small shop which they kept open during the day. It had been intended by the organizers to have open-air speeches at intervals during the afternoon, but such a number of people came in to sign their names to the petitions asking that the government grant equal franchise to men and women, that the assistants' time was entirely concentrated on this work. Nearly a thousand voters called during the day and signed their names to the petitions, among the signatories being the entire membership of the fire brigade, who went solidly in favor of the granting of woman franchise, saving one "Charlie," who proved obstinate to argument.

The organization is proud of the success of its enterprise, particularly in view of the fact that the society decided only 24 hours before to undertake the campaign. That the feeling of sympathy was of a quite practical nature was proved by the willing manner in which volunteers offered their services to assist in the canvassing of the voters as they passed to and from the booths. The "Suffragettes," as they were popularly called, added to their popularity by serving coffee and cakes to those who felt the attraction of the form of refreshment, the counter being in charge of Miss Kathleen Gordon.

The entire campaign was organized by Miss Dorothy Davis, provincial organizer for the Political Equality League; Mr. and Mrs. Saunders and Mr. Daniels, others who helped being Mr. and Mrs. Pethick, Mr. and Mrs. Michael Hallward, Mrs. Baer, Miss G. Macdonald, Miss M. Ralph, Miss Edith Jobb, Mrs. Registrar, Miss Kinto, Miss Liddle and many others. Good humor and enthusiasm prevailed, and nearly two hundred people signified their intention of joining the local organization which is urging forward the propaganda in favor of equal manhood and womanhood suffrage.

Discolored, Wrinkled Skin Easily Renovated

(From the Woman Beautiful.)

Since brown or yellow, over-red or blotchy complexion are decidedly not the fashion, I cannot understand why so many continue to wear them. Surely every woman has heard of moricized wax. This I know—from my own and other experience—will positively banish every unsightly tint. The wax really takes off a bad complexion. It gradually, harmlessly, absorbs the thin layer of surface skin with all its defects, as chaps, liver spots, pimples, freckles, blackheads. Just as gradually the discarded skin is replaced by the clear, white, youthful skin underneath. Moricized wax, procurable at any drug store, is applied nightly like cold cream, and erased mornings with warm water. One ounce will produce the loveliest girlish complexion in less than a fortnight.

I can't understand, either, why folks will be bothered with wrinkles, since the famous saxolite formula has become public property. One ounce of powdered saxolite dissolved in a half-pint witch hazel, makes a wash lotion that will quickly efface every line, even the deepest.

LOCAL NEWS

Do You Feel Like a Good Lunch To-day?—You can get the best at the Kaiserhof, and the price is only 35c.

A Devoted Assistant.—One interesting phase in connection with the election of Thursday was the devotion of a lady to Mrs. Jenkins' candidature for the school board. She stayed by the booth nearly all afternoon and evening, asking voters to remember the retiring lady member, and taking only some light refreshment at the instance of an aidman, so that she might carry on the good work to the last moment.

Daughters of Scotland.—The regular monthly social and dance of the Daughters of Scotland was held last evening at the Foresters' hall, Broad street, the affair proving unusually successful, and nearly two hundred people being present. An excellent supper was served at 11.30 p. m., this being provided by a committee of ladies. Music was provided by the "Angus" three-piece orchestra, dancing continuing until 1.30 a. m., when the strains of the National Anthem brought the proceedings to a close.

Uplands Estate Almost Completed.—The contractors on the Uplands improvements have completed their work except for parts of the pavement which have been held up by the present spell of frost. Many of the roads are now passable for motor traffic and the run through the estate makes a delightful afternoon's spin, an opportunity of which large numbers of motorists are availing themselves. The street cars will be in operation within a very few days.

You Cannot Be Too Careful where you eat. Try the Kaiserhof, purity and cleanliness are the watchword there.

CONSTRUCTION MUST CLOSE UP SHORTLY

Serious Financial Situation Faces School Board Unless More Debentures Are Sold

The first question which will confront the new school board will be the question of financing the buildings under construction. The board will sit on Wednesday, after being duly sworn in, and the work of the year will be commenced at once. The school board had on hand in the closing months of 1912 the balance of two loans, No. 6 for the High school, and No. 8 for other schools. There was about \$115,000 available from these two funds when a financial statement was presented some eight weeks ago to the board, and in all, after various amounts have been paid to the three contractors interested, there is now left some \$40,000. The fact of the matter is that recently the funds of No. 8 loan have been used to pay the cost of construction of the High school, the income from the school debentures are sold. However, as the city has been unable to sell one dollar's worth of school debentures, in spite of the statement to the contrary several weeks ago, there will not be funds available for either the High

school or public schools' construction after a few weeks. The monthly bill of Pindale & Malcolm, contractors for the High school, is about \$20,000, and as the work on the Burnside and Oaklands schools will be more expeditious when the season opens, \$40,000 cannot go very far. Unless some other means of meeting the situation is devised, the board will be obliged to check construction shortly.

These Are the Days of Specialists.—The Kaiserhof specializes in the finest imported and domestic delicatessen.

A woman who was driving her own motor car on the road between Caen and Courcelles, France, became so agitated on having her hat blown off that she lost control of the car and knocked down and killed a pedestrian.

MINARD'S LINIMENT

LAXATIVE FOR OLD PEOPLE—"CASCARETS"

What Glasses Are to Weak Eyes—Cascarets Are to Weak Bowels

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels need is the gentle, constant stimulation of Cascarets. One that can be constantly used without harm. The only such tonic is Cascarets and they cost only 10 cents per box at any drug store. They work while you sleep.

staying at the Dominion hotel for a

few days.

W. L. Burnham and Miss Burnham,

of Vancouver, are guests at the Do-

minion hotel.

Miss Eva Cole, of Juneau, Alaska, is

the guest of her sister, Mrs. George

Stelly, 1034 View street.

James Kerr, representing the Van-

couver Sun during the session of the

legislature, is in the city.

H. L. Cunningham and Mrs. Cun-

ningham, of Vegreville, Alta., are regis-

tered at the Dominion hotel.

Friends of Mrs. Marcella Cole, of

Juneau, Alaska, will regret to hear

that she is confined to St. Joseph's hos-

pital.

Parker Williams, member for New-

castle in the provincial house, is stay-

ing at the Dominion hotel during the

session.

J. de Groot, of Lesse, Holland, re-

turned to Victoria yesterday after a

day's absence, and registered at the

Dominion hotel.

Miss M. LeRoy and Mrs. Bird, of

Vancouver, are the guests of Mrs.

Bird's mother, Mrs. S. W. Dinsley, 2516

Rock Bay avenue.

T. F. McDowell, a well-known busi-

ness man, of Vancouver, has just

undergone a successful operation at

St. Joseph's hospital.

Mr. Luke Gibson, of Hope, who was

a member of a delegation from that

town to interview the provincial gov-

ernment, has returned to the mainland.

A. E. Matthews, of Seattle, is at the

Ritz Hotel.

H. B. Hanway, of Vancouver, is at

the Ritz Hotel.

S. J. Reiter, of Seattle, is among the

guests at the Ritz Hotel.

Max Vasold arrived from Chicago

yesterday. He is at the Ritz Hotel.

J. A. Budham came from New York

yesterday and registered at the Ritz

Hotel.

M. Savanoff and his brother, of New

York City, are included in the guests

at the Ritz Hotel.

Alberni, are staying in the city for a

few days and are registered at the

King Edward hotel.

A. H. B. MacGowan, one of the mem-

bers for Vancouver in the provincial

parliament, is staying at the Empress

hotel during the session.

Mr. and Mrs. Walter Loveland, who

are accompanied by their son, Master

Walter, have removed from Nelson,

and will make their home in this city.

Francis Manning arrived in the city

yesterday, completing a trip from New

York City. He is staying at the Ritz

Hotel.

Mr. L. O. Sloane, of Juneau, Alaska,

arrived at the Empress hotel this

morning, and will spend some time in

the city. He is widely known in Vic-

toria.

J. D. Roberts, of Hope, arrived in the

city yesterday and is staying at the

James Bay hotel. It is understood that

he is taking a position with the gov-

ernment.

Major H. S. Matthews, commanding

D Squadron, 21st Regiment British

Columbia Horse, is expected to arrive

in the city early next week. He will

visit Shawinigan lake before returning

to Nicola.

Mr. R. Brown, managing editor of

the Vancouver Daily Province, who

came over for the opening of parlia-

ment, left for Vancouver again this

afternoon.

A. H. McNeill, K. C., solicitor for the

Great Northern railway, was a visitor

to the city yesterday on business con-

nected with the Victoria & Sidney

railway. He returned to the mainland

last night, but will be over here again

early next week.

YOUNG WIFE
SAVED FROM
HOSPITALTells How Sick She Was And
What Saved Her From
An Operation.

Upper Sandusky, Ohio.—"Three years

ago I was married and went to house-

keeping. I was not

feeling well and

could hardly drag

myself along. I had

such tired feelings,

my back ached, my

sides ached, I had

bladder trouble aw-

fully bad, and I had

not a morsel of sleep.

I had headaches, too, and

became almost a ner-

vous wreck. My doc-

tor told me to go to a hospital. I did

not like that idea very well, so, when I

saw your advertisement in a paper, I

wrote to you for advice, and have done as

you told me. I have taken Lydia E.

Pinkham's Vegetable Compound and

Liver Pills, and now I have my health.

"If sick and ailing women would only

know enough to take your medicine, they

would get relief."—Mrs. Bessie H. STANS-

BURY, Route 6, Box 18, Upper Sandusky,

Ohio.

For thirty years Lydia E. Pinkham's

Vegetable Compound, made from roots

and herbs, has been the standard remedy

for female ills, and such unquestionable

evidence as the above proves the value

of this famous remedy and should give

you confidence.

ence with Sir Richard McBride yester-

day, "just renewing an old acquaint-

ance," as he put it.

Andrew Bryden, superintendent of

the mines of the Inland Coal & Coke

Company, at Coal Hill, near Merritt,

spent a few days in the city during

the week. He reports a satisfactory

Madame Bernhardt.
The repertoire of Madame Sarah Bernhardt, the greatest of living actresses for her appearance at the Victoria theatre this evening includes the famous last act from "Camille," the fourth act of "Phedre," the "torture scene" from "La Tosca," the third act from "Theodora," the third act from "Lucrece Borgia," and a one-act play by her son, Maurice Bernhardt, in collaboration with Henri Cain, called "Une Nuit de Noel, Sous La Terre" (A Christmas Night Under the Terra). Half an hour will show how this particular selection strikes the salient points in her long career. In this Victor Hugo play, the act presented shows the imputation and poison scene between Ferrara and Lucrece, and the escape of Genaro. "Camille" is probably the greatest interpretation—certainly the most famous ever made by Madame or her living contemporaries. Its dominance in her long repertoire is, of course, in small part due to the historic importance of the play itself, since with it Dumas fils changed the method of play writing, the world over. But chiefly the role is immortal because in it Madame reaches all the different heights of which she is capable.
The accompanying all-star Orpheum cast includes the Bartholomae play-

thine to be relished by those who care for something new.

"A Modern Eve."
Interest is being evidenced by music-lovers in the engagement of the Berlin opera, "A Modern Eve," which Martin Beck and Mort H. Singer will present at the Victoria Theatre, January 20 and 21. Mort H. Singer is credited with the greatest success in his producing career in this musical offering. Its record run of sustained capacity business speaks volumes for its merits. The scenes of the story are laid in France, and the interest centres around the Cascadier family, consisting of father, mother and two attractive daughters. While advocating sex equality, the mother assumes superiority for her sex, and dominates the household. The husband and father is really the housekeeper, while Mme. Cascadier practices law and attends her clubs. The two daughters are also engaged in professional pursuits, one as a physician, the other as an artist. They are to be independent of men and above silly love affairs. But two ardent and desirable suitors complicate matters, finally routing the forceful mother and compelling the daughters to capitulate to love. Among the most attractive numbers to be heard are: "Good-bye, Everybody," "Hello, Sweetheart," "You're Such A Lonesome

PAUL J. RAINEY AND TWO COLOBUS MONKEYS CAPTURED BY HIM
Shown in the motion pictures of his African hunt, at the Victoria Theatre, three nights, commencing January 23.

to increase my avoirdupois will receive a respectful hearing."

An Unusual Opening.
Do you know that one of the most successful plays of the day opens with "graveyard" scenes? Such is the case and the play is "Kismet," in which Otis Skinner is having a successful season. Before the curtain rises on the Edward Knoblauch play one of the characters, the story teller, steps in view of the audience and gives utterance to this prayer:

"Praise be to Allah, the King of All Kings, the Creator of all things! Who like a carpet hath spread the earth to our tread and even as a tent set up the firmament overhead. And on Mohammed, his prophet among men, the blessing of blessings again and again. Amen."

Is a Good Shot.
One of the pretty girls in "Little Boy Blue" is Kathryn Stevenson—who plays the role of Kittie, Lord Gopher's niece and ward in the successful operetta under the management of Henry W. Savage. Miss Stevenson hails from Des Moines, Iowa, where she once enjoyed the distinction of being the best marksman in her home town. In fact, she was able to defeat many of the men "shoots" who claimed supremacy with the rifle and shotgun. She is particularly an adept at clay-pigeons.

Nella Bergen Asks Divorce.
Mrs. Ellen Bergen Hopper, known on the stage as Nella Bergen, began action at Hempstead, L. I., a few days ago against De Wolf Hopper, the comic opera star, before Supreme Court Justice Scudder in the Nassau County Court.

The bill of particulars, was signed by John F. Craven. No children have resulted from the marriage and Mrs. Hopper asks for no alimony. No defence was interposed by the comedian. Justice Scudder reserved decision.

He Likes It.
You can't hurt Maclay Arbuckle's feelings by calling him fat. He is fat and he's glad of it. He thinks even that it has contributed to his success as the star of "The Round Up," the stirring play of the Arizona desert in which he is appearing under the direction of Klaw and Erlanger.

"The only drawback to being fat," said Mr. Arbuckle recently, "is the large amount of advice, written and spoken, that I receive on how to get thin. I don't want to get thin, but that makes no difference. I am constantly advised to try this diet or that, to stand on my head in the morning or do hand springs; to take hot baths three times a day; to ride horseback or at least to walk twenty-five miles every afternoon. I want to go on record as saying that these or similar suggestions are unwelcome, but anybody with a proposition that will tend

matrimonial race between himself, Lilian Russell and Nat Goodwin.

"The Confession Coming."

James Haddock Reid's play, "The Confession," which has caused so much comment all over the country, will make its first appearance in this city at the Victoria Theatre, January 23. "The Confession" is an intensely human, powerful drama, with an uplift and a purpose. Its author is making no extravagant claim for his production, preferring to let the press and public be the judges of his efforts to present something really worthy of patronage. The players presented by the management are worthy of attention, and the following list contains the names of many who have been seen here before and who have been engaged for their exceptional ability: Richard Sterling, Charles Canfield, George Manning, Frank I. Frane, Thad Shine, Walter Ross, William Ingram, Martin Malloy, Adalyn Bushnell and Adalid Gouindre.

Jungle Pictures.
The motion photographs taken by Paul J. Rainey and his assistants in the African jungle, will be the attraction at the Victoria theatre for three nights beginning next Thursday, January 23. Except in cases where the photographer risked his life and caused the animal whose picture he was taking to charge him, these photographs were secured without the knowledge of the wild beasts. Thus they are seen conducting themselves all unconscious that anyone was watching. The water hole where the photographer spent six weeks in a "blind," up a tree, is the only place where the animals could secure water within a radius of some sixty miles. Patience was rewarded by securing pictures of practically every animal which travels by daylight. It is neutral ground, this water hole; and while the weaker always give way to the stronger animal, there is no fighting among them. There is, however, an encounter between two rhinos, but it does not end seriously, and they act more like two small boys daring each other to come and fight than anything else. A well informed lecturer tells the audience all about the expedition, and the animals as they appear upon the screen. Matinees will be given.

Princess Theatre.
"The Cowboy and the Girl," which the Williams Players will present the coming week, is a semi-military drama of more than ordinary merit. It has all the essential qualifications of a successful drama. The dialogue is bright, witty, and entertaining—there is plenty of life and action, and the climaxes are pleasing, a charming love story runs all through the play, in fact two of them, and it does not lack in comedy. The plot takes place at a military post in Colorado. General Faulkner is in command of the post, and underneath him is his son Lieutenant Faulkner. Unknown to the general, the men have not received their monthly pay, and as the money passes through Lieutenant Faulkner's hands, the men are loath to inform the general. When the next pay day comes round, the stage containing the money is held up, the money taken, but later returned at the request of the general's daughter, Edith, who happens to be a passenger at the time. Mr. Van Dyke will be seen as the general, Mr. Byron as the Lieutenant, Mr. Belasco as Capt. Corbin, Mr. Williams as the stage driver, and Mr. Howland as the Cowboy. There will be several types of western characters seen, and an Indian role that is excellent. The ladies also have good parts. The "Cowboy and the Girl," though unknown to Victoria audiences, is one of the best plays the company has yet produced.

Burns' Concert.
The Burns' Concert, which is to be held next Wednesday evening, January 23, at the Victoria theatre, under the immediate patronage of the Lieutenant Governor and Mrs. Patterson, will be the twenty-fifth celebration of the kind

which has taken place there under the direction of J. G. Brown, the veteran soloist and choirmaster, who has for the last thirty years held a prominent place in the musical matters of the city. This quarter-of-a-century jubilee will be a double celebration, in that it will mark the anniversary of Scotland's loved poet, and also the retirement of Mr. Brown from the management and direction of these concerts. The programme, which has been arranged in the best which has ever been offered here on an occasion of the kind. In addition to the choir of fifty voices the following artists have promised their assistance: Mrs. G. E. Murray, late of Glasgow, Scotland, and a mezzo-soprano of very pleasing presence; Madame Marie Burnett, a soprano whom Victorians always delight to hear; Mrs. R. B. Mather, a raconteur; Miss Mary Shearer, the champion girl dancer; Ben Waddell, of Seattle, lyric tenor; Robt. Morrison, baritone; Mr. Dobie, singer of Scotch comic songs; D. Heuchan, violinist; Mr. Brown and others. Mrs. Lewis Hall will act as accompanist.

Empress Theatre.
A special attraction is offered at the Empress theatre next week in the noted Potty Brothers, two equilibrist and gymnasts who are famous in their line of entertainment. Alex Potty walks up stairs on his head. This is done by a jerk of the neck muscles, sufficient to lift the entire body about six inches in the air. Another number is that in which, while in a head-to-head position, each man plays a violin, eats, drinks and juggles, and yet maintains a perfect balance. Charles Deland and company, including Mary Carr, appear in a clever comedy from the pen of Charles Richman, entitled "The Fire Escape." The plot deals with a quarrel between a young man and his fiancée, who are brought together in consequence of an alarm of fire in a hotel. The Manning twins, "The Dancing Dolls," with a song accompanied by acrobatic dancing. They include contortion work. Laurette Manning was dancer at the Metropolitan opera house, and her sister danced with Mile. Genee. The great Westin, impersonator, portrays William Jennings Bryan, Roosevelt, Bismarck, Buffalo Bill, Uncle Joe Cannon, ex-President McKinley, Napoleon, Queen Victoria and others. Lucille Savoy, who is billed as "The Singing Venus," appears in an act similar to that of Mile. la Deodima, who appeared here last August. She does Parisian art posing.

Stage Notes.
Valeska Suratt, now touring in "The Kiss Waltz," has commissioned a well-known author to write a play for her use next season. It is her own idea that she shall portray Venus, Cleopatra, Josephine, DuBarry and others, including herself.

Miss Lysa Graham, who has just returned from Berlin, where she played

ers, six in number, in Philip Bartholomae's adaptation of a popular German comedy success, entitled "And They Lived Happily Ever After." Charles and Fanny Van appear in a farce "From Stage Carpenter to Actor." Miss Josie Heather, an importation from the music-halls of London, sings a number of songs. Saranoff, a violinist, gives a number billed as "A Gypsy Idyl." McMahon, Diamond and Clemence have a number entitled "The Scare Crow."

A Bit of Arcadia.
"Somewhere Else," a musical fantasy by Avery Hopwood and Gustav Luders, produced by Henry W. Savage, has registered a success of huge proportions in the cities of Utica, Rochester and Buffalo. One critic describes it as "A bit of Arcadia, Atlantis, Utopia and Never-Never Land for scenery, and dress, a happy brook, some birds and the pipes of Pan for music, and the jolly round face of the mirth god himself for humor. When Avery Hopwood wrote the book and lyrics of this idyllic dream cloud of the dramatic sky he dedicated it with something about "A little nonsense now and then." Right the first time. It was relished, and should con-

Moon To-Night. "Rita, My Marguerite." Included in the cast of principals are: Adele Rowland, Alexander Clark (recently with Valeska Suratt in "The Red Rose"), Ray Raymond, Louis Kelsa, Harry Dickson, John Patton, Marion Roddy, Henrietta Tedro, and Arline Bolling.

You can't hurt Maclay Arbuckle's feelings by calling him fat. He is fat and he's glad of it. He thinks even that it has contributed to his success as the star of "The Round Up," the stirring play of the Arizona desert in which he is appearing under the direction of Klaw and Erlanger.

For the two fleet units as sketched by a Times artist we acknowledge indebtedness to the Toronto Star. They would cost fully \$35,000,000 to construct. At least six thousand men would be required to maintain this fleet in commission.

B. C. FEDERATION SESSION ENDS

PREMIER WILL BE
ASKED TO INTERVENE

More Trouble Between Secretary and Vancouver Delegate Over Report of Proceedings

The British Columbia Federation of Labor yesterday afternoon passed a resolution petitioning the premier, Sir Richard McBride, to use the power of his office to bring about a conference between the contending forces in order that a settlement of the trouble between the Canadian Collieries, Limited,

and the miners at Cumberland, may be arranged.

Following up the decision not to organize a political labor party, the federation continued to defeat all resolutions having that end in view and declined to be committed to any proposal of that character.

In common with the objects of the deputation which recently waited on the city council in connection with the regulation of scaffolding and the appointment of an inspector, the federation endorsed a resolution looking to the same end. The organization also asked that this legislation should be made to apply to all buildings and not be limited to buildings above two stories.

No General Strike.

Other resolutions passed included a five days' a week working period, and a seven-hour working day. Resolutions were adopted favoring extension of the Workmen's Compensation Act to industrial diseases, that is to say, diseases which accompany certain forms of industry, and in favor of electrical workers' protection.

A motion advocating a general strike under certain circumstances in British Columbia was turned down at the suggestion of the resolutions committee in view of the impossibility of carrying

such a course into operation with the number of agreements now in existence in the province.

Another resolution condemned the construction of septic tanks, while one favored the observance of May 1 as Labor Day in preference to the first Monday in September.

It was also decided to favor the appointment of a municipal auditor to make surprise visits to the municipalities, and of compulsory school attendance up to fifteen years of age with the extension of the free text book principle.

The customary resolutions condemning the militia's employment in strikes, and the Boy Scout movement were adopted.

Breeze Arises.

There was quite a breeze during the afternoon between Secretary V. R. Midgley and Delegate W. R. Trotter. The matter came up in a vote for Trotter to give him \$25 for assistance as editor of the conference proceedings, which will be published in the B. C. Federationist next week. It appeared he had been appointed to that office by the executive, and requested on Sunday by the secretary to perform that work, one for which he is specially fitted as a proofreader on one of the Vancouver daily papers. Trotter rose

and said that when the item came up in the report of the committee of ways and means that Mr. Midgley has prevented him doing the work, and had made it impossible for him to perform the duties of the office. In fact, so much so that he had to leave the secretary's desk to prevent him doing physical violence to that official.

Midgley declared that the faction in the convention, who had been defeated for office, came to the convention with the intention of appointing Trotter as secretary, nor did the latter do any work which the speaker had neglected to carry out. The convention intimated, in the words of Delegate Fisher, that it did not want any more dirty linen washed in the convention, and passed the vote unanimously. Delegate Trotter remarked with heat that he would return the cheque.

The Federation closed its sessions subsequently.

LOYALTY

By GEORGE MATHEW ADAMS

Be Loyal.

To be Loyal is to be square with yourself. And you can't be square with yourself without being a pretty good sort of a Boss-of yourself. The trouble with the people that fail is that they let someone else run their shop. The disloyalty creeps in and sours and stinks and saps the life of a man away from himself.

You know your own possibilities better than any living being. Get next to them without delay and learn to be Loyal to them. It's a quality beyond price—this Loyalty.

Be Loyal.

The Loyal man oftentimes is of all men with discouragement tempted. But the fellow who sticks to his Faith is Loyal—is the man that finally feels growth and equipment and power becoming a part of himself.

Loyalty means sacrifice. But sacrifice means Success!

Be Loyal.

The steps of achievement and honor and satisfaction are all rock riveted to Loyalty.

Be Loyal.

Benefits redound to the fit and worthy. Your work to-day may seem mean and obscure indeed to yourself. But "the gods see everywhere" and the least neglect or slight to what you hold in hand to-day may reflect and loom large in the completed work. Loyal attention from the start to the finish is the safest, fairest and surest path for you to pursue. Do but this and Results will take jealous care of you.

Be Loyal.

At a recent lecture to the Cadet Building Students' Society, W. H. Allen said that the notion of hot water in pipes was of great antiquity, and the method of heating baths by passing the water through a coil of pipes which passed through a fire was known and practiced before the Christian era.

VANCOUVER BODY

SEEKS LEGISLATION

City Solicitor Completes Details With Col. Davidson—C. E. Tisdall, M. P. P., Talks

A delegation consisting of Mayor T. S. Baxter, Aldermen Woodside and Cameron, and City Solicitor J. G. Hay, of Vancouver, arrived at the Empress last evening to consult with the provincial government in respect to legislation which will be introduced at this session of the legislature to enable the completion of the agreement between the city of Vancouver and the Canadian Northern Pacific railway in regard to terminals for the transcontinental system on the south side of False Creek.

Colonel A. D. Davidson, representing the railway company, also arrived at the Empress last evening, and was in consultation with Mr. Hay most of the evening, threshing out the details of the necessary legislation, and the agreement.

C. E. Tisdall, M. P. P. for Vancouver, discussing the proposed legislation with the Times last night, said: "Special legislation to enable the completion of the deal between the Vancouver council and the Canadian Northern Pacific is made necessary by the terms of the grant by which the city received the reversion of the rights of the Dominion government in False Creek, which made the provincial riparian rights there paramount. When the deal for the two hundred and eleven acres was made between the city and the Great Northern railway, execution was held up for a very long period for approval by the provincial authorities, and the government took advantage of its position to secure the strengthening of many clauses which were somewhat ambiguous in the original agreement. In this case the agreement with the Canadian Northern Pacific will likewise be closely scrutinized, and the city home-anticipated, however, that the Vancouver delegation will be impeded in any way by the provincial government, and it is thought that the agreement as approved will be practically the same as when it passed the last reading in the council.

Beyond corroborating the foregoing, Colonel Davidson informed the Times he had nothing to say about the matter. Regarding Canadian Northern's intention in respect to Victoria, he said that he had nothing to do with such matters, but added that T. G. Holt, general executive for the company in British Columbia, will arrive here next week and may make some announcement.

WHY SHOULD NOT OLD PEOPLE RETAIN THEIR YOUTHFUL VIGOR

No Reason Why Men And Women of Sixty, Seventy And Eighty Should Not Be Well—The Secret of Happy Old Age

"Fruit-a-tives", The Famous Medicine Made of Fresh Fruit Juices, Again Proves Its Great Value in Curing Kidney Troubles.

Old age pays the cost of living. Few men and women of fifty, sixty and seventy are free of Kidney Trouble. Hard work, mental strain and general debility, tell in the long run. And many men and women show they have Kidney Trouble by suffering with pain in the back, headaches, rheumatism, sciatica, bladder disease.

To such people "Fruit-a-tives" has proved one of the wonders of the age—and the most remarkable discovery of the century in modern medical science. This fruit medicine has performed hundreds of cures where the sufferer had been told that the case was incurable.

Take, for instance, Mr. Geo. W. Barkley, a prosperous farmer and one of the leading citizens of Dundas County, Ontario.

At seventy-six he is the picture of health—with the vigorous actions and the sprightly step of a man of fifty.

Yet for twenty years, he suffered with Kidney Trouble. He took "Fruit-a-tives" and it cured him.

Chesterville, Ont., Jan. 25, 1911.
"For over twenty years I have been troubled with Kidney Disease, and the doctors told me they could do me no good, and said I would be a sufferer all the rest of my life. Nearly a year ago, I tried "Fruit-a-tives." I have been using them all the time since and am glad to say that I am cured. I give "Fruit-a-tives" the credit of doing what the doctors said was impossible."

GEO. W. BARKLEY.

"Fruit-a-tives" is the only medicine in the world made of fruit, and is the only one that acts directly on the kidneys. It cures. 50c a box, 6 for \$2.50 or trial size, 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Port Angeles is Booming

Why shouldn't it boom? Why shouldn't any city with the immediate prospects of permanent improvements, such as Port Angeles will receive, boom, and keep booming while one of the largest American corporations are behind it.

On Tuesday night last, the City Council of Port Angeles **GRANTED THE RAILWAY FRANCHISE**

for the construction of the Chicago, Milwaukee and St. Paul Railway into Port Angeles, the actual construction work to be commenced before the first day of March of this year.

Three hundred thousand dollars worth of Bonds were sold at less than 5 per cent for the construction of good roads, east, west and south of Port Angeles. The City Council also passed a By-Law allowing

\$425,000 FOR THE CONSTRUCTION OF A SEA WALL

The owner of our Port Angeles additions was in conversation with Mr. Earl, the Seattle lumberman who has started construction on one of the largest sawmills in the world in PORT ANGELES, and he states that he will employ

OVER 1000 MEN INSIDE OF EIGHT MONTHS

In his sawmill in Port Angeles. These are not hot-air statements made for the occasion, but are actual facts about PORT ANGELES. We have several additions in Port Angeles and every lot in each addition is high and dry and free from rock. We can sell you

6 Lots for \$100 in the Woodlawn Addition

At \$20 cash and the balance at \$10 per month, or we can sell you

LOTS IN GRAND VIEW ADDITION AT \$35.00 EACH

These Grand View Addition lots are less than three-quarters of a mile from the Government townsite and are excellent lots in every way, giving a fine view.

LOTS IN THE SMITH ADDITION ADJOINING THE TOWNSITE

Are selling at \$50 each on easy terms, and these lots we might say, in our opinion, are the best buying in Port Angeles. With the great prospects in the future Port Angeles will never go flat. It has come to stay, and investors, be they great or small, cannot fail to let this chance pass by to get in on a good legitimate investment in a city which we firmly believe will have the fastest growth of any city on the North American coast during the next two years. Come and see us and let us tell you the truth about Port Angeles.

DELEGATES TO THE ANNUAL CONVENTION OF THE BRITISH COLUMBIA FEDERATION OF LABOR WHICH HAS BEEN IN SESSION THIS WEEK IN VICTORIA

IN THE LODGE ROOM

I.O.O.F.

Meetings Next Week:
Monday—Victoria Lodge, No. 1. General committee.
Tuesday—Vancouver Encampment, No. 1.
Wednesday—Columbia Lodge, No. 2.
Thursday—Dominion Lodge, No. 4.

General Relief Committee.
The regular meeting of this committee will be held on Monday evening next. The number of members assisted during the year, 25; number of weeks' benefit paid, 22; number of visits by entire committee for the year, 25.

During the year the officers of secretary and treasurer were combined, thus facilitating the payment of benefits and collecting them from the various lodges. The members of the committee carried out their duties in a very commendable manner, and the president has expressed himself upon several occasions as being highly pleased. The new members of the committee should not forget the importance of the duties they are about to assume, and should enter upon their work with a determination to do it to the very best of their ability. If any of the new members

find it impossible to attend to the work satisfactorily, they should resign and have some one appointed who has the time and the inclination to do it. One or two members on the committee who cannot attend to the important duty of visiting the sick in a proper manner will cause much inconvenience to the balance of the committee. The president would be pleased to see all the old and new members present on Monday evening next.

Columbia Lodge, No. 2.
There being no degree work for the team, Captain D. Dewar took advantage of the opportunity to have a team placed for their degree, they will be conferred the initiatory degree will be conferred next Wednesday evening.

Dominion Lodge, No. 4.
This lodge conferred the second degree upon several candidates last Thursday evening, and the team performed its duties very satisfactorily. The third degree, one of the most elaborate in the ritual, will be exemplified next Thursday evening. A social evening will be held by the lodge on January 30, particulars of which will be given later.

Vancouver Encampment, No. 1.
The encampment will meet on Tuesday evening next. Should any candidates appear for their degrees, they will be accommodated; otherwise the evening will be devoted to social intercourse.

Canton Victoria, No. 2.
The installation of officers in this popular branch of the order, will take place on Friday, January 24. Cal. Jensen, Dept. Com., will be the installing officer for the occasion. A large attendance is expected.

The Late Bro. S. J. McAllister.
The death of Bro. S. J. McAllister at Seattle on January 2 removed from active life a valued member of Columbia Lodge, No. 2. Bro. McAllister was initiated in Columbia Lodge on November 2, 1894, and from that time until his death took a very active interest in the work. Many of the younger members were not acquainted with the deceased, as he had been out of the city for some time, but there are many in the lodge who knew and loved him. Bro. McAllister possessed a sunny disposition, which brought good cheer and gladness to all those who came in contact with him. His never-failing smile more than once helped to strengthen those in distress, and a sick brother visited by him always felt after his departure that life was not so dismal and void of happiness as it seemed to be. The heartfelt sympathy of the members is felt for those who are left to mourn his loss.

Notes.
Bro. R. Hall, one of the trustees of Columbia Lodge, No. 2, who has been on the sick list for some time, is now more able to be around again, and the members of the lodge are pleased to know that he is rapidly recovering.

A.O.F.
On Monday evening, January 6, at the regular bi-monthly meeting of Court Vancouver, No. 222, A.O.F., the following officers were installed in the positions which they are to occupy for the ensuing term. The installed officers are as follows:
Court Vancouver—C.R., Bro. Ed. Matthews; S.C.R., Bro. J. H. Brown; T.W., Bro. T. B. Vetch; J.W., Bro. J. A. McLeod; S.B., Bro. R. M. McIntosh; J.B., Bro. L. C. Adams; Organist, A. H. Mann; Court Victoria—C.R., Bro. W. J. Edwards; S.C.R., Bro. F. Penmaster; Treas., Bro. W. C. Kerr; Fin. Secy., Bro. C. Campbell; Min. Secy., Bro. G. W. Mitchell; S.W., Bro. G. H. T. Baker; J.W., Bro. C. Costello; S.B., Bro. J. Witter; J.B., G. Atwood.

The D.C.R., Bro. J. J. Randolph, was present, but left the installation in the hands of the District Deputy, Bro. H. W. Adams, who very ably performed the installation rites. In this he was assisted by Bro. J. Trace, who acted as installing officer. Following the installation ceremony, the members of the lodge conferred the second degree upon several candidates. The D.C.R. gave a brief account of the great strides forestry had taken since the district meeting of last summer, when it had engaged an organizer. As he, Bro. Trace, was present, he intended leaving a more complete statement to him. Brother Trace said that a male court had been organized at Alberni, and that all is in readiness to organize a female court on January 25. At the close of the installation the officers of both courts had been met for January 27. From Alberni he proceeded to Nelson. He spent some time here, with the result that the male court is now in a flourishing condition, and two new courts have been established—a juvenile and a female. It was while attending an extensive open meeting of the lodge that he met with a pleasant surprise. A poem was read and tendered him by a twelve-year-old boy, who was the companion of a male court at Alberni. He referred

to the popular team captain, Theo. Hubbard, P.G. The second degree will be exemplified on Monday evening next.

Columbia Lodge, No. 2.
There being no degree work for the team, Captain D. Dewar took advantage of the opportunity to have a team placed for their degree, they will be conferred the initiatory degree will be conferred next Wednesday evening.

Dominion Lodge, No. 4.
This lodge conferred the second degree upon several candidates last Thursday evening, and the team performed its duties very satisfactorily. The third degree, one of the most elaborate in the ritual, will be exemplified next Thursday evening. A social evening will be held by the lodge on January 30, particulars of which will be given later.

Vancouver Encampment, No. 1.
The encampment will meet on Tuesday evening next. Should any candidates appear for their degrees, they will be accommodated; otherwise the evening will be devoted to social intercourse.

Canton Victoria, No. 2.
The installation of officers in this popular branch of the order, will take place on Friday, January 24. Cal. Jensen, Dept. Com., will be the installing officer for the occasion. A large attendance is expected.

The Late Bro. S. J. McAllister.
The death of Bro. S. J. McAllister at Seattle on January 2 removed from active life a valued member of Columbia Lodge, No. 2. Bro. McAllister was initiated in Columbia Lodge on November 2, 1894, and from that time until his death took a very active interest in the work. Many of the younger members were not acquainted with the deceased, as he had been out of the city for some time, but there are many in the lodge who knew and loved him. Bro. McAllister possessed a sunny disposition, which brought good cheer and gladness to all those who came in contact with him. His never-failing smile more than once helped to strengthen those in distress, and a sick brother visited by him always felt after his departure that life was not so dismal and void of happiness as it seemed to be. The heartfelt sympathy of the members is felt for those who are left to mourn his loss.

Notes.
Bro. R. Hall, one of the trustees of Columbia Lodge, No. 2, who has been on the sick list for some time, is now more able to be around again, and the members of the lodge are pleased to know that he is rapidly recovering.

A.O.F.
On Monday evening, January 6, at the regular bi-monthly meeting of Court Vancouver, No. 222, A.O.F., the following officers were installed in the positions which they are to occupy for the ensuing term. The installed officers are as follows:
Court Vancouver—C.R., Bro. Ed. Matthews; S.C.R., Bro. J. H. Brown; T.W., Bro. T. B. Vetch; J.W., Bro. J. A. McLeod; S.B., Bro. R. M. McIntosh; J.B., Bro. L. C. Adams; Organist, A. H. Mann; Court Victoria—C.R., Bro. W. J. Edwards; S.C.R., Bro. F. Penmaster; Treas., Bro. W. C. Kerr; Fin. Secy., Bro. C. Campbell; Min. Secy., Bro. G. W. Mitchell; S.W., Bro. G. H. T. Baker; J.W., Bro. C. Costello; S.B., Bro. J. Witter; J.B., G. Atwood.

The D.C.R., Bro. J. J. Randolph, was present, but left the installation in the hands of the District Deputy, Bro. H. W. Adams, who very ably performed the installation rites. In this he was assisted by Bro. J. Trace, who acted as installing officer. Following the installation ceremony, the members of the lodge conferred the second degree upon several candidates. The D.C.R. gave a brief account of the great strides forestry had taken since the district meeting of last summer, when it had engaged an organizer. As he, Bro. Trace, was present, he intended leaving a more complete statement to him. Brother Trace said that a male court had been organized at Alberni, and that all is in readiness to organize a female court on January 25. At the close of the installation the officers of both courts had been met for January 27. From Alberni he proceeded to Nelson. He spent some time here, with the result that the male court is now in a flourishing condition, and two new courts have been established—a juvenile and a female. It was while attending an extensive open meeting of the lodge that he met with a pleasant surprise. A poem was read and tendered him by a twelve-year-old boy, who was the companion of a male court at Alberni. He referred

to the popular team captain, Theo. Hubbard, P.G. The second degree will be exemplified on Monday evening next.

again to the island he said a new court might be announced at any time not far from Victoria. He prophesied that before the next district meeting six to eight new courts would have been installed.

A hearty vote of thanks was tendered the installing officers, to which Bros. Adams and Trace ably responded. The C.R. of the installed courts, also, thanked the courts. Bro. W. F. Fullerton, P.D.C., also spoke briefly. Bro. Wiggins, an old-time member of Court Vancouver, gave an account of exciting experiences which befell him during the Chile revolution of '31.

The refreshments were well looked after under the capable management of Bro. E. P. Watkins.

SONS OF ENGLAND.
Pride of the Island Lodge, No. 131.

The annual installation of officers of the above lodge, which was held on Tuesday, January 14, was attended by a large gathering, many brothers from Alexandria Lodge being present.

The annual reports of the retiring officers were presented, showing that the past year had been a record one for increase in membership, and that the finances are in a very favorable condition. The D.G.P., James Critchley, was introduced by Bro. C. Pomeroy, P.F., and met with a hearty reception, this being his first official visit. After an exchange of greetings the installation of officers was proceeded with, as follows: Past President, Bro. F. West; President, J. J. Fletcher; Vice-President, H. Davy; Secy., J. H. Mitchell; Secretary, W. H. Frowde; Treasurer, W. Norman; Physician, L. F. Houghton; Committeemen, Bros. Bussey, Davey, Willsie, Swift, Rickets and Luper; I.G., Bro. Sadler, and O.G., Bro. Logan. Upon the conclusion of the installation, D.G.P. J. Critchley, addressed a few congratulatory remarks upon the work of the lodge. The lodge was closed in due form by the new president, J. J. Fletcher. The committee's refreshments and music being provided.

BENEVOLENT PROTECTIVE ORDER OF BEAVERS.
There will be a general meeting Monday, 20th, at 8 p.m., at Eagles' Hall, for discussion, and the installation of new officers for 1913 will be held. All members are requested to attend.

TO KILL THE ROOTS OF SUPERFLUOUS HAIR

Judging from the number of remedies advertised to banish superfluous hair from the face, neck, arms, and hands, there are thousands of ladies who feel the deep humiliation of this terrible blemish. Those women who have a repulsive masculine growth of hair on any part of the body will appreciate the amazing effect of the following formula which is being used by the ladies of France to permanently destroy the hair roots. It has the great advantages of being simple and very inexpensive. Furthermore, it will not burn or inflame the skin in any way. A single application may not always permanently kill the root, but it has been proven by several tests conducted by the noted French chemist, Mullier, that one application completely removes every vestige of hair growth, and its regular use, one or two days apart, so weakens the roots that the hair cannot grow again. If you have hair you wish permanently removed, ask your druggist to prepare for you the following formula, which has been translated into English, so that American women may know exactly what they are using: Mix 4½ drams pulverized Sulphur Concentrate with 2½ drams common Zinc Oxide and 1 dram powdered Orris Root. To use, mix a little of this compound into a paste with a few drops of water. Apply as thick as a five-cent piece and remove with a dull knife blade at the end of two minutes, when the dissolved hair will come with it. Repeat the treatment every two days, until the growth will be less, until it disappears entirely. CAUTION—This must not be used as a substitute for shaving, as its repeated use has a tendency to destroy the roots of even a man's beard.

COST OF WAR.

The Allies and Turkey Have Already Expended £35,000,000.

An interesting computation of the cost of the war in the Near East is given in the current number of the London "Economist." Some weeks ago this paper gave an estimate based on the number of combatants in the field, on the probable cost of maintaining each soldier, and on the value of the property destroyed. Taking the total number of men in the field at 1,100,000, and the average cost per man at 10s. per day, the monthly cost worked out at some 16 millions. This excluded all allowance for losses to the future productivity of the countries concerned as a result of the lives lost. Having now a more accurate knowledge of the number of men engaged in the war, the "Economist" gives a revised estimate which, excluding the expense of mobilization and upkeep after the armistice has been signed, works out as follows:

	Men.	Exp. per Day.	Total.
Bulgaria	300,000	7,500,000	2,250,000,000
Serbia	200,000	4,700,000	1,410,000,000
Greece	150,000	4,800,000	1,170,000,000
Montenegro	100,000	4,000,000	800,000,000
Turkey	400,000	12,500,000	5,000,000,000
Total	1,100,000	30,500,000	33,550,000,000

The period of actual warfare varies for each country between forty-seven and sixty-four days.

"As regards the individual figures of expenditure," proceeds the "Economist," "we may note that already a month ago Bulgaria was stated to have negotiated a loan provisionally for 7,000,000, while treasury bills were being floated as freely as possible by Serbia and Turkey. "Roughly, it is probable that some thirty millions sterling have been lost during the actual fighting, and that without reckoning the maimed and the dead. If the costs of mobilization and the expenses which run on during the armistice were added, the actual financial deficits caused by the war to the five states might run up already to thirty-five millions."

Do you Believe

in going straight to the weak spot in treating disease? If so, you will never use anything but Peps for coughs, colds, bronchitis, and throat and lung troubles. Listen! why!

Peps are tiny tablets, which contain rich medicinal ingredients, so prepared that they turn into vapour in the mouth, and are breathed down to the throat, the breathing tubes and lungs direct.

Cough mixtures go—not to the lungs and chest at all, but to the stomach. There is absolutely no direct connection between stomach and lungs.

When you have a bad cold, your digestion is weakened. You lose appetite, and if a man, your usual make does not "taste good." In other words, your digestive system is lacking tone. All cough mixtures make this condition worse.

Don't ruin your stomach to heal your lungs. Take a remedy that goes right to the spot—Peps.

Surprising how they end coughs, catarrh, bronchitis, sore-throat, "clergyman's throat," asthma, and all lung troubles. Contain no poison, and are best for children.

Dr. Gordon Stables says:—"If you wish to ease and end a cough, if you desire to loosen tickling phlegm, and clear the throat and the breathing tubes, use Peps. The pine fumes and balsamic fumes, so beneficial in throat and lung trouble, which are liberated when a Peps is put into the mouth, also serve another good purpose. They are strongly germicidal, and germs of disease in the mouth, on the palate, in the throat, and in the breathing tubes, are at once destroyed by their action."

Have you tried this famous remedy? If not, cut out this article, write across it the name and date of this paper, and mail it (with 1c stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps at 50c. box.

WATER ACT.

Notice of Application for the Approval of Works.

TAKE NOTICE that The Portland Cement Construction Company, Limited, will apply to the Comptroller of Water Rights for the approval of the plans of the works to be constructed for the utilization of the water from China Creek, which the applicant is, by Water Permits No. 6 and 53, authorized to take, store, and use for domestic and industrial purposes for use on lots 22, 23, 24 and 27, Mainland District.

The plans and particulars required by subsection (1) of section 79 of the "Water Act" as amended have been filed with the Comptroller of Water Rights at Victoria and with the Water Recorder at Victoria, B. C.

Objections to the application may be filed with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., this 7th day of December, 1912.

Vancouver, B. C.

HOW GEORGE ARLISS

COPIES "DISRAELI"

Celebrated Actor Who Portrays the Great Imperialist Statesman—Exact in Detail

On the evening shortly after the production of "Disraeli" in New York, George Arliss sat in the old dressing-room made famous by Lester Wallack, chatting with the author of the play.

"Do you know," said Mr. Parker, in his delightful drawl, "what I think is the most amusing thing in your part?"

Mr. Arliss paused in the laborious task of imparting just the right Disraelian curl to his chin whiskers, and looking up with keen interest, replied, "No."

"The preparation."

"Well, there's been no humor in it for the actor crimpily. Then turning to an interviewer present he added with a twinkle in his eye, "Mr. Parker takes great pride in having written a play for which the leading man has to search through two continents for four months to find a suitable make-up and a suitable costume. And he likes to rub it in. The fact is there has been more comedy and pathos in my building up this character of Lord Beaconsfield than even Mr. Parker could get in a dozen plays." He cast a side glance at Mr. Parker, who was chuckling in the depths of a very roomy wicker chair at one side of the dressing-table.

"I began preparing for the part in October of 1910, and I hadn't finished when I made my first appearance in Montreal in January of this year. I visited half a dozen states over here. I went to every haunt that Disraeli frequented in England—I never knew that the statesman ever laid claims to being a traveller before—and I went to France in search of waistcoats and wigs."

"There is one thing playing an historical character, who still lives in the memory of many contemporaries, you must be accurate. There were people who could retain an almost photographic remembrance of him. In Montreal, a well-known Canadian who had been intimate with Disraeli at an early period of his life, called at my dressing-room, and after congratulating me on the likeness that I had succeeded in giving my make-up, observed: 'But there is just one suggestion I would like to make.' 'What is that?' I asked. 'Your chin whiskers are curled just a little too much. Disraeli was a dandy in dress and everything else about his person, but no matter how carefully he curled the little wisp under his chin, it always struggled down a little bit, because of his habit of pulling it meditatively, when he was deeply engrossed in his books.' That was merely one instance of a suggestion. I received scores before and since—some accurate, some grossly inaccurate. Always I have endeavored to confirm every line, every feature and every little trait until I was sure it was characteristic of 'Dizzy.'"

"Oddly enough I don't believe I ever fully understood the principles of make-up until I undertook this part. Ordinarily when you have a fictitious character to portray, you first conceive a general picture of the individual, and then proceed with the crayon, the false hair and other accessories of the make-up box to work it out. Whatever your result, you justify it, as my interpretation of the character. But with an actual man, still living in the minds of many who witness your portrayal of him, you have to exercise a care that few actors dream of. Certainly I never imagined the work Mr. Parker had cut out for me, when he wrote this Victorian play."

"My first make-up I had to abandon entirely. I had gone to the National Picture Galleries in London, and spent a fortnight going over the various busts and portraits of Disraeli. Fortunately the man's vanity in having so many portraits and statues, enabled me to see him from every angle. I measured the lines carefully, and with an artist made a number of diagrams. Then I studied my own face. I found the profile, and the general outlines of my own face very little like that of Disraeli. Then, with the measurements that I had taken, following the lines precisely and almost to an eighth of an inch, I made up. To my amazement, when I had finished I looked like anyone but Disraeli."

"Then I realized that the art of making-up was very much like that of the portrait painter. If he follows the lines precisely and mathematically he comes at the best merely photographic. The real living likeness comes when he suggests. Therefore, with a clear idea of what Disraeli looked like, I made myself over, without regard for specific lines and measurements. It took much experimenting, and finally after another fortnight of maybe three hours' work a day I got the result that I wanted. I invited several members of parliament who had been associated with Lord Beaconsfield to view it. They said it was a striking likeness, all save the wig."

"Now that wig had bothered me before. I had gone to Paris expressly to get one that was adequate. But, strange as it may seem, none could duplicate that amazing lock that Disraeli affected on his forehead, presuming it to cover his bald spot. They either curled it too much or too little or made hair too thick or too thin. And one never appreciates how a small bit of hair alters a person's whole face until you experiment with it. I found that no liberties could be taken, for Disraeli, who was always scrupulous about small details, always trimmed his lock in precisely the same way and always gave it precisely the same wave. With me I had spent a week among Parisian toupee-makers. I concluded that they were too artistic. So I returned to a prosaic little old-fashioned wig-maker on Bank Street in London and succeeded in getting the one that I am now wearing."

"Still even then my wig had caused me more trouble than perhaps any other part of my make-up outside of

COWAN'S COCOA PERFECTION

"Say! Grandpa!!
this must be Cowan's"

THERE is no mistaking the Cowan flavor. It is not only its delicious taste, however—there is a vigor-producing quality and a nerve-toning, muscle-strengthening virtue to Cowan's that win it first place among Canada's beverages.

The pure product of the Cocoa bean goes into Cowan's—nothing else.

But the Cowan excellence is obtained by expert selection and blending of the beans, and the roasting, too, which is accurately timed to give the richest flavor.

Every operation is performed by modern machinery under expert control.

Cleanliness is a watch-word in the Cowan factory.

From the scouring of the Cocoa bean to the labelling of the tin, each step in the Cowan process is a step towards perfection—the proud title of a great cocoa. **COWAN'S PERFECTION COCOA.**

The COWAN CO., Limited, TORONTO

my chin whiskers. Dizzy always had a fascinating little curl to his hair in the back. My valet in Chicago was a true Briton, straight hair and all that. He never liked curls, anyway. But imagine my amazement on the opening night of "Disraeli" in Chicago to find that the wig was straight as an Indian's. In endeavoring to give it the gloss and shine worthy of a first night he had ironed the curls out, and had it not been for one of the dearest ladies in the company I would never have had the little ruff of curls at the neck which Lady Beaconsfield so loved to run her fingers through."

DYNASTY IN PERIL

Attempts to Dethrone Monarch of Mountain Kingdom.

Persistent reports are coming from Montenegro to the effect that King Nicholas is in danger of losing his throne. A strong anti-dynastic feeling prevails in the country against the Njegos family, and at the same time it is reported from Belgrade that the Servian Karageorgevitch family are reconsidering the confederacy of union with the Servian nation (nationally under a Karageorgevitch dynasty). The Njegos and Karageorgevitch families have long been rivals for ultimate predominance in united Servia and Montenegro, the latter small mountainous country being of purely Servian nationality. King Peter Karageorgevitch is son-in-law to King Nicholas of Montenegro, whose dead daughter was Peter's wife. But for years hatred had prevailed between son and father-in-law.

Only a few years ago high treason trials were conducted at Cetinje with a view to showing to the world that attempts on the life of King Nicholas were instigated by persons connected with the Belgrade royal court. Shortly before the outbreak of the present war, reconciliation had taken place between King Peter and King Nicholas.

For some time the chances of gaining the leadership over the Servian nation were in favor of the Njegos dynasty. Particularly after King Nicholas, giving way to the Radical movement in the country against his despotic rule, was finally forced to grant a constitution.

But lack of any essential success in the war with Turkey caused a sudden turn. Montenegro was the only Balkan State that secured no big success, although she opened the war. To meet the growing unpopularity and to tie the hands of the Njegos with his name King

Nicholas recently assumed supreme command over the besieging army, but the result of nearly two months' siege is that the condition of the beleaguered Turks is better than that of the Montenegrins.

The King's army has been more than decimated; it counts now only 22,000 men, and the war was opened with 32,000. There is famine, and the economical condition of the country is described as deplorable. King Nicholas has again become unpopular, and all sorts of hostile rumors are current against the hereditary Prince Danilo. In face of all this, Crown Prince Alexander of Servia, reaped victories, and King Peter triumphs.

It may be remembered that King Nicholas has of late pardoned a considerable number of Montenegrin dignitaries imprisoned for conspiring against his dynasty, evidently with a view to reconcile the anti-dynastic movement, but the unlucky course of the war and the deplorable state of affairs in Montenegro appear to have rather fostered it as never before.

Mr. William Godley, who was worried by children who were constantly asking the time, left 1900 in his will for a clock tower in Queen's Park, Brighton.

April 1, 1911

Mr. Alfred Uihlein
Schlitz Brewing Co.
Milwaukee, Wis.

Dear Sir:

Answering your favor of recent date in regard to the influence of light on the quality of beer, will say that our observations, extending over the last twenty-five years, have convinced us beyond a doubt that exposure of beer to light has a very detrimental influence on its quality generally, but especially upon the flavor of the beer.

Not all beers are alike susceptible to this influence of light, pale strong hopped beers of the "Pilsen" character, that is, the type that is most favored in America, being especially susceptible, and acquiring, when only exposed for a few minutes to the sunlight, a disagreeable odor.

We have tested beers repeatedly in this direction placing the bottles into direct sunlight, and testing the same after one, two, three and five minutes exposure, found that the beer with three and five minutes exposure became undrinkable, on account of the peculiar odor developed.

The detrimental effect of light upon beer can be successfully counteracted by the employment of brown or dark colored glass bottles, and such bottles are therefore recommendable.

Authorities on the subject of the detrimental influence of light on beer are:

C. Lintner, Lehrbuch der Bierbrauerei 1875, S. 343
Beck, Zeitschrift für das gesamte Brauwesen, 1882, S. 370
V. Huth, Der Bierbrauer 1876, S. 127
Ney, Allg. Zeitschr. f. Bierbr. u. Malzfabr., 1878, S. 273

The latest and most exhaustive series of experiments on this subject are those by the well known scientist J. Brand, in an article entitled "Tests on the Protection afforded by the beer bottle glass against the influence of light." "Zeitschrift für das gesamte Brauwesen," 1908, page 333.

Yours very truly,

RW/B

Wahl-Henius Institute

Letter to Mr. Alfred Uihlein, written by Robert Wahl, President of the Wahl-Henius Institute of Fermentology, Inc., Chicago.

"Beer bottles should be manufactured from reddish-brown glass, inasmuch as same will to a much higher degree than any other kind of glass, minimize the influence of the rays of light on the quality of beer, and will protect the latter against acquiring the disagreeable taste (Sonnengeschmack) due to the chemical action of the light."

"In white and green glass bottles the beer is most affected by the action of the light. Such bottles are, therefore, absolutely inappropriate and should never be employed by brewers." (Signed) Prof. Dr. F. Schönfeld.

From the Illustrated Brewery Encyclopedia, p. 99 (Illustriertes Brauerei Lexikon.) Published by Dr. Max Delbrück, First Councillor, Professor at the Royal Agricultural College and Director of the Institute for Fermentology at Berlin. Berlin: 1910.

"Bottles of strong glass should be selected. They should never be of colorless glass, inasmuch as through the influence of light the beer will not only take on a disagreeable odor and taste, but will also become turbid." (Lintner.)

Extract from Die Malz und Bierbereitung. Published by E. Leyser, Director of the Brewing Academy in Augsburg. Tenth Edition, Stuttgart, 1900, page 680.

"The beer in the white glass bottle had taken on disagreeable odor and taste and was absolutely undrinkable. The beer in the dark bottles did not show this peculiar odor and taste." (G. Beck.)

Translation of Extract from Zeitschrift für das gesamte Brauwesen, 1882—page 370.

"It appears that chemical changes are produced in the beer, which attains an exceedingly unpleasant taste and a disagreeable odor." Extract from Letters on Brewing (Vol. 5) published by Hantke's Brewers' School and Laboratories. Dr. G. Thevenot.

"While beer quickly deteriorates when it is exposed to direct sunlight, such deterioration will eventually take place in diffused light."

Extract from Proceedings of the Second International Brewers' Congress held in Chicago, October 19-21, 1911.

"Beer acted upon by light soon takes up the very disagreeable so-called 'light taste,' and also a repulsive, skunk-like odor. Beer so affected is offensive to the palate of most consumers."

Extract from Beer Bottlers' Handy Book (By Philip Dreesbach, Bottling Expert and Instructor in the Wahl-Henius Institute of Fermentology.) 1906.

Dr. W. Schulze (Allgemeine Zeitschrift für Brauerei, 1888, p. 593) finds that dark brown bottles offer the best protection against the rays of the sun.

"It is interesting to note the observation that beer in colorless bottles exposed to diffused light will undergo a change, precipitating a heavy sediment and taking on a disagreeable odor and taste."

Extract from Die Theorie und Praxis der Malzbereitung und Bierfabrikation. Published by Director Julius E. Thausing, Leipzig, 1893; Fourth Edition, page 920.

"In recent years the observation has been made that the rays of sunlight effect a chemical change in beer. For this reason the use of beer bottles blown from colorless glass is diminishing, bottles blown from colored glass being chosen; the amber colored bottles, which, when held towards the light, show the color of light beer, are particularly to be recommended."

Extract from Die Praxis der Bierbrauerei. Published by G. E. Habich, 1893—page 786.

"It is a known fact that sunlight and daylight influence unfavorably the taste and flavor of the beer and care must be exercised in the selection of the bottles."

J. Brand (Zeitschrift für das gesamte Brauwesen, 1908, p. 333).

NEWS OF PROVINCIAL TOWNS

ALBERNI

Nominations for mayor and aldermen are as follows: For Mayor, C. F. Bishop and J. R. Motion. For aldermen, G. Forrest, A. W. Neill, G. A. Spencer, W. F. Gibson, C. M. Pineo, J. Hills, T. Paterson, J. Grieve and W. R. H. Prescott. School trustees, S. H. Toy, D. H. Riddell, J. McG. Thomson, V. Shaver and M. Tebo.

This week the Alberni Amateur Dramatic Society presented the laughable comedy, "A Bundle of Blunders." In Whyte's hall in aid of the West Coast General hospital. The play was exceedingly well rendered. A. L. Withers took the part of Charlie's aunt, and acted the part to perfection, and he was ably assisted by P. Bayne as Mr. Speltigue, and D. Owen as Sir Francis Chesney. Mrs. Haslam as Donna Lucia D'Alvadores and Miss Pym as Amy Speltigue were particularly good.

The production was staged in a most admirable manner by Messrs. Marshall and Walker. The house was crowded to overflowing, and as a result a handsome amount will be turned over to the hospital authorities.

On Tuesday night Mr. Pattison delighted a large audience in the English church hall with a moving picture show.

A very enjoyable dance was held under the auspices of the Beaver Creek Football Club in the schoolhouse at Beaver Creek on Tuesday night. Stelshs were provided for all who wished to attend from Alberni.

PORT ALBERNI

With this issue, January 15, the Port Alberni News, which was established by R. J. Burde on August 17th, 1907, and has been published by him ever since, passes from the hands of its individual founder and owner into ownership by a joint stock company.

According to the terms of incorporation the company is limited to fifty shareholders. It is a private company which cannot offer its shares for sale to the public. The incorporators are C. A. McNaughton, A. E. Waterhouse, F. H. Swayne, Rand Gibbons and R. J. Burde, all of Port Alberni. Applications from other well-known citizens for shares are on file which, when issued, will make the company even more representative of the business interests of the city.

C. A. McNaughton is provisional president and F. H. Swayne provisional secretary. At a meeting to be held shortly permanent officers for the current year will be elected.

The change of ownership does not mean any change in the editorial policy of the paper, but may be taken as an indication of an early expansion of business policy.

Richard J. Burde was elected mayor of this city by acclamation, succeeding Mayor Waterhouse. Dr. Hilton was elected in ward 4 and J. A. McIntyre in ward 5 as councillors.

NELSON

Owing to the sudden death this morning of Alderman Percy J. Gleazer, who was a candidate for re-election, a situation so far as known unparalleled in Canada has occurred.

All civic elections including those for mayor, aldermen and school trustees are by law postponed and will be held on January 28. New nominations will be required.

Alderman Gleazer was an old timer of Kootenay, having lived here for the past 17 years. He was an ex-newspaper man, having owned at one time the Ymir Herald.

PRINCE RUPERT

At the annual meeting for the election of officers of the Fraternal Order of Eagles the results are as follows: Worthy president, Ben Self; worthy vice-president, E. M. Jacobs; past president, George Leek; inside guard, J. Keefe; chaplain, M. O. Berg; treasurer, T. J. Cartwright; trustees, W. Wright, R. W. Cameron and O. Resner. The question of acquiring their own club rooms was taken up and discussed at some length. A movement is on foot toward this end. Refreshments were served and a very enjoyable time was spent.

Sir Muriel Evans, Bart., has left England for Canada, en route to Prince Rupert. Sir Muriel Evans, who is a prominent London city magnate, is the president of the Prince Rupert Fish & Cold Storage Co., Ltd., of this city. This company, which was promoted by Frank S. Evans, who, by the way, is not a relative of Sir Muriel, is formed almost entirely out of London capital. The object of the latter's visit at the present time is to look over the situation in regard to the future of the fishing industry with a view to greatly extending the field of operations of the company.

Douglas St.

By far the best buy on this street is the 90 feet on this side of, and immediately adjoining the fire hall at corner of Burnside Road. It is 150 feet deep and the price, \$30,000, is less than \$350 per foot front.

A. W. Bridgman

1007 Government Street.

SUBDIVISION

NOBLE'S MONEY-SAVING PRICES

With the huge facilities of their business, with the experience and enterprise always associated with that business, Noble's combine an unexampled knowledge of the practical and artistic possibilities of dress. The result is that Noble Goods are always fresh in design, fashionable, and economical. Noble's Canadian customers will be interested in the special announcement below regarding payment of carriage to Canada.

Noble's goods are only obtainable from Manchester. English Cut 11-60 Model and Finish 2883

In a specially selected range of fashionable Tweeds and Serges, in Plain and Fancy Stripes. Each suit is separately cut by skilled tailors, and we can guarantee an accurate fit, as the figure is built up on our patent stands, from your measurements on our special self-measurement forms. The price for this suit is \$11.00.

Suits in the same style, in wear resisting Tweeds of New Brown, Grey, or Green Shades, with Check and Stripe Designs. Prices: 6.50 7.50 8.50 10.25 11.50 13.50 15.50 17.50. Special attention is directed to the 13.50 and 15.50 qualities, tailored from the highest grade cloths made.

NOBLE'S NOW PAY CARRIAGE TO ANY PART OF CANADA ON GOODS TO THE VALUE OF 10 DOLLARS AND UPWARDS ordered from their own Booklets and Catalogues (Bedsteads, Bedding, Bales and Remnant Bundles only, shipped).

If unable to make their orders up to \$10.00, customers would do well to acquaint their friends with this concession, so that combined orders may be sent to save cost of carriage. John Noble will be pleased to execute orders for goods of any description not quoted in their own lists, but customers will kindly understand that in these cases a sufficient remittance must be enclosed to cover cost of carriage.

Noble's Money-Saving Guide to prevailing Fashions may be obtained FREE on application to the Publishers: Family Herald and Weekly Star, Montreal.

BIRTHDAY CALENDAR

IF THIS IS YOUR BIRTHDAY

A pleasant and successful journey is prophesied for you, but risks of money and games of chance are not favorable. If you are in employ you will have an opportunity to render some service which will be appreciated substantially. Those born to-day will have talents of a high order in literary and scientific work. They will also be interested in affairs of state, and will be successful if allied with those who have practical ideas.

TO-DAY IN CANADIAN HISTORY

One hundred years ago the little village of Frenchtown, near the River Raisin in Michigan, was a regular storm centre. Its population numbered about 150 souls, but it was occupied by a little company of 30 Essex militia men under Major Reynolds, with 200 Indians. In fear of the redmen, the villagers sent to General Winchester, at the Rapids of the Maumee, to ask protection. Accordingly, on the morning of January 17th, Colonel Lewis with 550 men set out for French town. A few hours later, 110 extra men, under Colonel Allen, were sent. About 3 o'clock in the afternoon of January 18th, Lewis fell in with the British. They resisted gallantly, but, overpowered by superior numbers, were forced to retire to Brownstown, 18 miles away. Suspecting, however, that he would not long be left undisturbed, Lewis sent for reinforcements, and Winchester himself marched to his aid, bringing up the number of Americans at Frenchtown to 1,000. But when news of these movements was carried to Colonel Proctor, he took all his available force (about 500 whites and 450 Indians) and attacked Winchester suddenly before daybreak on January 22nd. Both sides lost heavily, but Proctor triumphed, capturing the American general and so many other prisoners that they far outnumbered his own force.

BIRTHDAY CONGRATULATIONS

TO
Brown, Rev. Thomas Crawford, M.A. (Toronto); born Richmond, Ont., 1874; Presbyterian pastor and military chaplain.

NATIVE SONS' DANCE WAS POPULAR EVENT

Five Hundred Make Merry at
Empress — Lieut.-Governor
and Mrs. Paterson Present

The new ballroom at the Empress hotel was thrown open for the second time last evening when Post No. 1 of the Native Sons of British Columbia gave its thirteenth annual ball, the event proving one of the most enjoyable functions of the season.

Under the personal patronage of His Honor the Lieutenant-Governor, and Mrs. Paterson, the dance passed off most auspiciously, society being well represented, and an unusually large number of smart frocks being seen. Although a big crowd of guests was present, the splendid accommodation afforded in the spacious sitting-out rooms provided so much comfort in this respect that one was hardly conscious of the unusually large number of dancers, more than five hundred of whom were present. In other respects the affair was equally enjoyable, the conversion of the big dining-room into a buffet supper-room making this feature of the entertainment delightfully free from the discomforts experienced where space is more limited. The menu provided was excellent, while a number of the Empress waiters waited on the guests. In the ballroom dance continued until after three o'clock. Rumsey's augmented orchestra leaving little to be desired in the matter of music. The leader won great popularity through his generous response to encores. The floor was in the best of condition, and excited complimentary comment from those who danced on it for the first time last evening.

In addition to the members of Post No. 1, Native Sons, who were the hosts of the evening, a great number of other guests were present. His Honor the Lieutenant-Governor and Mrs. Paterson arrived early and remained during the greater part of the evening, the latter wearing a handsome gown of maize-colored brocade with mauve and maize-colored flowers. Miss Paterson, in wisteria satin, accompanied them, the Governor being attended by H. J. Musket.

PREPARING PETITION AGAINST THE RETURN

Mayor Has No Wish to Force
New Appeal to Citizens—
Satisfied With Scrutiny

The majority protest will be placed in definite shape immediately, so that the petition may be lodged at once. Mayor Beckwith has instructed his lawyers to proceed to prepare the necessary papers, and hopes to have them in before Mayor-elect Morley is sworn in on Monday morning with the aldermen.

The mayor states that he is not anxious to have the city put to the turmoil of a new election, but that he wants the ballots cast on Thursday to be re-examined, satisfied that a scrutiny of them will declare him to have a majority of the votes cast by the electors.

ORANGE DISTRICT MEETING.

Annual Election Takes Place To-night.
—Royal Society Chapter Met
Last Night.

The annual meeting of District Two of the Loyal Orange Association, comprising seven lodges in Victoria and other island places, will be held this evening in Foresters' hall, Broad street. There are several thousand members of this association on the island now.

The annual meeting of the Royal Society chapter was held last evening, when six candidates were elected and the following officers were elected: W. C. in C. J. E. Marsh; E. C. in C. E. C. Lefebvre; chaplain, G. H. Dowell; scribe, W. C. Warren; treasurer, S. Creech; herald-at-arms, O. J. B. Lane; first lecturer, P. J. Kitley; second lecturer, A. L. Sutton; first conductor, H. Husk; second conductor, J. H. White; inside herald, J. Chute; outside herald, Thomas Argue.

Lowest temperature 16.

Average 22.

State of sky, 17; rain, 0; snow, 0.

General state of weather, fine.

HON. WILLIAM PUGSLEY BREAKS DOWN ARGUMENT OF CONSERVATIVES

(Continued from Page 1.)

The tenders were in on the 1st of May, 1911, and it was deemed advisable to take them to England for submission to the Admiralty. Accordingly, on May 11, 1911, the leader of the government and the Minister of Marine left for London and carried out this plan. They returned to Canada about July 10, and on the 29th of the same month parliament was dissolved. He did not feel that there could be any charge of tardiness in dealing with the tenders in view of the attitude which was taken and the gravity of the step.

Continuing, Mr. Pugsley said that the late government had retained the deposit of \$100,000 made by Cammell, Laird & Company, the lowest tenderers, who proposed to build the vessels at St. John. In declining to carry out the policy which had been unanimously agreed to by parliament the Minister of Marine had struck a blow at his own constituency and to Canada which it would take many years to overcome.

Dealing with the argument that vessels would become obsolete before completed, Mr. Pugsley said that if Germany, Japan or the United States had allowed this argument to prevail, they would never have built navies. At the present time, he said, all the shipyards in Great Britain are too busy to take orders, and the cost of wages has increased 25 per cent. within the past year.

Mr. Pugsley then stated that during the recess he had made a visit to Quincy, Mass., where the Fore River Shipbuilding Company constructing many of the vessels of the United States navy. He was able to ascertain that four months from the date of the purchase of the site the keel of a projected cruiser had been laid, and within four years war vessels had been put in commission. Since 1900, when the site was purchased, no less than 114 vessels have been built by this company. The total cost of the equipment was \$1,418,000, including the site, the cost was \$2,700,000. Surely this was not beyond the financial ability of the Canadian people or of a Canadian company. In all probability the C. P. R. had put more money into the Angus shops at Montreal.

Touching on the comparative cost of the construction in Canada and England, Mr. Pugsley said the Collingwood Shipbuilding Company had recently been successful in competition with British firms for the construction of a vessel on the Great Lakes. But, even if it should cost a few millions more to build the ships in Canada, it would be worth the money to create a large industry, giving employment to many people. The way to build ships in this country, he said, is to start to build them, and not to talk about it. As a sweeter to the pill of his proposal to give away \$35,000,000 the government had announced that it proposed to have certain cruisers and oil-tank vessels built in Canada. It was to be remembered, however, that Mr. Churchill had stated that the British government would give no guarantee as to the number of vessels which could be built in Canada. Without such a guarantee it would be quite impossible to

Will Sell To-day Men's Suits and Overcoats, at \$14.50. Regular up to \$25. J. N. Harvey, Ltd.

FREE!! \$200.00 IN CASH

AND 100 VALUABLE PREMIUMS GIVEN AWAY

1st Prize, \$50.00 in Cash. 3rd Prize, \$25.00 in Cash.

2nd Prize, \$40.00 in Cash. 4th Prize, \$25.00 in Cash.

5th to 9th Prizes, each \$10.00 in Cash.

Write these nine words plainly and neatly, as in case of ties, both writing and neatness will be considered factors in this contest.

This may take up a little of your time, but as there is TWO HUNDRED DOLLARS in cash and One Hundred premiums given away, it is worth your time to take a little trouble over this matter.

Remember, all you have to do is to mark the faces, cut out the picture and write on a separate piece of paper the words, "I have found all the faces and marked them."

We do not ask you to spend one cent of your money in order to enter this contest.

Send your answer to: we will reply by Return Mail telling you whether your answer is correct or not, and we will send you a complete Prize List, together with the names and addresses of persons who have received prizes over One Thousand Dollars in cash.

Prizes from us, and full particulars of a simple condition that must be fulfilled. (This condition does not involve the spending of any of your money.)

Winners of cash prizes in our late competitions will not be allowed to enter this contest.

This competition will be judged by two well known business men of undoubted integrity, namely,

THE CITY MARKET

The general tendency in the price of meats is upward rather than downward, and the markets point to an emphatic increase in the price of beef, mutton and pork in the next few days. Prices of other products remain much the same. Corn and Salt Spring butter, however, showing a slight decrease at 40 and 45.

TWO SALES REPORTED BY STOCK OPERATORS

Inland B. C. Gold Stock Remains Leader of Issues Listed at Victoria

(By F. W. Stevenson & Co.)
Victoria, Jan. 18.—Under the leadership of Coronation Gold prices on the local stock exchange have manifested a decided turn for the better in the past few days. There was further activity to-day, although only two sales were recorded. The small lot of Coronation at sixty cents is the highest price this issue ever sold. International Coal remains at 35¢ 1/2, and strength during the past week has been due primarily to lack of offerings. Others of the list have shown better action, with the standard security issues amongst the most firm. Such miners as Nugget, Rambler and Standard Lead, all of British Columbia, have shown a hardening tendency, although the latter has little movement any time.

OPPOSITION ACTIVE
THOUGH SO SMALL
WHO WILL COMPOSE
NEW COMMITTEES?QUESTIONS TO BE ASKED
OF FINANCE MINISTERNotices of Motion Have Been
Filed by Both Socialist
Members

Even thus early in the legislative session indications go to show that the opposition, which consists of but two Socialist members, makes up in combativeness and energy whatever it lacks in the way of numerical strength. Notice of motion has been filed by both J. C. Place, the member for Nanaimo, and Parker Williams, Newcastle, for questions to be put to the finance minister of the government on Tuesday next. The question which is to be asked by the member for Newcastle is as follows:

What amounts were paid to the Colonist Printing & Publishing Company during the financial year 1911-1912 for (a) lithographing, (b) advertising, (c) papers, (d) all other services? On the same day Mr. Place will also present questions to the minister of finance:

(1) What amount was paid during the period April, 1912, to January, 1913, to E. A. Hoskins, Nanaimo, for livery and horse hire?
(2) What amount was paid for the same services during the same period to A. Combs, Nanaimo?
(3) What amount was paid for the same services during the same period to A. and B. Livery Barn, Nanaimo?

OBITUARY RECORD

The remains of the late Thomas Michael were shipped to San Francisco yesterday afternoon by the Victoria Undertaking Parlor. Interment will be at San Francisco.

The funeral of the late Harry Mero, whose remains were found this morning in the harbor near the Puget Sound mills, will take place on Monday. Full arrangements have not yet been completed.

The funeral of Baby Shaw, infant son of Mr. and Mrs. Hugh Shaw, who died yesterday, took place this morning from the Hanna-Thompson parlors at 11 o'clock. Rev. E. G. Miller officiating.

The death occurred yesterday afternoon of Edward MacDonald, only child of Mr. and Mrs. Andrew MacDonald, of Esquimalt road. The child was twenty-one months old, and was born at Esquimalt, B.C., where his parents formerly lived. The funeral will take place to-morrow at 2 o'clock from the family residence, Rev. Dr. Campbell officiating.

In one year an average man's heart pumps 11,000,000 pounds of blood.

TOO LATE TO CLASSIFY

REAL ESTATE AGENTS—Pending completion and delivery of copy of Saanich assessment roll, subscribers may search same at my office. A. M. Jones, stenographer, 304 Hibben-Bone Block.

Speculation Centres on Personnel of Various Civic Committees

Principal among the topics of discussion round the city hall to-day is the personnel of the new standing committees, and more particularly the chairman. The finance and streets committees are the most important, and those most eagerly desired, although the parks, fire wardens, light, sewers, and health committees are also important. The statutory meeting of the council will be held on Monday, at which a decision on this point will be reached as soon as the aldermen have been sworn in before a county court judge.

The first business of the council will be to introduce the annual loan by-law, which provides for the raising of sufficient sums to carry on the business of the corporation until the taxes come in at the end of October. There will also be a number of tenders for supplies, which have to wait until a new council takes office before any contracts can be awarded.

The financial situation, however, is the most important one which can occur at the meeting of the new council, for it is impossible to inaugurate new works till the money is forthcoming. It is certain that an effort will be made to keep the comptroller's department in closer touch with the works department, so that work will not be inaugurated till the necessary funds to provide for it are available.

TRANSCONTINENTAL
HIGHWAY PROGRESSES

Hope Resident Reports Bridge Completed on Hope-Princeton Route

"The Hope-Princeton link in the Canadian national highway is progressing at a good rate, three-and-a-half miles of road up Silver Creek from the Yale road have been completed, and the bridge across Silver Creek is finished. The bridge is of a high truss type with two 60-foot spans and a width of 20 feet. The road built so far has involved some very heavy rock work; but when it is completed it will make one of the most magnificent scenic routes in the world." Captain W. H. Blyth, of Hope, the speaker, is a much-travelled man, and he is decidedly enthusiastic on the possibilities of the new highway.

A resident of Hope, where the link commences, he stated to the Times, at the Empress Hotel this morning, that that town is very prosperous at present. Development work on the Aufass gold mine, near Hope, is progressing now, that the necessary capital has been secured, a road is being built into the property and shipping will begin this spring.

Assurances have been given that work will be commenced this year on the rail and highway bridge across the Fraser, which will be used by the Kettle Valley Railway Company and the Great Northern.

The Kettle Valley Railway survey party has arrived at Hope, completing the location work on the Coquahalla River. This party, of which C. J. Seymour is engineer, commenced working from the Coquahalla summit last July after completing the location of the 12 miles from the Coldwater loop to the summit, which road is now being rapidly constructed by Twohy Bros. According to recent announcements by Sir Richard McBride, the Coquahalla railway line will be used jointly by the Vancouver, Victoria and Eastern, and Kettle Valley Railway, and as Hope is the terminus and active construction is to commence very soon preparations to cope with the resultant business are being made by Hope merchants.

Steel-laying on the Canadian Northern Railway, Captain Blyth says, has been completed as far as Yale. Work had to be discontinued there for some time on account of an unexpectedly excessive snowfall. As soon as possible work will be resumed.

ROYAL COMMISSION CLOSES.

Final Evidence Taken at Board of Trade Rooms This Morning.

This morning before the commission on agriculture Mr. J. J. Shalloo gave additional evidence. His strongest suggestion was in regard to the construction of roads which could be utilized by motor vehicles for transporting freight. He is very dubious as to the possible success of civic markets, believing that the cost of living in all cities in a transitional stage must necessarily be somewhat higher than usual. In regard to advanced settlers he thought that it would be difficult to get money under six or seven per cent.

Mr. E. J. Robinson this morning outlined a scheme of government paternalism, suggesting that twenty acres should be prepared for settlers and when taken up, money advanced to finance the farmers. He strongly urged reduction in pre-emption from 160 to 20 acres, as he asserted 20 acres is enough for anyone to farm.

Yesterday afternoon Mr. Ernest McGaffey spoke for the Vancouver Island Development League, urging home to settlers and closer settlement of Vancouver Island.

Chief Commissioner Hayward suggested to the Board of Trade that he have a discussion with bank managers on the financial questions and submit a further report for the commission.

Collier—On 18th inst., Thomas Michael Collier, a native of England. The funeral will take place from the Victoria Undertaking Parlor on Saturday, at 2:30 p.m.—Bride will please accept this intimation.

Williams—On the 17th inst., at the Victoria Private Hospital, to Mr. and Mrs. W. T. Williams, a daughter.

MARRIED.

JELFS-VINCOMBE—On Thursday, January 16, at St. Barnabas church, Victoria, B. C., by the Rev. E. G. Miller, Mary Ellen Jelfs to James Vincombe, both of Victoria.

DIED.

COLLIER—On 18th inst., Thomas Michael Collier, a native of England. The funeral will take place from the Victoria Undertaking Parlor on Saturday, at 2:30 p.m.—Bride will please accept this intimation.

Williams—On the 17th inst., at the Victoria Private Hospital, Jenn, infant daughter of Mr. and Mrs. W. T. Williams.

Funeral Saturday, at 11 a.m., from the B. C. Funeral Company's chapel, to Ross Bay cemetery.

on its action after touring the interior. This was agreed to and it is probable that there will be a discussion of the matter in the near future.

The many friends of Rev. Dr. Reid will regret to hear that he is confined to St. Joseph's Hospital suffering from a severe cold.

Mrs. Bowman, of New York city, is visiting her daughter, Mrs. Fred Mosby of Bellevue Apartments, Oak Bay, and anticipates remaining here for the next two months.

FITZMAURICE GETS
SOME SOUND ADVICECharge Dismissed but Accused
Warned Against Close
Sailing

In dismissing the charges against J. L. Fitzmaurice of attempting to obtain money by false pretences, Magistrate this morning, handed some wholesome advice to the young man under accusation.

"You are sailing very close to the wind," said His Worship. "Another magistrate might have come to another conclusion and sent you to jail. I advise you to drop this attitude of company promoter and financier and take off your coat and get to work. There is plenty of room in the country for men who work but none for others. Don't go into restaurants in future and order four dollar meals when you haven't the price of a 50 cent lunch in your pocket."

Crown Attorney Harrison called the waiter who took Fitzmaurice's cheque at the Westholme hotel and showed that Fitzmaurice asked for change but did not wait until it could be obtained. The full details of his accusation with the Bankers' Trust Corporation were gone into by the manager, Mr. Simpson, under examination by the crown attorney and cross-examination by F. C. Elliot, counsel for the accused. It was shown that in the last two and a half months Fitzmaurice had had many transactions such as the one on which the charge was brought and in every case he had deposited the money to meet the cheque sooner or later. No evidence for the defence was submitted.

THIEF STEALS ALTAR
JEWELS FROM CHURCH

Port Townsend, Wash., Jan. 18.—A thief, mistaking the imitation-jewels in the altar decorations of the Catholic church for genuine stones, entered the building and carried them away. The value of the stones stolen is about \$50. The act of the thief spoiled the decorations, which were presented to the church about two years ago by Captain McIntyre, U.S.A., stationed at Port Townsend.

On Monday night the C. P. R. steamers, Capt. Gilliam, will clear for Hobbart and other west coast ports. A number of passengers will leave on the vessel and she will also have more or less cargo.

GOATS ADMITTED AS

PART OF U. S. ARMY

Wanted to Eat Grass Which Brings Mosquitoes That May Take Malaria Elsewhere

Washington, D. C., Jan. 18.—By an opinion given by the judge advocate-general of the army it has been decided that goats legally may be enlisted in the military service of the United States, and a squad of them will be established.

Goats are desired at Fort Washington, Md. There has been much malaria there and the scheme was hit on of having the goats turned loose on the post reservation to eat long grass up which it is believed fosters mosquitoes which carry the disease.

It was feared the war department lacked authority to spend money for the purchase of goats. The situation was unprecedented and a legal opinion was asked. The ruling now is that goats may be purchased if the money is taken from the appropriation for the care and maintenance of grounds at Fort Washington.

Goats are desired at Fort Washington, Md. There has been much malaria there and the scheme was hit on of having the goats turned loose on the post reservation to eat long grass up which it is believed fosters mosquitoes which carry the disease.

BRIAND IS ASKED TO
FORM FRENCH CABINET

Minister of Justice in Poincaré Government Promises Early Reply

Paris, Jan. 18.—President Faillieres today invited Aristide Briand, the minister of justice, to form a cabinet in succession to the retiring ministry, caused by the election as president of Premier Poincaré.

The president, following the usual custom, consulted with Antonin Dubost and Paul Deschanel, president of the senate, and president of the chamber of deputies respectively, before offering the task to Mr. Briand. After a talk with M. Fallières, M. Briand replied that he would consult his political friends and give the president a definite answer to-morrow. M. Briand's attitude is assumed generally to favor his acceptance of the premiership.

Esther Leon Bourgeois, minister of labor affairs, will be asked, it is understood, to take the foreign portfolio in the new ministry.

SUBMARINE SUNK.

Long Beach, Cal., Jan. 18.—Shifting ballast caused a new type of submarine boat, built by a Los Angeles concern, to fill and sink to-day when it was launched for trial.

The vessel is seventy-five feet long and cost \$44,000. It turned on its side when it reached the water and sank in four fathoms.

Dr. Emyln Jones, the Essex district medical inspector, has established the fact that in one village in the county 102 out of 108 children attending the school are closely related to each other.

His Worship, Mayor
Beckwith

Wishes to thank the electorate for the large vote and splendid support they accorded him on the 16th inst.

TO THE ELECTORS OF
VICTORIA

Mrs. MARGARET JENKINS wishes to thank the electors for the support of their confidence in and appreciation of her past efforts as School Trustee, as evinced by the splendid vote cast for her on Thursday last.

On Monday night the C. P. R. steamers, Capt. Gilliam, will clear for Hobbart and other west coast ports. A number of passengers will leave on the vessel and she will also have more or less cargo.

THANKS

To the Electors of Victoria, B. C.: Ladies and Gentlemen,—I wish to tender my sincere thanks to all those who so generously supported me in my election on Thursday and to assure them of my appreciation of their good will. I wish particularly to thank the workers of the city who so largely helped to give me such a large vote for their valued confidence and support.

Yours faithfully,
HERBERT CUTHBERT.

To the Electors

Ladies and Gentlemen: I desire to thank all who so kindly supported me in the recent election.

HERBERT W. DAVIES.

Ladies and Gentlemen: My sincere thanks for the magnificent vote you polled in my favor yesterday.

MUNICIPALITIES

ELECT OFFICERS

POLLING AROUND CITY DURING DAY

Keen Contest for Reeveships in Oak Bay and Esquimalt—Good Roads in Saanich

The municipal elections for the district of Oak Bay, the township of Esquimalt, and the municipality of Saanich are taking place to-day. The electors have some important by-laws to endorse, as well as to elect officers.

Oak Bay.
In Oak Bay the Voters' League has a full slate, F. M. Rattenbury, the architect, is appealing and is opposed by former-Magistrate William Henderson, also an architect by profession, who is supported by the Ratepayers' League. Councillors J. H. McGregor, F. B. Pemberton and J. Brown, of the late council, are standing for re-election, and Ex-Councillors Noble and Hargreaves are leading the other side. A full turn-out is expected with the improved climatic conditions.
There is no opposition for the school board, H. S. Lott having withdrawn in favor of the retiring candidates. An important by-law, however, for another school is before the electors entitled to vote on money by-laws. It is for an eight-roomed ferro-concrete school on Monterey avenue, costing \$10,000 to the ratepayers, the balance being met by a government grant. H. F. Pullen is returning officer, and the poll is held at the schoolhouse.

Esquimalt.
The election in Esquimalt has been concentrated in the poll for reeve. The retiring head of the council, C. H. Laurin, is opposed by J. R. Saunders, a well-known realty man. The Voters' League has been canvassing on the latter's behalf, and is also taking a hand in the contest in Ward One, where the only opposition has developed. There was a very warm campaign meeting last evening, in which personalities were freely indulged in by candidates and their friends. Polling is taking place at the Soldiers' and Sailors' Home, Admiral's road, the municipal clerk, Thomas Sheppard, being returning officer.

Saanich.
The contest in the municipality of Saanich has been confined to the paving programme of the council, which takes the form of a by-law providing for the borrowing of \$250,000 for paving purposes. There was a meeting last evening in Ward Two at which the principal speakers were Reeve Nicholson and Councillors McGregor and Borden. The reeve was returned unopposed on Monday for a fourth term, but three of the wards are being fought. There is also a contest for the trusteeship.

The contest in Ward Three, where there are three candidates, is probably the most keen. Sidney Williams, the well-known land surveyor, is opposing Councillor Hill. Mr. Williams has been prominent as the prime mover in a scheme to carry Shelbourne street through from the city limits to Mount Douglas Park as a 100-foot street, and to have all land-owners in subdividing their property, allow for the construction of this street under the local improvement plan. Councillor Dunn expects re-election in Ward Four, where Joseph Freeman was placed in nomination against him. In Ward Five there will be a fight between Councillor Quick and A. J. Daly. Polling is taking place in each of the wards, and the result will be declared at Royal Oak to-night by Returning Officer J. R. Carmichael.

SHILOH CURES COUGHS & COLDS

STATE HAS SUFFERED

NO LOSSES ON LOANS

AID TO FARMERS HAS PROVED GREAT SUCCESS

System in State of Victoria, Australia, Has Operated Sixteen Years

"In sixteen years' experience in advancing money to settlers to enable them to acquire and clear land on which to settle, during which time they have loaned over eleven million sterling, the government of the state of Victoria, in Australia, has had no losses, and at the last report only a few were in arrears for interest, and their aggregate liability was only £68. The system is slightly different from the credit foncier, which is such a feature of the national life in France, but is equally successful. "The foregoing statement was made to the Times this morning by Mr. Alex. Lucas, member for Yale in the provincial assembly, and one of the commissioners on agriculture, which held sessions in Victoria yesterday and to-day.
"In the state of Victoria," Mr. Lucas continued, "the system is managed by a commission of five. From time to time the commission issues bonds and debentures, which are guaranteed by the government. The money received from the sale of bonds is available for loans to farmers in sums of from £50 to £200 for making permanent improvements on their lands, the loans not to exceed sixty per cent. of the value of the security offered. The terms of repayment may vary from one to thirty years' time. A loan for thirty years is paid for at the rate equal to six per cent., which covers interest and sinking fund; so that in thirty-one and half years at six per cent. the entire principal is repaid. Four and a half per cent. is charged as interest, and a half per cent. makes the sinking fund. In some cases none of the principal is payable for the first five years, the borrower merely paying interest on his loans, and after that the additional one and a half per cent. is put on."
"In New Zealand, however," the commissioner proceeded, "the loans are now handled by officers of the department of agriculture and finance. "Formerly it was under a commission as in Victoria. The appraisers of properties on which it is desired to secure a loan from the government are officers appointed by the commission, and approved by the government, and they are selected from the best loan companies in the country. The practice of advancing money to settlers first came into force in Victoria in 1896. I see from the reports for the last financial year that there were only three mortgages in arrears, and there have been no forfeitures at all. The commission borrows the money at three and a half per cent., and adds one per cent. to that when loaning to cover the cost of administration. In the latest reports there is a net surplus on hand of \$55,000; which shows that with economic administration the one per cent. more than covers the cost of operation. It was not long until the scheme was adopted by all the Australian states and New Zealand followed suit.
"A feature of the New Zealand system which it would not be advisable to adopt here—which we couldn't anyway, as it is a Dominion matter—since the system has been administered by the government, is that savings offices have been opened in connection with the loan work, corresponding to the postal savings bank in this country. But what we might profit from is the introduction of a system of loans to laborers, by which enough money was advanced to miners and others to enable them to buy a plot of ground at a lower rate than their usual weekly rent. This has proved highly successful. Fifteen years is the time allowed for payment, but it has been found that the greater proportion pay in less than that time. All these matters," Mr. Lucas concluded, "will be thoroughly studied by the commission and reported upon."

"THE SHRINE OF FASHION"

Drastic Deep-Cut Prices For Just Eleven Days More

(See To-morrow's Colonist)

Commencing Monday and continuing for eleven days, prices will be deep-cut regardless of our great loss to ensure a quick and entire disposal of all Winter merchandise. Carrying such an exclusive and extensive up-to-the-minute stock of Ladies' Outfitting, it enforces us to effect a quick clearance, and the drastic prices we offer will quickly do so, to make room for fast advancing spring merchandise. Visit our store early next Monday and save 20 to 50 per cent of your purchase money.

Stupendous Prices on Ladies' Suits, Coats, Dresses, Raincoats and Furs

All Suits featured at three quick clearance prices of \$9.75, \$15.00 and \$19.50; with four prices on attractive dresses at \$9.75, \$19.75, \$24.90 and \$35; and quick disposal prices on all raincoats at \$9.75. Also balance of all our high grade furs at exactly half a regular price.

Quick Disposal Price on Millinery

If prices will enforce this you will find them in this section that will startle you: \$15, \$20 and \$25, and even \$30 hats marked now for quick disposal at \$5.95; with all \$5, \$10 and \$12.50 hats for quick disposal at \$2.45; then at half price we offer all velvet and ostrich trimmed and model hats, also entire clearance of all fancy mounts at exactly half.

Second Week of Muslinware Sale

Beginning with just such enthusiasm as that of last week, entire price reduction of all fine, crisp, new Undermuslins, including French Lingerie, comprising all the most wanted Undermuslins and sizes. But shop early, as some lines will not remain long at the prices we are asking. Visit this department Monday.

DEVISE CARNIVAL PROGRAMME.

Grand Opening Ceremony Monday Morning is One of Features.

A suggested skeleton programme for the Victoria carnival week was drawn up yesterday at a meeting of the sport committees of the various associations connected with the event. An opening ceremony at the Parliament buildings on Monday morning, at which massed bands, a school children's chorus, and all the dignitaries of the city and province will be present, was discussed. The programme which follows is merely tentative and does not contain all the events that will feature the occasion.

Monday, August 5.—Morning: Opening ceremonies in front of the Parliament buildings. Afternoon: Water events at the Gorge. Evening: Public reception, band concerts, illumination of Beacon Hill park.

Tuesday, August 6.—Morning: Yacht races, water events. Afternoon, tournament, one band. Evening: Tournament, all bands, theatrical.

Wednesday, August 7.—Morning: Athletic sports, sports committee. Afternoon: Water events, fire department contests. Evening: Musical festival, hotel dances.

Thursday, August 8.—Morning: Water events, sports, marathons. After-

noon: Tournament, one band. Evening: Tournaments, all bands. Friday, August 9 (civic holiday).—Morning: Parade, all bands. Afternoon: Pageant, Beacon Hill Park. Evening: Tournament, all bands, pageant, arena.
Saturday, August 10.—Morning: Water events, finals. Afternoon: Tournament, one band. Evening: Carnival, illuminated boat procession, lantern parade.
Presentation of prizes, Saturday, 6.30 to 8 o'clock.

KNIGHTS OF COLUMBUS BALL.

Social Event on January 29 is Expected to Surpass Previous Dances.

One of Victoria's annual social events, the Knights of Columbus ball, will this year be given at the Alexandra club, Wednesday, January 29, under the patronage of His Honor, Lieutenant-Governor and Mrs. Patterson, and Sir Richard and Lady McBride. A feature of the ball will be a sit-down supper, for which both the tearoom and cafe will be utilized. A ten-piece orchestra, under the leadership of Bantley and Nagel will furnish the music. The Knights intend to outdo themselves this year and if past affairs are to be taken as a criterion, a most pleasant evening is in store for the dancers.

MOVED

Butler's furniture store has now moved to

Esquimalt Road

Between Head and Rithet streets, and are now showing a fine selection of Carpets, Rugs, Rockers and Morris Chairs suitable for Xmas presents.
